out by Khayyam In this pioneering volume Vaziri not only fuses the multiple disciplines of literature philosophy culture history and medicine but also takes the approach of the Rubaiyat to a new level presenting it as a source of wisdom therapy that stands the test of time in the face of doubt and confusion offering a platform for self restoration **Omar Khayyám the Poet** Omar Khayyam, Thomas Hunter Weir, 1926 *Wisdom, Rubaiyat of Omar Khayyam* Miguel F. Tamdgidi, 2021-06-01 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination is a twelve book series of which this book is the third volume subtitled Khayyami Astronomy How Omar Khayyam's Newly Discovered True Birth Date Horoscope Reveals the Origins of His Pen Name and Independently Confirms His Authorship of the Robaiyat Each book is independently readable although it will be best understood as a part of the whole series In the overall series the transdisciplinary sociologist Mohammad H Tamdgidi shares the results of his decades long research on Omar Khayyam the enigmatic 11th 12th centuries Persian Muslim sage philosopher astronomer mathematician physician writer and poet from Neyshabour Iran whose life and works still remain behind a veil of deep mystery Tamdgidi's purpose has been to find definitive answers to the many puzzles still surrounding Khayyam especially regarding the existence nature and purpose of the Robaiyat in his life and works To explore the questions posed he advances a new hermeneutic method of textual analysis informed by what he calls the quantum sociological imagination to gather and study all the attributed philosophical religious scientific and literary writings of Khayyam Omar Khayyam's true birth date horoscope as newly discovered in this series is comprised of a dazzling number of Air Triplicities sharing a vertex on a Sun Mercury Cazimi point on the same Ascendant degree 18 of Gemini Among other features his Venus Sextile with Moon also plays a lifelong secretly creative role to intentionally balance his chart These features would not have escaped the attention of Omar Khayyam a master astronomer and expert in matters astrological no matter how much he embraced doubted or rejected astrological interpretations In this third book of the series conducting an in depth hermeneutic analysis of Khayyam's horoscope Tamdgidi reports having discovered the origins of Khayyam's pen name in his horoscope The long held myth that Khayyam was a parental name even if true in no way takes away from the new finding it only adds to its intrigue Tamdgidi's hermeneutic analysis of Khayyam's horoscope in intersection with extant Khayyami Robaiyat also leads him to discover an entirely neglected signature quatrain that he proves could not be from anyone but Khayyam one that provides a reliably independent confirmation of his authorship of the Robaiyat He also shows how another neglected quatrain reporting its poet to have aged to a hundred is from Khayyam This means all the extant Khayyami quatrains are now in need of hermeneutic reevaluation Tamdgidi's further study of a sample of fifty Khayyami Robaiyat leads him to conclude that their poet definitively intended the poems to remain in veil that they were considered to be a collection of interrelated quatrains and not sporadic separate quatrains written marginally in pastime that they were meant to offer a life's intellectual journey as in

a book of life that the poems critically nuanced engagement with astrology was not incidental but essential throughout the collection and that judging from the signature quatrain discovered 1000 quatrains were intended to comprise the collection Oddly it appears that after all The Khayyam who stitched his tents of wisdom was a trope that had its origins in Omar Khayyam s horoscope heavens CONTENTS About OKCIR i Published to Date in the Series ii About this Book iv About the Author viii Notes on Transliteration xvii Acknowledgments xix Preface to Book 3 Recap from Prior Books of the Series 1 Introduction to Book 3 The Hermeneutic Significance of Omar Khayyam s Newly Discovered True Birth Date Horoscope 21 CHAPTER I Was Omar Khayyam s Birth Horoscope Intended Just to Offer a Birth Date or Was It an Astrological Bread Crumb 31 CHAPTER II Considering Both the Stated and the Silent Features of Omar Khayyam s True Birth Date Horoscope 53 CHAPTER III Features of Omar Khayyam s Horoscope as a Whole Based on Astrological House and Other Definitions Traditionally Held in His Own Time 89 CHAPTER IV Hermeneutically Interpreting Omar Khayyam s Horoscope as a Whole Discovering the Origins of His Pen Name 131 CHAPTER V Discovering the Signature Robai of Omar Khayyam Leading to An Independent and Final Confirmation of His Authorship of the Rubaiyat 177 CHAPTER VI The Case of A Second Signature Robai of Omar Khayyam Reporting Its Author to Have Turned A Centenarian 215 CHAPTER VII Tentatively Intersecting the Findings with a Few More Khayyami Quatrains 251 CHAPTER VIII Khayyami Astronomy and the Khayyami Code Hermeneutically Understanding Omar Khayyam s Attitude Toward Astrology and His Own Horoscope 297 Conclusion to Book 3 Summary of Findings 317 Appendix Transliteration System and Book 3 Glossary 337 Book 3 Cumulative Glossary of Transliterations 350 Book 3 References 357 Book 3 Index 361 **The Confluence of Wisdom Along the Silk Road**

