Book Review

The Theocons Secular America Under Siege

Stephen Bates

The Theocons Secular America Under Siege:

The Theocons Damon Linker, 2007-09-04 An essential history of the influential men who have spearheaded the movement to erode the wall separating church and state Beginning as far left radicals during the 1960s the theocons in Damon Linker's book including Richard John Neuhaus Michael Novak and George Weigel gradually transitioned to conservatism when they grew frustrated with the failures of the decade's revolutionary goals Linker shows how starting during the Reagan administration they worked to forge a Christian alliance between Evangelical Protestants and Conservative Catholics By injecting the language of faith into political life this movement appealed to a wide swath of voters and ultimately played a central role in the election of George W Bush The Theocons is an absorbing and revelatory look at an ideological crusade that every American needs to know about *False Prophets* Richard Bonney, 2008 After 9 11 the US response to Al Qaeda the Global War on Terror was heavily influenced by the clash of civilizations theory This book identifies the twenty first century proponents of the thesis such as Bernard Lewis and Daniel Pipes their links to the Bush government and their roles in exploiting hostility between the West and Islam **God's Own Country** Stephen Bates, 2011-11-24 Right wing evangelical Christianity has come to dominate American political and social life in recent years dividing the country and sparking cultural and moral battles High politics and low tactics frame a fierce debate which goes much further back in the country's history than the accession of George W Bush in 2001 It's a battle that sears America's soul and affects the world In this book Stephen Bates explains why what happens in the Bible Belt matters to us and how there are those who hope to export the battle to Britain American fundamentalist religion has the potential to impact on crucial and acutely dangerous areas of the world Its priorities are often arcane and sometimes weird But it is already affecting American government policy at home and abroad not least in Israel and the Middle East How is religion affecting the current presidential elections and where will America's battle for its soul take the world next **The Rise of Common-Sense Conservatism** Antti Lepistö, 2021-04-20 In the years following the election of Donald Trump a victory that hinged on the votes of white Midwesterners who were both geographically and culturally distant from the media's coastal concentrations there has been a flurry of investigation into the politics of the so called common man The notion that the salt of the earth purity implied by this appellation is best understood by conservative politicians is no recent development though As Antti Lepistö shows in his timely and erudite book the intellectual wellsprings of conservative common sense discourse are both older and more transnational than has been thought In considering the luminaries of American neoconservative thought among them Irving Kristol Gertrude Himmelfarb James Q Wilson and Francis Fukuyama Lepistö argues that the centrality of their conception of the common man accounts for the enduring power and influence of their thought Intriguingly Lepistö locates the roots of this conception in the eighteenth century Scottish Enlightenment revealing how leading neoconservatives weaponized the ideas of Adam Smith Thomas Reid and David Hume to denounce postwar liberal elites educational authorities and social reformers

Their reconfiguration of Scottish Enlightenment ideas ultimately gave rise to a defining force in modern conservative politics the common sense of the common man Whether twenty first century politicians who invoke the grievances of the people are conscious of this unusual lineage or not Lepist explains both the persistence of the trope and the complicity of some conservative thinkers with the Trump regime *Norman Podhoretz and Commentary Magazine* Nathan Abrams,2011-10-27

What does the term neoconservative mean Who are we talking about and where did they come from Abrams answers those very questions through a detailed and critical study of neoconservatism s leading thinker Norman Podhoretz and the magazine he edited for 35 years Commentary Podhoretz has been described as the conductor of the neocon orchestra and through Commentary Podhoretz powerfully shaped neoconservatism Rich in research the book is based upon a wide range of sources including archival and other material never before published in the context of Commentary magazine including Podhoretz s private papers It argues that much of what has been said about neoconservatism is the product of willful distortion and exaggeration both by the neoconservatives themselves and their many enemies From this unique perspective Abrams examines the origins rise and fall of neoconservatism In understanding Podhoretz a figure often overlooked this book sheds light on the origins ideas and intellectual pedigree of neoconservatism

