When Kafka Says We When Kafka Says We:

When Kafka Says We Vivian Liska, 2009-06-08 Taking as its starting point Franz Kafka's complex relationship to Jews and to communities in general *When Kafka Says We* explores the ambivalent responses of major German Jewish writers to self-enclosed social, religious, ethnic and ideological groups. Vivian Liska shows that for Kafka and others this ambivalence inspired innovative modes of writing which while unmasking the oppressive cohesion of communal groupings also configured original and uncommon communities. Interlinked close readings of works by German Jewish writers such as Kafka, Else Lasker-Schüler, Nelly Sachs, Paul Celan, Ilse Aichinger and Robert Schindel illuminate the ways in which literature can subvert, extend or reconfigure established visions of communities. Liska's rich and astute analysis uncovers provocative attitudes and insights on a subject of continuing controversy.

Kafka's Stereoscopes Isak Winkel Holm, 2019-09-19 In 1911 Franz Kafka encountered the Kaiser Panorama, a stereoscopic peep show offering an illusion of three-dimensional depth. After the experience he began to emulate the apparatus in his literary sketches, developing a style we might call stereoscopic, juxtaposing like the optical stereoscope two images of the same object seen from slightly different perspectives. Isak Winkel Holm argues that Kafka's stereoscopic style is crucial to an understanding of the relation between literature and politics in Kafka's work. At the level of content, the stereoscopic style offers a representation of the basic order of a specific community. At the level of form, the stereoscopic style is structured as the juxtaposition of two dissimilar images of the same community. At the level of function, finally, the style provokes a reconsideration and perhaps even a reconfiguration of the social order itself. With insights from literary studies, philosophical aesthetics and political theory, *Kafka's Stereoscopes* offers a detailed but highly readable argument for the relevance of Kafka's literary works in today's political reality.

The Remnant: Franz Kafka's Letter Eli Schonfeld, 2024-09-23 As a Jew, Kafka received nothing in inheritance from his father. Nevertheless, throughout his *uvre*, subtly remnant Jewish words can be deciphered. Hence the question at the heart of this book: what remains when what's left is a nothing of Judaism? *Letter to the Father*. This question necessitates a philosophical and Jewish reading of his work, prompting a reconsideration of the intricate relationships between the Jew and the West and the Jew and modernity. Thus, this book proposes an examination of Kafka's *oeuvre* to uncover what remains Jewish therein at the heart of Europe amidst modernity, where nothing remains the enigma of the Letter.

Homo Temporalis Nitzan Itzhak Lebovic, 2025-01-15 *Homo Temporalis* focuses on the importance of temporal concepts for four German Jewish thinkers who profoundly shaped twentieth-century intellectual history: Martin Buber, Walter Benjamin, Hannah Arendt, and Paul Celan. By analyzing the concept of time, Nitzan Lebovic explores Buber's stress on the temporality of the dialogue between I and Thou, Benjamin's *now-time* and dialectics in standstill, Arendt's understanding of democracy as natality or a permanent revolution, and the breathturn that informs Celan's poetry. Framing the reception of German Jewish thinking in the second half of the twentieth century as a parallel story to the rise of the modern humanities, *Homo Temporalis* also highlights how these

