The Solace of Nature, 2008 For Julia Sims photography served as an excuse to spend time enjoying nature After several family tragedies she found that when she was in some far away spot she was able to be at peace with her grief This breathtaking ensemble of nature photography radiates with both the heartbreak of her losses and the tranquility she found in the wilderness In an evocative introduction to the book John Kemp highlights Julia's life her anguish and her achievements He brings her struggles and battles to light and shows how she was able to turn turmoil into beauty and beauty into healing

Rolland Golden John R. Kemp, 2005 While his canvases portray a vast range of geographic sites from the rural south the Appalachian mountains the streets of New York the wooded New England landscape and the villages and meadows of southern France Rolland Golden brings a certain sensitivity to his landscapes that only a southern artist with long ties to the land can bring This collection chronicling his personal and artistic journeys includes almost two hundred works created over four decades and two continents Whether he is portraying the decay of the French Quarter in his native New Orleans or capturing a golden afternoon while on a Provencal holiday Rolland Golden's work depicts not only the view before him but also reflects the observer's emotional landscape inside cover