Conservative Christian Politics in Russia and the United States John Anderson,2014-09-19 This book explores the politics of conservative Christian churches and social movements in Russia and the United States focusing on their similar concerns but very different modes of political engagement Whilst secularisation continues to chip away at religious adherence and practice in Europe religion is often quite rightly seen as an influential force in the politics of the United States and more questionably as a significant influence in contemporary Russia This book looks at the broad social movement making up the US Christian Right and the profoundly hierarchical leadership of the Russian Orthodox Church as socially conservative actors and some of the ways they have engaged in contemporary politics Both are seeking to halt the perceived drift towards a more secular political order both face significant challenges in handling the consequences of secularism pluralism and liberal individualism and both believe that their nations can only be great if they remain true to their religious heritage In exploring their experience the book focuses on shared and different elements in their diagnosis of what is wrong with their societies and how this affects their policy intervention over issues such as religious and ethnic belonging sexual orientation and education Drawing on political sociological and religious studies this work will be a useful reference for students and scholars of religion and politics

Russian politics and American politics **God Is Back** John Micklethwait,Adrian Wooldridge,2009-04-02 A landmark examination of the resurgence of faith around the globe The Editor in Chief of The Economist and its Lexington columnist show how the global rise of religion will dramatically impact our century in God Is Back Contrary to the popular assumption that modernism would lead to the rejection of faith American style evangelism has sparked a global revival On the street and in the corridors of power the authors shine a bright light on a vast yet until now hidden world of religion Twenty first century

faith is being fueled by a very American emphasis on competition and a customer driven attitude toward salvation Revealing how the religion boom is destabilizing politics and the global economy God Is Back concludes by showing how the same American ideas that created our unique religious style can be applied to channel the rising tide of faith away from volatility and violence

No Christian Man Is an Island Dex Bahr, 2010-06 The sun is setting in America and darkness is falling Our nation needs knights Truth is under assault in America causing her to weaken from within In NO CHRISTIAN MAN IS AN ISLAND Dex Bahr argues that at no time in our history is it more crucial for Christian men to have the courage to be knights in defense of God country and family Bahr illuminates readers to the hostile spiritual and ideological forces that have hijacked faith education politics and media and why they must be defeated Praise for NO CHRISTIAN MAN IS AN ISLAND I highly recommend this book for the author s passion and heartfelt desire for the Christian man to not be passive but to be actively involved in his Christian life We are living in a world of decay and though we will not be able to stop it from its downward spiral we have the chance to slow down its course and we begin with a good comprehension and knowledge of our situation NO CHRISTIAN MAN IS AN ISLAND thoughtfully addresses these issues and clearly challenges us to a passionate pursuit of God The opportunity to be a hero of God is out there just go and do it The world has yet to see what God could do to a fully surrendered man By Henry Varley friend of D L Moody Jofri Frigillana M Div Th M Talbot Theological Seminary Good Shepherd Baptist Church Anaheim CA Dex Bahr is a freelance writer A former broadcast news reporter Mr Bahr has worked in major markets including KJEO TV in Fresno California and OCN in Santa Ana California Mr Bahr has been a Christian since 1980 and has served the Lord as a lay speaker and small group leader He is married with two children

Neo-Confederacy Euan Hague, Heidi Beirich, Edward H. Sebesta, 2009-09-15 A century and a half after the conclusion of the Civil War the legacy of the Confederate States of America continues to influence national politics in profound ways Drawing on magazines such as Southern Partisan and publications from the secessionist organization League of the South as well as DixieNet and additional newsletters and websites Neo Confederacy probes the veneer of this movement to reveal goals far more extensive than a mere celebration of ancestry Incorporating groundbreaking essays on the Neo Confederacy movement this eye opening work encompasses such topics as literature and music the ethnic and cultural claims of white Anglo Celtic southerners gender and sexuality the origins and development of the movement and its tenets and ultimately its nationalization into a far reaching factor in reactionary conservative politics The first book length study of this powerful sociological phenomenon Neo Confederacy raises crucial questions about the mainstreaming of an ideology that founded on notions of white supremacy has made curiously strong inroads throughout the realms of sexist homophobic anti immigrant and often orthodox Christian populations that would otherwise have no affiliation with the regionality or heritage traditionally associated with Confederate history