Imagination: Book 8: Khayyami Rubaiyat: Part 1 of 3: Quatrains 1-338: Songs of Doubt Addressing the Question "Does Happiness Exist?" Mohammad H. Tamdgidi,2024-10-25 Omar Khayyam s Secret Hermeneutics of the Rubaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 8th volume

subtitled Khayyami Robaiyat Part 1 of 3 Quatrains 1 338 Songs of Doubt Addressing the Question Does Happiness Exist Explained with New English Verse Translations and Organized Logically Following Omar Khayyam's Own Three Phased Method of Inquiry Each book independently readable can be best understood as a part of the whole series In Book 8 Tamdgidi offers the first of a 3 part set of 1000 quatrains he has chosen to include in this series from a wider set that have been over the centuries attributed to Khayyam Part 1 includes quatrains 1 338 for each of which the Persian original along with Tamdgidi's new English verse translation and a transliteration for the same are shared Each quatrain is indexed according to the frequency of its inclusion in manuscripts the earliest known date of its appearance in them the extent to which it has wandered into other poets works and its rhyming scheme Brief comments about the meaning of each quatrain in relation to other quatrains and works attributed to Khayyam are then offered along with any notes regarding its new translation as shared Tamdgidi shows that the quatrains 1 338 in the beginning 30 of which Khayyam offers an opening to his book of poetry as a secretive work of art address the question Does Happiness Exist The latter question is the first of a set of three methodically phased questions Khayyam has identified in his philosophical works as being required for investigating any subject The order in which the quatrains are presented shows that the quatrains included in Part 1 follow a logically inductive reasoning process through which Khayyam delves from the surface portraits of unhappiness to their deeper chain of causes in order to answer his question The thematic topics of the quatrains of Part 1 as shared in Book 8 are I Secret Book of Life II Alas III Times IV Spheres V Chance and Fate VI Puzzle VII O God VIII Tavern Voice and IX O Wine Tender After the opening quatrains where Khayyam explains why he was composing a secretive book of poetry and what it aims to do his inquiry starts with doubtful existential self reflections on his life leading him to first blame his times then the spheres then matters of chance and fate soon realizing that he really does not have an explanation for the enigmas of existence concluding that the answer only lies with God So he appeals to God directly for an answer It is then that he hears the voice of the Saqi or Wine Tender from his inner tavern to whom he replies in a series of quatrains closing Part 1 It is in the course of the inquiry in Part 1 that the idea of using Wine as a poetic trope is discovered by him a matter that is separate from his interest in drinking wine which he never denies but is secondary to the spiritual Wine discovered and advanced in his book of poetry that in fact represents his poetry the Robaiyat itself and its promise in answering his questions The logical order of Khayyam's inquiry shows how seemingly contradictory views that have been attributed to him can in fact be explained as logical moments in the successively deeper inquiries he makes inductively when addressing the question whether happiness exists in the created world We should therefore judge each quatrain as a logical moment in Part 1's inquiry as a whole in anticipation of the two remaining parts of his book of poetry to be shared in Books 9 and 10 of the series respectively addressing the two follow up questions What Is Happiness and Why Does or Can Happiness Exist Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 11: Khayyami Robaiyat: Re-Sewing the Tentmaker's Tent: 1000