foundational temporal concepts illuminate the causes of the present crisis in the humanities and its disciplinary limitations in the age of biopolitics and the Anthropocene *Private Anarchy* Paul Buchholz, 2018-03-15 European social theorists of the late nineteenth and early twentieth centuries tended to define modernity as a condition of heightened alienation in which traditional community is replaced by a regime of self interested individualism and collective isolation In *Private Anarchy* Paul Buchholz develops an alternative intellectual history of the nineteenth and twentieth centuries showing how a strain of German language literature worked against this common conception of modernity Buchholz suggests that in their experimental prose Gustav Landauer Franz Kafka Thomas Bernhard and Wolfgang Hilbig each considered how the void of mass society could be the precondition for a new anarchic form of community that would rest not on any assumptions of shared origins or organic unity but on an experience of extreme emptiness that blurs the boundaries of the self and enables intimacy between total strangers This community Buchholz argues is created through the verbal form most closely associated with alienation and isolation the monologue By showing how these authors engaged with the idea of community and by relating these contributions to an extended intellectual genealogy of nihilism *Private Anarchy* illustrates the distinct philosophical and sociopolitical stakes of German experimental writing in the twentieth century **Kafka's Monkey and Other Phantoms of Africa** Seloua Luste Boulbina, 2019-05-24 Even though many of France's former colonies became independent over fifty years ago the concept of colony and who was affected by colonialism remain problematic in French culture today Seloua Luste Boulbina an Algerian French philosopher and political theorist shows how the colony's structures persist in the subjectivity sexuality and bodily experience of human beings who were once brought together through force This text which combines two works by Luste Boulbina shows how France and its former colonies are haunted by power relations that are supposedly old history but whose effects on knowledge imagination emotional habits and public controversies have persisted vividly into the present Luste Boulbina draws on the work of Michel Foucault Frantz Fanon and douard Glissant to build a challenging original and intercultural philosophy that responds to blind spots of inherited political and social culture Kafka's *Monkey and Other Phantoms of Africa* offers unique insights into how issues of migration religious and ethnic identity and postcolonial history affect contemporary France and beyond *Kafka's Last Trial* Benjamin Balint, 2018-09-18 Winner of the 2020 Sami Rohr Prize for Jewish Literature Dramatic and illuminating *R*aises momentous questions about nationality religion literature and even the Holocaust Adam Kirsch *The Atlantic* When Franz Kafka died in 1924 his loyal friend Max Brod could not bring himself to fulfill Kafka's last instruction to burn his remaining manuscripts Instead Brod devoted his life to championing Kafka's work rescuing his legacy from both obscurity and physical destruction Nearly a century later an international legal battle erupted to determine which country could claim ownership the Jewish state where Kafka dreamed of living or Germany where Kafka's three sisters perished in the Holocaust Benjamin Balint offers a gripping account of the controversial trial in Israeli courts brimming with dilemmas legal ethical and political that

determined the fate of Kafka's manuscripts

The Animal in the Synagogue Dan Miron, 2019-09-06 The Animal in the Synagogue explores Franz Kafka's sense of being a Jew in the modern world and its literary and linguistic ramifications. It falls into two parts. The first is organized around the theme of Kafka's complex and often self-derogatory understanding and assessment of his own Jewishness and of the place the modern Jew occupies in the abyss of the world. Martin Buber. That part is based on a close reading of Kafka's correspondence with his Czech lover Milena Jesenska and on a meticulous analysis thematic, stylistic and structural of Kafka's only short story touching openly and directly upon Jewish social and ritual issues and known as In Our Synagogue, the title not by the author. In both the letters and the short story, images of small animals, repulsive, dirty or otherwise objectionable, are used by Kafka as means of exploring his own manhood and the Jewish tradition at large as he understood it. The second part of the book focuses on Kafka's place within the complex of Jewish writing of his time in all its three linguistic forms: Hebrew writing essentially Zionist, Yiddish writing essentially nationalistic but not committed to Zionism, and the writing like his in non-Jewish languages, mainly German, and within the non-Jewish religious and artistic traditions which inhered in them. The essay deals in detail with Kafka's responses to contemporary Jewish literatures and his pessimistic evaluation of those literatures' potential. Essentially, Kafka doubted the sheer possibility of a genuine and culturally tenable compromise, let alone synthesis, between Jewishness and modernity. The book deals with topics and some texts that the flourishing ever-expanding Kafka scholarship has either neglected or misunderstood because most scholars had no real background in either Hebrew or Yiddish studies and were unable to grasp the nuances and subtle intentions in Kafka's attitudes toward modern Hebrew and Yiddish literature and their paragons such as the major Zionist Hebrew poet H. N. Bialik or the Yiddish master Sholem Aleichem.

CliffsNotes on Kafka's The Metamorphosis & Other Stories Herberth Czermak, 2001-10-05 This CliffsNotes guide includes everything you've come to expect from the trusted experts at CliffsNotes, including analysis of the most widely read literary works.

Freedom and Confinement in Modernity A. Kordela, D. Vardoulakis, 2011-05-09 Kafka's literary universe is organized around constellations of imprisonment. Freedom and Confinement in Modernity proposes that imprisonment does not signify a tortured state of the individual in modernity. Rather, it provides a new reading of imprisonment, suggesting it allows Kafka to perform a critique of a modernity instead.