Why We're Liberals Eric Alterman, 2008-03-13 The bestselling author and Newsweek columnist takes a characteristically irreverent look at the rampant mistreatment of liberals and liberalism The

most honest and incisive media critic writing today National Catholic Reporter Eric Alterman is committed to restoring the liberal tradition to its honored place as the political philosophy of mainstream American citizens In this bracing and well documented counterattack on right wing spin and misinformation Alterman briskly disposes of the canards and false definitions that have been foisted upon liberals by the right and have been accepted unquestioningly by nearly everyone else The perfect post election book for all those who are ready to fight back against the conservative mudslinging machine and reclaim their voices in the political process Why We re Liberals brings clarity and perspective to the possibility of a new day in America

The Future of Catholicism in America Mark Silk, Patricia O'Connell Killen, 2019-04-02 Catholics constitute the largest religious community in the United States Yet most American Catholics have never known a time when their church was not embroiled in controversies over liturgy religious authority cultural change and gender and sexuality Today these arguments are taking place against the backdrop of Pope Francis s progressive agenda and the resurgence of the clergy sexual abuse crisis What is the future of Catholicism in America This volume considers the prospects at a pivotal moment Contributors scholars from sociology theology religious studies and history look at the church s evolving institutional structure its increasing ethnic diversity and its changing public presence They explore the tensions among members of the hierarchy between clergy and laity and along lines of ethnicity immigration status class generation political affiliation and degree of religious commitment They conclude that American Catholicism s future will be pluriform reflecting the variety of cultural political ideological and spiritual points of view that typify the multicultural democratic society of which Catholics constitute so large a part

Dark Crusade Clifford A Kiracofe, 2009-05-30 Dark Crusade offers the most nuanced analysis yet written of the dangerous and complex phenomenon of Christian Zionism s influence on American foreign policy Despite its efforts to promote peace and instil democracy in the region America is viewed by many in the Middle East as a dishonest broker waging a dark crusade against its enemies in covert collaboration with Israel The crucial hostility to Arab and Palestinian interests of the so called Zionist lobby in the US has long been recognised But it is another less familiar element in US politics that increasingly calls the shots on Capitol Hill directing the course of American foreign policy there Christian Zionism Christian Zionists now influence not only the Republican Party but also the White House and Congress Protestant fundamentalists anticipating the end of the world they have long made common cause with the most extreme political elements in the state of Israel But why Jews and fundamentalist Christians hardly look like natural allies Adhering to a feverish apocalyptic ideology Christian Zionists nevertheless believe that restoration of the entire biblical Holy Land to the Jewish people will result the thousand year reign of Christ During his eleven years working in the Senate Christian Kiracofe observed at first hand the deep seated influence of Christian Zionism on American foreign policy and is uniquely qualified to assess its significance Dark Crusade offers the most nuanced analysis yet written of this dangerous and complex phenomenon

Orchestrating the Instruments of Power D. Robert Worley, 2015-07-15 National security a topic

routinely discussed behind closed doors by Washington's political scientists and policy makers is believed to be an insider's game. All too often this highly specialized knowledge is assumed to place issues beyond the grasp and interest of the American public. Author D. Robert Worley disagrees. The U.S. national security system designed after World War II and institutionalized through a decades-long power conflict with the Soviet Union is inadequate for the needs of the twenty-first century and while a general consensus has emerged that the system must be transformed a clear and direct route for a new national security strategy proves elusive. *Furnishing the tools to assist in future national security reforms*. *Orchestrating the Instruments of Power* articulates and synthesizes the concepts of America's economic, political and military instruments of power.

Faith-Based War T. Walter Herbert, 2014-12-05 The American invasion of Iraq was largely governed by faith-based policy. The shock and awe strategy alongside a grossly mismanaged occupation led to the loss of American lives. *Faith-Based War* presents an analysis of the imperialist Christian militarism behind the Bush Administration. America's self-perception as God's Chosen is examined and its catastrophic results detailed. The book offers an ethical, political and theological perspective on the perversion of Christian teaching behind the war in Iraq and the moral culpability of the American empire.

Apostles of Reason Molly Worthen, 2016 In *Apostles of Reason* Molly Worthen offers a sweeping history of modern American evangelicalism arguing that the faith has been shaped not by shared beliefs but by battles over the relationship between faith and reason.