Bittersweet Wine Sips from Omar Khayyam's Tavern of Happiness Mohammad H. Tamdgidi, 2024-10-25 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 11th volume subtitled Khayyami Robaiyat Re Sewing the Tentmaker's Tent 1000 Bittersweet Wine Sips from Omar Khayyam's Tavern of Happiness Each book independently readable can be best understood as a part of the whole series In Book 11 having shared the three parts of the Robaiyat attributed to Khayyam in the Books 8 9 and 10 of the series Tamdgidi offers the entire set of the 1000 quatrains including the Persian originals and his new English verse translations for each The poems comprising Khayyam's songs of doubt hope and joy are organized according to the three phased method of inquiry he introduced in his philosophical writings respectively addressing the questions Does Happiness Exist What Is Happiness and Why Does or Can Happiness Exist When Khayyam discussed the three phased method of inquiry in his treatise Resalat fi al Kawn wa al Taklif Treatise on the Created World and Worship Duty he noted an exception to the rule of asking when studying any subject whether it exists what it is and why it exists or can exist He distinguished between things objectively existing independent of the human mind and those created by the human mind The normal procedure applies to the former but for products of the human mind he advised the procedure must be modified to asking first what something is then whether it exists and then why it exists or can exist This is because for products of the human mind such as created works of art we would not know whether something exists and why it exists unless we first know what it is To illustrate his point he used the example of the mythical bird Anqa Simorgh in Persian or the Phoenix in English He argued that only when we know what the metaphor stands for would we be able to say whether it exists say in a work of art or even as a person represented by it and why it exists or can exist Khayyam's elaboration implies that one has to make a distinction between objective and human objectified realities which implies that for some objects such as happiness we in fact confront a hybrid reality where aspects of it may be externally conditioned but other aspects being dependent on the human will Once we realize the significance of Khayyam's point then we appreciate that his Robaiyat can also be regarded as a way of poetically portraying and advancing human happiness its poetic Wine being not just reflective but also generative of the happiness portrayed By way of his poetry therefore Khayyam has offered a severe critique of the then prevalent fatalistic astrological worldviews blaming human plight on objective conditions in favor of a conceptualist view of reality in which happiness can be achieved despite the odds depending on the creative human agency itself being an objective force Tamdgidi further shows that the triangular geometry of the logic governing Khayyam's Robaiyat the numerical values of whose three sides are proportional to the Grand Tent governing Khayyam's birth chart further supports the view expressed in Khayyam's own quatrains that for him his Robaiyat poetically represented the tent of which he regarded himself to be a tentmaker revealing another key explanation for his pen name The geometric structure of a tent proportional to the Grand Tent of Khayyam's chart as well as the metaphor of the Robaiyat as Simorgh songs are hidden in the deeper structure of Khayyam's 1000 piece

solved puzzle the same way he embedded his own triangular golden rule in the design of the North Dome of Isfahan Khayyam's Robaiyat are his Simorgh's millennial rebirth songs served in his tented tavern as 1000 sips of his bittersweet Wine of happiness

