shedding light upon the story's ending She states I really believe that every reader creates his her own book bringing to the written words their own experiences dreams wishes passions For me to explain everything from my own viewpoint limits that experience for the reader Regardless of the interpretations Lowry seems to have fashioned many of her novels with certain concepts in mind As she says My books have varied in content and style Yet it seems that all of them deal essentially with the same general theme the importance of human connections She has stated that The Giver speaks to the same concern the vital need of people to be aware of their interdependence not only with each other but with the world and its environment buy the book to read more Lois Lowry Chris Bowman,2016-01-01 By writing about real life topics for children in her
