Father Joe Joseph Breighner, 1994 **The Wit & Wisdom of a Whimsical Pastor** Louis H. Caddell, 2023-11-10 How do we bring unity and cohesion to our churches When it comes to matters of faith development one can assume there are no better guides than the Bible following our lectionary and a wit for communication But language and faith have their structures and fluency each ending up being personal It's just where we are These days with Christian beliefs being less on common ground faith words and phrases being distorted many stripped of their originality how can one nurture truth in such a diverse society Jesus said to love God and love your neighbor as yourselves The Bible tells us that Jesus wasn't quick to judgment He created common ground through continual prayer and focusing on others creatively By listening asking questions being engaging and speaking truth he formed relationships with others He used parables stories idioms and humor especially focused towards the judgmental and their interpreting patterns These twenty two different stories were created over time Some are witty but all are written to hopefully find common ground and bring people closer together through communication and love Love is a very challenging event It would be awesome if people would be cognizant of their prejudices as well as open to a dance that brings cohesion to their moments and their movements that even leads into a community dance These stories were also created with a lectionary calendar in mind along with several that utilize humor Most have some wit along with idioms to share the faith of a whimsical pastor who just can't quit
