The Way To Wholeness Lessons From Leviticus:

The Way to Wholeness Ray C. Stedman, 2015-04-20 The story of God's relationship with the people of Israel offers many lessons to help you understand who God is and how you can be whole and complete in Him. Just as God responded to the brokenness of the people of Israel, He wants to work in the lives of people today. In *The Way to Wholeness*, Ray C. Stedman guides you through the book of Leviticus. This practical, in-depth study takes a closer look at the Old Testament's rituals and directives for holy living. No matter what's going on in your life, you can follow the path that leads to truth, wisdom, and clarity; you can discover God's standards and experience His power to heal and restore.

Blood Moons Rising Mark Hitchcock, 2014 Has the final countdown to the end days begun? Are the heavens telling us we are nearing the end? Astronomers have noticed it is coming. Historians have noted its significance. In 2014 and 2015, there will be a phenomenon in the skies of four blood moons falling during Jewish feasts. This has only happened three times in recorded history: 1493-94, 1949-50, and 1967-68. Each time these dates have had extraordinary significance for the Israelites. From the discovery of the New World to the creation of modern-day Israel, these years of the four blood moons have truly been turning points in history. Bible prophecy describes the moon being darkened and turned to blood. What is the significance of these signs in the skies? What will the future bring? Prophecy expert Mark Hitchcock guides you through the relevant Bible passages so you can understand the times in which you live.

Biblical Studies on the Internet Roland H. Worth, Jr., 2008-09-18 The new edition includes more than 4,800 resources available at more than 10,000 Internet sites that provide information on a range of biblical study topics, including Bible translations in English and other languages, audio translations of the Bible in English and other languages, commentaries, dictionaries, and other resource materials, including ones in Greek, Hebrew, and other ancient languages. The author also has adopted a new method of referencing and cataloging the most widely used web pages to facilitate a major expansion of resources without increasing the physical length of the book itself. In cases when ten or more resources are listed on a single web page, the author has assigned the web page a three-digit code. The code is used to identify this web

page as a major resource within the main text while any needed instructions for use of the site are cross referenced separately in the final chapter In adopting this concise method the author was able to add hundreds of additional or updated web resources a surprising number of which can be downloaded onto a hard drive for immediate and continued use