The Spirituality of the English and American Deists Joseph Waligore, 2022-12-19 The deists have been misunderstood as Enlightenment thinkers who believed in an inactive deity. Instead the deists were spiritually oriented people who believed God treated all his children fairly. Unlike the biblical God the deist God did not punish entire nations with plagues, curse innocent people or order the extermination of whole nations. In deism for the first time in modern Western history God became good. *The Spirituality of the English and American Deists: How God Became Good* explores how the English deists were especially important because they formulated the arguments that most of the later deists accepted. Half of the English deists claimed they were advocating the Christianity Jesus taught before his later followers perverted his teachings. Joseph Waligore calls these deists Jesus-centered deists. Ben Franklin, Thomas Jefferson and John Adams studied these Jesus-centered deists and had similar beliefs. While some of the most prominent American Founders were deists, deism had little or no influence on the religious parts of the Constitution and the First Amendment. Deism did not die out at the end of the Enlightenment. Instead under different names and forms it has continued to be a significant religious force. Informed observers even think a deistic spiritual outlook is the most popular religious or spiritual outlook in contemporary America.

The New Atheism Victor J. Stenger, 2009-12-04 In recent years a number of bestselling books have forcefully argued that belief in God can no longer be defended on rational or empirical grounds and that the scientific worldview has rendered obsolete the traditional beliefs held by Christianity, Judaism and Islam. The authors of these books, Richard Dawkins, Daniel Dennett, Sam Harris, Christopher Hitchens and Victor J. Stenger have come to be known as the New Atheists. Predictably their

works have been controversial and attracted a good deal of critical reaction In this new book Victor J Stenger whose *God The Failed Hypothesis* was on the New York Times bestseller list in 2007 reviews and expands upon the principles of New Atheism and answers many of its critics He demonstrates in detail that naturalism the view that all of reality is reducible to matter and nothing else is sufficient to explain everything we observe in the universe from the most distant galaxies to the inner workings of the brain that result in the phenomenon of mind Stenger disputes the claim of many critics that the question of whether God exists is beyond the ken of science On the contrary he argues that absence of evidence for God is indeed evidence of absence when the evidence should be there and is not Turning from scientific to historical evidence Stenger then points out the many examples of evil perpetrated in the name of religion He also notes that the Bible which is still taken to be divine revelation by millions fails as a basis for morality and is unable to account for the problem of unnecessary suffering throughout the world Finally he discusses the teachings of ancient nontheist sages such as Buddha Lao Tzu and Confucius whose guidelines for coping with the problems of life and death did not depend upon a supernatural metaphysics Stenger argues that this way of nature is far superior to the traditional supernatural monotheisms which history shows can lead to a host of evils The New Atheism is a well argued defense of the atheist position and a strong rebuttal of its critics

Reinventing Liberal Christianity Theo Hobson,2013-10-16 In past years liberal Christianity challenged centuries of authoritarian tradition and had great political influence Today it is widely dismissed as a watering down of the faith and more conservative forms of Christianity are increasingly dominant Can the liberal Christian tradition recover its influence Hobson argues that a simple revival is not possible because liberal Christianity consists of two traditions He aims to transform liberal Christianity through the rediscovery of faith and ritual

Religion of Peace? Robert Spencer,2007-08-08 Christianity or Islam which is the real religion of peace Almost any liberal pundit will tell you that there s a religion bent on destroying our Constitution stripping us of our liberties and imposing religious rule on the U S And that religion is Christianity About Islam however the Left is silent except to claim a moral equivalence between the two if Islam has terrorists today that s nothing compared to the Crusades inquisitions and religious wars in Christianity s past But is this true Are conservative Christians really more of a threat to free societies than Islamic jihadists Is the Bible really just as violent as the Qur an Is Christianity s history really as bloodstained as Islam s In *Religion of Peace* Why Christianity Is and Islam Isn t New York Times bestselling author Robert Spencer not only refutes such charges but also explains why Americans and Europeans must regain an appreciation of our Christian heritage if we ever hope to defeat Islamic supremacism

