Mau, 2019-11-12 This book provides an important survey of the causes and current state of corruption across a range of nations and regions Delving into the diverse ways in which corruption is being combatted the book explores and describes efforts to inculcate principles of ethical conduct in citizens private sector actors and public sector personnel and institutions Corruption is a global condition that effects every type of government at every level and has bewitched scholars of governance from ancient times to the present day The book brings together chapters on a range of state and regional corruption experiences framing them in terms of efforts to enhance ethical conduct and achieve integrity in government practices and operations In addition the book addresses and analyses the theoretical and practical bases of ethics that form the background and historical precepts of efforts to create integrity in government practices and finally assesses recent international efforts to address corruption on an international scale This book will be perfect for researchers and upper level students of public administration comparative government international development criminal justice and corruption Corruption in Latin America David Arellano-Gault, 2019-09-05 In *Corruption in Latin America* the reader is presented with an alternative starting point for understanding corruption in this key region The author asserts that corruption is a stable and rational social and organizational mechanism Seen through this lens we can begin to understand why it persists and how to implement strategies to control corruption effectively Beginning with an in depth nuanced examination of the concept of corruption the author establishes the theoretical basis for viewing corruption as a social construct An analysis of the experiences of four countries in the region Argentina Brazil Guatemala and Mexico provides the reader with concrete data from which they can understand how and why these behaviors are reproduced validated and tolerated in everyday settings between governments and citizens governments and firms and firms and clients Once we see corruption as the socially sanctioned norm for getting

business done we can begin to produce and propose effective solutions to reduce corruption in Latin America by designing and implementing instruments that transform this dynamic This rigorous and original approach will challenge the reader's assumptions about corruption and will appeal to students of corporate governance international business public management and business ethics **Research Companion to Corruption in Organizations** Ronald J. Development Pathway Dr. Onome Ejenavi, 2024-03-24 International and Comparative Law Approaches for Optimizing Petro Wealth in an SDGs Context and in harmony with sustainable development forms the core and subject of this book This book considers a beleaguered Nigerian oil industry and the pervasive contemporary struggles to sustain lucrative oil production in the 21st Century Currently Nigeria grapples with unrelenting and intractable challenges in its oil industry and apparently a plausible means of alleviating the extensive negative impacts of untenable oil exploitation patterns in the Niger delta have remained elusive From the foregoing the missing ingredient seems to be a dismal lack of sustainability endeavored approaches to guarantee a green petroleum industry economic growth and poverty eradication which remain vital considerations for a developing state like Nigeria Apparently the development that meets the needs of the present without compromising the interests options and indeed the needs of future generations summed up in the definition of sustainable development appears to be a maxim with minimal recognition or import in the Niger Delta which remains the hub of oil exploitation in Nigeria This book is thus motivated by the constantly evolving yet irrefutable implications arising from the concept of Sustainable Development and how it can be realistically applied to oil and gas exploitation **The Ethics of Foreign Policy** David B.
