The Trickster, Magician & Grieving Man Glen A. Mazis,1993 **The Masculinity Conspiracy** Joseph Gelfer,2011-08-14
What if the biggest conspiracy in human history had gone completely unnoticed What if that conspiracy was responsible for some of the biggest problems the world faces today Wouldn't you want to know Wouldn't you want to do something about it Well guess what You can The Masculinity Conspiracy argues that nearly every assumption about masculinity in contemporary society is wrong The result is nothing short of exposing a worldwide conspiracy that has been preventing humanity from reaching its fullest potential *Earthbodies* Glen A. Mazis,2012-02-01 *Earthbodies* describes how our bodies are open circuits to a sensual magic and planetary care that when closed off leads to disastrous detours such as illness dis ease and toxicity In doing so it answers a variety of questions Can we understand our bodies without understanding how they are part of a rhythmic flow with the rest of the planet How can we decide how to treat the animals around us when we fail to realize the nature of our kinship with them Without hearing the voices of the earth rocks and ocean waves how can we dialogue with the planet or understand ourselves Why are we so fascinated with film versions of nightmarish ghouls and vampires How can celebrities impact more on our lives than our own families What kind of human connection can we expect from the Internet How is it that some of our adolescent boys shoot down their schoolmates Despite our apparent cynicism is our culture overly sentimental What kind of ethics would help us find a moral way to achieve an inclusive global community and cherish the environment **Wild Hunger** Bruce Wilshire,1999-10-27 Why is it that even amidst affluence and power our culture is plagued by a variety of addictions In this pioneering work Bruce Wilshire searches for answers by giving serious attention to our genetic legacy from our hunter gatherer ancestors as well as to the unique ways we adapt to our environment through the practice of science and the creation of art and cities The work considers remedies for specific addictions including drugs alcohol cigarettes and gambling suggesting that wilderness exploration in the arts myths and ceremonies can help us rediscover what it means to be human creatures Bringing together the insights of philosophy religion cultural anthropology behavioral biology and the vast socio medical literature on addiction Wilshire ingeniously explores the limits of our adaptive capacity and the costs of depleting the natural regenerative functions of the body **The Quest** ,1994 **Yoga Journal** ,1994-05 For more than 30 years Yoga Journal has been helping readers achieve the balance and well being they seek in their everyday lives With every issue Yoga Journal strives to inform and empower readers to make lifestyle choices that are healthy for their bodies and minds We are dedicated to providing in depth thoughtful editorial on topics such as yoga food nutrition fitness wellness travel and fashion and beauty *The Tricker is History* Carter Thomas Meland,2002 *Book Review Digest* ,1996 **Disenfranchised Grief** Kenneth J. Doka,2002 This book focuses on the kind of grief that is not openly acknowledged socially validated or publicly mourned It addresses the unique psychological biological and sociological issues involved in disenfranchised grief The contributing authors explore the concept of disenfranchised grief help define and

explain this type of grief and offer clinical interventions to help grievors express their hidden sorrow Sexualities and Popular Culture Carl B. Holmberg, 1998-03-09 Sexualities and Popular Culture is a fascinating exploration into the study of popular culture and its influence on how we perceive the endless varieties of the sexualized human presentation of self in everyday life Author Carl B Holmberg presents a short history of the notion of popular culture and communication giving clear definitions and generous examples that illustrate the evolving portrayal of human sexuality Holmberg gathers evidence from the popular inherent in all aspects of our culture from familiar sources such as books film magazines and television to less common ones such as prehistoric texts sports and everyday popular practices to explain how pervasively popular culture communicates sexuality to us and through us This book is also highly recommended as supplementary reading for upper division undergraduate and graduate students studying popular culture gay and lesbian studies sociology and mass communication Carl B Holmberg s Sexualities and Popular Culture is one of the most important works in the field of cultural studies published in recent years Well written in its analysis wide ranging in its discussion and containing numerous gems of insight on a topic rarely approached Holmberg s study is a must read for anyone seriously interested in the social dynamics of our culture Gary Hoppenstand Michigan State University **Journal of the Philosophy of Sport** ,1995

Merleau-Ponty Véronique Marion Fóti, 1996 Although the three sections contain essays written from a wide spectrum of viewpoints they emphasize respectively the important connections of Merleau Ponty s thought to that of Derrida and Levinas the Husserlian heritage and complex implications of his philosophy of material existence and the relation of his philosophy of painting to contemporary abstract art A distinguishing feature of this collection is its emphasis on contemporaneity