The Radical Mind Chelsea Ebin,2024-08-11 *The Radical Mind* is a groundbreaking analysis of the origins of the Christian Right whose political victories are radically reshaping the landscape of American society Scholars and the public alike have traditionally regarded the New Right and the Christian Right as separate movements The New Right is supposedly a secular right wing operation with purely political goals while the Christian Right is an evangelical Protestant movement largely motivated by religious convictions

Insofar as both are conservative efforts most people view them as reactionary and driven by a culture war backlash against liberal changes to society Chelsea Ebin's *The Radical Mind* aims to overturn this consensus Through a close analysis of New Right architects Connaught Marshner and Paul Weyrich who is often seen as secular but was a committed Catholic this book explores the way conservative Catholics and Protestants overcame their long standing antipathy to form a political coalition what Ebin calls the New Christian Right Drawing on extensive archival research Ebin shows how the movement's key architects infused right wing activism with religion Rather than working to conserve the past this book argues that the New Christian Right is fundamentally a forward looking and proactive movement focused on remaking the political landscape in the United States The radical aims of the New Christian Right have been obscured by the way they cultivated a shared identity of victimhood and manipulated the discourse about backlash to create a nostalgic idea of the past that they then leveraged to justify their right wing policy goals The Catholic Protestant alliance constructed an imagined past that they projected into the future as their ideal vision of society Ebin calls this strategy prefigurative traditionalism a paradoxical prefiguring of a manufactured past Using this tactic the New Christian Right coalition disguised the radicality of its politics by framing their aims as reactionary and defensive rather than proactive and offensive An interdisciplinary work informed by the fields of history religious studies public law and American politics *The Radical Mind* offers a new and convincing explanation for the recent gains of the Christian Right and the morally supercharged political landscape we face today

What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. The Theocons Secular America Under Siege is one of the best book in our library for free trial. We provide copy of The Theocons Secular America Under Siege in digital format, so the resources that you find are reliable. There are also many Ebooks of related with The Theocons Secular America Under Siege. Where to download The Theocons Secular America Under Siege online for free? Are you looking for The Theocons Secular America Under Siege PDF? This is definitely going to save you time and cash in something you should think about. If you trying to find then search around for online. Without a doubt there are numerous these available and many of them have the freedom. However without doubt you receive whatever you purchase. An alternate way to get ideas is always to check another The Theocons Secular America Under Siege. This method for see exactly what may be included and adopt these ideas to your book. This site will almost certainly help you save time and effort, money and stress. If you are looking for free books then you really should consider finding to assist you try this. Several of The Theocons Secular America Under Siege are for sale to free while some are payable. If you arent sure if the books you would like to download works with for usage along with your computer, it is possible to download free trials. The free guides make it easy for someone to free access online library for download books to your device. You can get free download on free trial for lots of books categories. Our library is the biggest of these that have literally hundreds of thousands of different products categories represented. You will also see that there are specific sites catered to different product types or categories, brands or niches related with The Theocons Secular America Under Siege. So depending on what exactly you are searching, you will be able to choose e books to suit your own need. Need to access completely for Campbell Biology Seventh Edition book? Access Ebook without any digging. And by having access to our ebook online or by storing it on your computer, you have convenient answers with The Theocons Secular America Under Siege To get started finding The Theocons Secular America Under Siege, you are right to find our website which has a comprehensive collection of books online. Our library is the biggest of these that have literally hundreds of thousands of different products represented. You will also see that there are specific sites catered to different categories or niches related with The Theocons Secular America Under Siege So depending on what exactly you are searching, you will be able to choose ebook to suit your own need. Thank you for reading The Theocons

Secular America Under Siege. Maybe you have knowledge that, people have search numerous times for their favorite readings like this The Theocons Secular America Under Siege, but end up in harmful downloads. Rather than reading a good book with a cup of coffee in the afternoon, instead they juggled with some harmful bugs inside their laptop. The Theocons Secular America Under Siege is available in our book collection an online access to it is set as public so you can download it instantly. Our digital library spans in multiple locations, allowing you to get the most less latency time to download any of our books like this one. Merely said, The Theocons Secular America Under Siege is universally compatible with any devices to read.
