Strike of the Sailfish Stephen L. Moore, 2023-12-05 A gripping true life thriller about the first US submarine to sink a Japanese aircraft carrier and the sub's tragic twist of fate In 1939 off the New England coast the submarine USS Squalus accidentally sinks to the bottom of the sea during a training exercise killing half her crew Coming to the rescue is the USS Sculpin in many ways the Squalus's twin As their oxygen supply dwindles the remaining crew aboard the Squalus are saved in a time consuming white knuckle operation Eventually the sunken submarine is raised repaired and returned to duty with a new name the Sailfish Four years later on patrol during the darkest days of the Pacific War the Sailfish's radarman picks up the tell tale signs of a Japanese convoy known by U S intelligence to include aircraft carriers the most formidable of all enemy ships Never before has an American submarine taken down a carrier much less in the middle of a typhoon Immediately the crewmen swing into action embarking on a deadly game of cat and mouse as this once dead boat evades enemy cruisers to stalk closer and closer to their prized target Little do they know that aboard the Japanese carrier are survivors of an attack on the USS Sculpin the very boat that saved the Squalus turned Sailfish back in '39 Author Stephen L Moore takes readers inside the nine hour duel narrating the action aboard both the Sailfish and the doomed carrier where the American POWs fight against all odds to save their own lives before the ship goes down Employing a wealth of new information including long lost survivors accounts fresh interviews with the last of the sub's crew and official patrol reports *Strike of the Sailfish* is the thrilling story of this strange chapter of naval history

Presumed Lost Stephen Moore, 2009-10-01 When submarines failed to return to port from patrol they were officially listed by the Navy as overdue and presumed lost Loved ones were notified by the War Department that their siblings spouses and sons were missing in action and presumed lost While 52 U S submarines were sunk in the Pacific the Japanese took prisoners of war from the survivors of only seven of these lost submarines *Presumed Lost* is the compelling story of the final patrols of those seven submarines and the long captivity of the survivors Of the 196 sailors taken prisoner 158 would survive the horrors of the POW camps where torture starvation and slave labor were common This is the most complete and accurate record of their captivity experiences ever compiled Author Stephen L Moore draws on personal interviews with the survivors as well as on diaries family archives and POW statements to reveal new details and correct longstanding errors in

previously published accounts Moore's research brought to light the following facts Most crewmen from USS Perch endured 1 298 days of captivity without their families ever being told that they were still alive The Perch and USS Grenadier were so badly damaged by enemy depth charge attacks that their crews were forced to scuttle their ships USS Sculpin and USS S 44 went down fighting with only forty two men from the Sculpin being taken prisoner and half of them perishing on the way to Japan USS Tang and USS Tullibee victims of their own faulty circling torpedoes had few survivors five of whom managed to escape from the sunken burning Tang when it was 180 feet below the ocean surface As many as six men survived the loss of USS Robalo after it struck a mine off Palawan but none of those survived the prison camps The book includes dozens of rare photos of the POWs many of which have never before been published Appendices include final muster rolls of the seven submarines and a complete list of the U S submariners who were held as POWs with details of their various camps of internment

Honor Killing David E. Stannard, 2006-05-02 In the fall of 1931 Thalia Massie the bored aristocratic wife of a young naval officer stationed in Honolulu accused six nonwhite islanders of gang rape The ensuing trial let loose a storm of racial and sexual hysteria but the case against the suspects was scant and the trial ended in a hung jury Outraged Thalia's socialite mother arranged the kidnapping and murder of one of the suspects In the spectacularly publicized trial that followed Clarence Darrow came to Hawai i to defend Thalia's mother a sorry epitaph to a noble career It is one of the most sensational criminal cases in American history Stannard has rendered more than a lurid tale One hundred and fifty years of oppression came to a head in those sweltering courtrooms In the face of overwhelming intimidation from a cabal of corrupt military leaders and businessmen various people involved with the case the judge the defense team the jurors a newspaper editor and the accused themselves refused to be cowed Their moral courage united the disparate elements of the non white community and galvanized Hawai i's rapid transformation from an oppressive white run oligarchy to the harmonic multicultural American state it became Honor Killing is a great true crime story worthy of Dominick Dunne both a sensational read and an important work of social history