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 9: Khayyami Robaiyat: Part 2 of 3: Quatrains 339-685: Songs of Hope Addressing the Question "What Is Happiness?" Mohammad H. Tamdgidi, 2024-10-25 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 9th volume subtitled Khayyami Robaiyat Part 2 of 3 Quatrains 339 685 Songs of Hope Addressing the Question What Is Happiness Explained with New English Verse Translations and Organized Logically Following Omar Khayyam's Own Three Phased Method of Inquiry Each book independently readable can be best understood as a part of the whole series In Book 9 Tamdgidi offers the second of a three part set of 1000 quatrains he has chosen to include in this series from a wider set that have been over the centuries attributed to Khayyam Part 2 includes quatrains 339 685 for each of which the Persian original along with Tamdgidi's new English verse translation and a transliteration for the same are shared Each quatrain is indexed according to the frequency of its inclusion in manuscripts the earliest known date of its appearance in them the extent to which it has wandered into other poets works and its rhyming scheme Brief comments about the meaning of each quatrain in relation to other quatrains and works attributed to Khayyam are then offered along with any notes regarding its new translation as shared Tamdgidi shows that the quatrains 339 685 address the question What Is Happiness The latter is the second of a set of three methodically phased questions Khayyam has identified in his philosophical works as being required for investigating any subject The order in which the quatrains are presented shows that the quatrains included in Part 2 follow a logically deductive reasoning process through which Khayyam advances in the causal chain of moving from methodological to explanatory and practical quatrains by way of addressing the question noted above The thematic topics of the quatrains of Part 2 as shared in Book 9 are X The Drunken Way XI Willfulness XII Foes and Friends XIII Wealth XIV Today XV Pottery XVI Cemetery and XVII Paradise and Hell Khayyam begins with reflections on God's created world suggesting that its unitary existence cannot be understood using either or dualistic lenses where the ways of knowing by the head the heart and senses are pursued separately Instead he advocates building on the idea of the Wine trope discovered in Part 1 a Drunken way by which he means a unitary way of knowing symbolized by the spiritual indivisibility of Wine in contrast to the fragmentations of the grapes He then embarks on a deductive method of emphasizing human willfulness also created by God offering humankind a chance for playing a creative role in shaping its own world Khayyam then continues to apply such an explanatory model in dealing with social matters having to do with foes friends and wealth leading him to advocate for the practical significance of stealing the chances offered in the here and now of today to transform self and society in favor of happier and more just outcomes Using the tropes of visiting the jug maker's shop and the cemetery he then emphasizes the

need to maintain a wakeful awareness of the inevitability of one's physical death in order to use the opportunity of life to cultivate universal self awareness before it is too late that paradise and hell and judgment days are not otherworldly but realities of our here and now living He thus transcends the sentiment of a promised future hope by advising us to create a happy life in the cash of the here and now his own poetry itself being a means toward that end Part 2 must then be understood in consideration of the other two parts of his book of poetry one already shared in Book 8 addressing the questions Does Happiness Exist and the next to follow in Book 10 addressing the question Why Does or Can Happiness Exist

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 10: Khayyami Robaiyat: Part 3 of 3: Quatrains 686-1000: Songs of Joy Addressing the Question "Why Can Happiness Exist?" Mohammad H. Tamdgidi, 2024-10-25 Omar Khayyam's Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 10th volume subtitled Khayyami Robaiyat Part 3 of 3 Quatrains 686 1000 Songs of Joy Addressing the Question Why Can Happiness Exist Explained with New English Verse Translations and Organized Logically Following Omar Khayyam's Own Three Phased Method of Inquiry Each book independently readable can be best understood as a part of the whole series In Book 10 Tamdgidi offers the third of a three part set of 1000 quatrains he has chosen to include in this series from a wider set that have been over the centuries attributed to Khayyam Part 3 includes quatrains 686 1000 for each of which the Persian original along with Tamdgidi's new English verse translation and a transliteration for the same are shared Each quatrain is indexed according to the frequency of its inclusion in manuscripts the earliest known date of its appearance in them the extent to which it has wandered into other poets works and its rhyming scheme Brief comments about the meaning of each quatrain in relation to other quatrains and works attributed to Khayyam are then offered along with any notes regarding its new translation as shared Tamdgidi shows that the quatrains 686 1000 address the question Why Does or Can Happiness Exist The question is the third of a set of three methodically phased questions Khayyam has identified in his philosophical works as being required for investigating any subject The order in which the quatrains are presented shows that the quatrains included in Part 3 continue the logically deductive reasoning process started in Part 2 but serve as practical examples of how humankind can turn the activity of poetry writing itself as a source of joy in life when confronting the topics of death survival and spiritual fulfillment The thematic topics of the quatrains of Part 3 as shared in Book 10 are XVIII Garden XIX Wine XX Love XXI Night XXII Death and Survival XXIII Liberation and XXIV Return Khayyam's overall sentiment in pursuing the inquiry in the third part of his book of poetry is expressive of joy He begins by showing using the example of his own poetry how strolling in a garden offers opportunities to enjoy it even when writing about the transient nature of the roses and greens He then offers in the longest section of his book a set of quatrains in praise of Wine disguising therein a praise of the joy of writing his own poetry Wine's metaphorical double meanings offering chances in the here and now of stealing joyfulness even when mistreated by his foes

