The world s most globally informative activity Model UN MUN is more than 50 years old yet there has never been a book or reference written to explain the process of MUN in a clear and concise fashion readable for a high school student until NOW It is called MUN E pronounced money and it is a strategy guide for Model UN educating students on how to portray true value to a room of strangers other delegates who are seeking a strong leader to show them what to agree on After coaching and advising a public high school into Best Delegate s national rankings for multiple consecutive years Eugene Geis and Anthony White had met enough fresh new advisors and delegates seeking guidance to master this academic competition Their book is already in more than 10 countries proving that leadership can be taught and it is not merely a result of knowledgeable students promoting consistent international policy It is rather a combination of a strong charismatic presence confidence in one s own ability to communicate and a personality that exudes tendencies towards rapport compromise and effectiveness This is the true power behind the Diplomat This book first breaks down the technique for developing a strong presence in and out of committee It is called Social Intelligence Second they deconstruct the types of delegates encountered at a typical Model UN conference from the newbie to the gavel hunter Each type of delegate has positive and negative consequences that require a competitor s attention when forming new alliances Next MUN E shows the reader the philosophical background of arguments creating a structure that allows a delegate to sculpt any disagreement into a compromise The sixth chapter shows how to apply these arguments to any of TWELVE award winning strategies that can be used to solidify a delegate s leadership in any committee These strategies are drawn from more than 40 years of experience in Model UN competitions Chapter 7 is a short treatise that breaks down the controversial rules of dress code demystifying the all too common issues resulting from teenagers attempting to dress professionally In chapter 8 the fine art of writing position papers and resolutions is presented using persuasive writing techniques not normally taught in an English classroom Chapter 9 is the only full discussion of Crisis Committees that can be found printed Eugene and Anthony s high school delegates were extremely successful in these high caliber fiercely competitive situations Every delegate wishes for a strong introduction to a crisis committee but usually ends up being chewed up and demoralized in their first experience This book sets up a

framework for preventing such an event The tenth chapter gives a strong set of tools for developing relationships with other students using the flexible rules of social engineering This material is not for the beginner and holds severe social consequences if used improperly Keeping ahead of the times there is a full chapter on creating a FREE wordpress website for a MUN club s management platform It demonstrates how to integrate it with an existing facebook group and twitter account maximizing your club s exposure and social media footprint Finally the appendices include empirical recipes for research the full protocol of parliamentary procedures and a discussion of management techniques for advisors Model UN is the most difficult liberal arts academic club in high school and the skills that can be learned through Model UN are useful in the broader context of negotiation social parlance interviewing and even collaborative productivity It should be noted that some of the most successful people in media business and leadership have experience competing in Model United Nations It is one of a few activities that offer full character development along with a global education This book is by far the best primer on this academic a     Coaching Winning Model United Nations Teams Edward F.