What Are You Doing Here? Sheila McNeill, 2019-03-15 After my tenure as national president of the Navy League and after I think perhaps I have nothing to prove I was wrong I am asked to speak at the annual Thursday night dinner of the Submarine Veterans of WWII in November 2008 I came in at the last minute and sat down at the designated table full of submarine veterans and their wives I was the last one to sit down The submarine veteran next to me listens while we visit at the table for a few minutes and then turns to me and says What are you doing here You don't know anything about us You aren't a submariner Why should you be

speaking to us And I thought Here we go again **Pushing the Limits** Carl P Lavo, 2013-12-15 Vice Admiral Allan Rockwell McCann left no reminiscences that might reveal a deeper sense of his extraordinary service but naval historian Carl LaVO has filled that void by writing this revealing and often inspiring biography Among McCann's many accomplishments Served as liaison officer for the modification of the antiquated O 12 submarine into the privately leased Nautilus that made the first attempt to sail beneath the Arctic ice shelf in 1931 pioneered the McCann Submarine Rescue Chamber directed fire from the sub tender Pelias at Japanese aircraft attacking Pearl Harbor commanded the battleship Iowa during the Battle of Leyte Gulf was Chief of Staff of the Navy's 10th Fleet that stymied a last ditch effort to attack North America via U boats headed the Navy task force that transported President Truman to the Potsdam conference and as ComSubPac was aboard the first submarine to navigate under the polar ice in 1947 This book is an overdue appreciation of a significant admiral who has been all but ignored in naval history Leadership Embodied, 2nd Edition Joseph J Thomas, 2013-10-15 Leadership is a most demanding undertaking How do some people make it seem so simple so natural and instinctive In the age old debate as to whether leaders are born or made Thomas contends that the answer is both Great leaders throughout history were born with certain capabilities Preparation honed those capabilities Then that ability and preparation were combined with a will to lead When circumstances demanded the great leaders of history pulled these attributes together to create results that drove the course of history While leaders are present in every aspect of human undertaking we chose to illustrate each of the components of leadership through the most dramatic and demanding of all human undertakings war and the preparations for war Wartime leaders are leaders writ with a darker pen Wartime challenges are because of the life and death nature of the affair more monumental and exacting In the selection of individuals to illustrate each point we chose wartime leaders as well as those who guided their subordinates and organizations in preparation for combat Further we chose American leaders with a distinct and obvious bias towards the navy and Marine Corps Multiple reasons led us to our approach for Leadership Embodied First a biography is perhaps the most effective method for imparting leadership lessons Simple listings of prescriptive traits or descriptive qualities are patronizing and frequently boring Second our biographical examples are familiar to most or at least they should be Finally all of these historical selections have dramatically shaped today's institutions practices and customs within the naval services These are not marginal figures with marginal influence The individuals included and their respective leadership attributes should be required reading for any student of leadership Each has a particular lesson for midshipmen on their journey to becoming a navy or Marine Corps officer This book does not promise to be a panacea There is no short cut Leadership does not follow a prescribed path We study examples to inspire us to become better to be strong when it is easy to give in and to know others have gone before us and faced insurmountable odds Leadership as an ill defined social science crosses boundaries with several disciplines including sociology psychology philosophy and history We have selected a method that combines the psychological profile of effective leaders and the

historical context of the impact their leadership brought to organizations and events Our hope for this book is that these case studies illustrate the basic elements in themselves the very essence of leadership It is through inherent talent arduous preparation and practical experience that we become capable leaders The reader brings the first to the table then we offer a small token in the second pursuit and circumstances enable the third