and amid feelings of helplessness in confronting physical death He then turns to the topic of spiritual Love signifying the role the sentiment of Love in search of the Source of creation plays in the evolutionary process of the succession order of the created existence as discussed in his writings He continues to the topic of death and the possibility of lasting spiritual survival and existence by practically encouraging the Drinkers of the Wine of his poetry itself to help bring about that end He ends the Wine of his poetry by expressing how it has helped free himself from the prior in Part 1 doubtfully expressed inevitability of physical death in favor of not just hopefulness in Part 2 but the certainty of having initiated a lasting spiritual existence by way of the bittersweet Wine of his poetry itself celebrating a return to the spiritual Source of all existence as woven into the 1000 threaded wick of the candle of his Love for God We should therefore judge each step of the third part of Khayyam s poetic inquiry in consideration of the two other parts of his book of poetry those already shared in Books 8 and 9 addressing the questions Does Happiness Exist and What Is Happiness

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 4: Khayyami Philosophy Mohammad H. Tamdgidi, 2021-10-01

Omar Khayyam s Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination authored by Mohammad H Tamdgidi is a 12 book series of which this is the 4th volume subtitled Khayyami Philosophy The Ontological Structures of the Robaiyat in Omar Khayyam s Last Written Keepsake Treatise on the Science of the Universals of Existence Each book independently readable can be best understood as a part of the whole series Having confirmed in the prior three books of the series the true dates of birth and passing of Omar Khayyam his pen name origins and his authorship of a robaiyat collection Tamdgidi explores in this fourth book the origins nature and purpose of such a collection by applying the series quantum sociological imagination method to hermeneutically explore the ontological structures of the Robaiyat in Khayyam s last written treatise Khayyam s treatise found in the early 20th century and still largely ignored or misread radically challenges the mythical narratives built over the centuries about him as one who thought existence is unknowable having died not solving its riddles Strangely his treatise instead offers a logically coherent and brilliant worldview of someone who has found his answers as far as human existence is concerned Khayyam even goes so far as confidently saying he hopes his peers would agree that his brief treatise is more useful than volumes Offering the Persian text and his new English translation of the treatise Tamdgidi undertakes in this book a detailed clause based hermeneutic study of the treatise He also explores its broader intellectual and historical contexts by examining its relation to the book Savior from Error by Khayyam s junior by more than three decades contemporary foe Muhammad Ghazali while questioning the long held belief that the treatise was requested by and addressed to Fakhr ol Molk a son of the famous vizier Nezam ol Molk Tamdgidi finds instead that the treatise was written in AD 1095 96 a few years earlier than thought for another son of Nezam ol Molk Moayyed ol Molk who served at the time Soltan Muhammad Malekshah s son The treatise was intended as a philosophical foundation to move the post Malekshah Iran in a more independent direction by way of influencing his son Muhammad Ghazali in his book likely

written to please Ahmad Sanjar Malekshah's younger son who disliked Khayyam and his vizier at the time Fakhr ol Molk anonymously chastised Khayyam as a philosopher duplicitously feeding the cynical metaphors that some theologians and Sufis hurled at Khayyam down the centuries Khayyam's treatise unveils his vision of existence as a participatory universe where the subject has objective status shedding a new light on the ontological structures of the Robaiyat His succession order thesis of existence is an alternative Islamic creationist evolutionary worldview that offers a prescient quantum conceptualist vision of the universe as a unitary relatively self-reliant self-knowing and self-creative substance lovingly created by an absolutely good God in His own image Existence is essentially good but due to its good volitionally self-creative nature can be potentially subject to incidental defects that are nevertheless knowable and curable to build both a spiritually fulfilling and a joyful life in this world Other than God's Necessary Existence there is no another world judgment days heavens and hells are definitely real this worldly not after worldly existents In Khayyam's view human existence can be what good we artfully make of it starting here and now from our own personal selves in our this worldly lifetimes It is to creatively realize such an existence that the Robaiyat must have been intended
