The Vertical Mosaic Revisited The Vertical Mosaic Revisited:

The Vertical Mosaic Revisited Richard Charles Helmes-Hayes, 1998-01-01 When The Vertical Mosaic first appeared in 1965 it became an instant classic Its key message was that Canada was not the classless democracy it fancied itself to be In fact Canada was a highly inegalitarian society comprising a vertical mosaic of distinct classes and ethnic groups This collection of papers by five of Canada s top sociologists subjects John Porter s landmark study to renewed scrutiny and traces the dramatic changes since Porter s time both in Canadian society and in the agenda of Canadian sociology Based on papers written for a conference held in commemoration of the thirtieth anniversary of The Vertical Mosaic s publication the five essays revisit the central themes of the original work including gender and race inequality citizenship and social justice and class power and ethnicity from the viewpoint of political economy An introduction by the editors provides a historical biography of Porter and discusses his influence on Canadian sociology *The Vertical Mosaic Revisited* Philip Resnick, 1971

Beyond Binaries and Polarization? Elke Winter, 2025-06-30 This book explores what lies between the statuses of insider and outsider in immigrant nations It asks Who is conditionally included excluded in relation to whom and for what reasons What does this conditional inclusion exclusion entail in terms of citizenship material resources and sense of belonging How does it affect the cultural and economic well being of refugees migrants and the host society The focus is on Canada which is often described as the quintessential immigrant nation The chapters in this book provide new insights into several hotly contested issues the overlapping cultural and economic logics of nationalist inclusion exclusion the growing prevalence of temporary and two step migration regimes the importance of cities in managing multiculturalism the need to disaggregate minority groups and the intersections of race class and gender in narratives of nationhood By shifting the focus of research from us them binaries to the study of relational inclusion exclusion involving three or more actors or groups this book highlights the often overlooked conditionality and temporality of immigrant inclusion the messiness of policies aimed at ethnic diversity and the uneven distribution of attitudes among members of minority groups This book will be valuable for scholars students and policymakers in the fields of sociology political science migration studies and Canadian studies The chapters in this book were originally published as a special issue of *Nationalism and Ethnic Politics* and are accompanied with a new Foreword a comprehensive glossary and critical engagement questions *The Measure of Canadian Society* John Porter, 1987-01-01 Vertical Mosaic In this book are gathered ten of his outstanding essays written over a period of twenty five years Porter s well known ex student Wallace Clement provides the introduction for this volume and Richard Helmes Hayes has compiled an updated bibliography of writings by and about John Porter Profiles of Canada Kenneth G. Pryke, Walter C. Soderlund, 2003 This third edition of Profiles of Canada combines depth breadth sophistication and readability to offer the student a comprehensive introduction to Canadian society The editors have brought together contributions from a wide range of disciplines to create a fascinating overview of the various facets of Canadian life and

culture The text includes aspects of the Canadian experience not usually found in introductory texts The inclusion of a short story by Alistair MacLeod for example is an innovative departure from the academic writing of the other chapters and provides the student of Canadian society with a sample of the finest in contemporary Canadian writing Editors Dr Kenneth Pryke and Dr Walter Soderlund have carried out a successful update of the earlier editions of this well respected text Aspects of Canada explored in this new edition include regionalism the North demography ethnicity culture and sport

Multiculturalism and Immigration in Canada Elspeth Cameron, 2004 Multiculturalism in Canada offers a solid introduction to the history and development of the ideology of multiculturalism in Canada This ideology which has become the primary designator of Canadian society began in the early 1970s when vocal elements in the population who were neither English nor French strongly responded to the investigations of the Committee on Bilingualism and Biculturalism Given Canada's early racist tendencies the establishment of multiculturalism was a remarkable shift in public thinking Many issues associated with immigration have arisen in the public debates around multiculturalism Some people are convinced that it is a pernicious ideology that enforces the ghettoisation of those different from the mainstream Others see dangers in the way some aspects of multiculturalism are merely tokens of an all inclusive society Still others contend that the voices of ethnicities aside from those of the two charter groups English and French are scarcely heard and that worse those marginalised voices are appropriated by mainstream writers On the whole however Canadians especially younger Canadians welcome a liberal outlook that is inclusive of a wide variety of ethnicities For them and for many immigrants Canada is a society that is multiple and layered one rich in meaning They tend to see Canada as a microcosm of the larger world one that presents a useful model of tolerance for the world at large Increasingly marginalised new Canadians are excelling in the arts communities telling all Canadians what various aspects of the culture shock of transplantation feels like This book includes a representative sample of their works

Class and Race Formation in North America James W. Russell, 2009-01-01 Russell's meticulously researched and highly detailed book presents a critically important people's history of North America It provides rich insights and demonstrates the potential of comparative research to broaden our perspective Dan Zuberi University of British Columbia

Recalling Aotearoa Augie Fleras, Paul Spoonley, 1999 Cultural and national identity have changed dramatically in New Zealand during the latter part of the twentieth century with the emergence of policies on biculturalism the development of new immigrant communities and the increased focus on the Treaty of Waitangi and the settlement of treaty claims Recalling Aotearoa examines why these changes have occurred and considers the new directions for New Zealand as a nation

Resetting the Kitchen Table Christopher C. Parrish, Nancy J. Turner, Shirley M. Solberg, 2007 This book examines the history of health diet and nutrition with a particular focus on the issue of decreasing food security in places where once stable food webs have suffered radical shock as have the cultures of human communities which have always been interdependent with now endangered food sources This volume came into being as one output from a large federally funded collaborative research program involving over 80 researchers and students from both Atlantic and Pacific Coasts of Canada Coasts under Stress Two meetings of contributors were called specifically to work on this writing project All writers were present at both meetings and all writers saw and critiqued early drafts of all chapters *Thematic Entries* Gabriele Pietro Scardellato, 1996 **(Social) Democracy in the Blood?** Carly Elizabeth Schall, 2008 **Police, Race and Ethnicity** Brian K. Cryderman, Augie Fleras, Christopher N. O'Toole, Ontario Committee for the Standardization of Police Education in Race and Ethnic Relations, 1998 This guide for law enforcement officers in Ontario is intended to provide some understanding of the multicultural reality of policing in Canada and to lessen mistakes through cultural ignorance Section one deals with key sociological terms theories terminology and concepts relating to race and ethnic issues Section two discusses the pros and cons of the multicultural nature of Canadian society and the trend towards a community policing model of enforcement Part three gives a profile of seven minority groups providing a history language family religion and heritage background for each to give police a better understanding of the community *Race and Ethnicity* Leo Driedger, 2003 This book examines ethnic pluralism and industrialization as well as theories of ethnic change such as assimilation amalgamation and the ethnic mosaic Chapters also deal with class socio economic status and the segregation of minorities These aspects set the book apart from competition in the purely multicultural camp **Journal of Canadian Studies** , 1977 **Atlantis** , 1997
