Book Summary: The Unbearable Lightness of Being

In The Unbearable Lightness of Being, Milan Kundera tells the story of a young woman in love with a man torn between his love for her and his incorrigible womanizing and one of his mistresses and her humbly faithful lover. This magnificent novel juxtaposes geographically distant places, brilliant and playful reflections, and a variety of styles, to take its place as perhaps the major achievement of one of the world's truly great writers.

The Unbearable Lightness Of Being Read Online:

The Unbearable Lightness of Being Milan Kundera, 1999-04-07 A young woman in love with a man torn between his love for her and his incorrigible womanizing one of his mistresses and her humbly faithful lover these are the two couples whose story is told in this masterful novel In a world in which lives are shaped by irrevocable choices and by fortuitous events a world in which everything occurs but once existence seems to lose its substance its weight Hence we feel the unbearable lightness of being not only as the consequence of our pristine actions but also in the public sphere and the two inevitably intertwine

Bringing Down the House Angela Casella, 2022-03-07 They should be a disaster in the making Good thing they don't believe in words like should Nicole People think I'm crazy especially my ex boyfriends I prefer the term misunderstood Still there's no denying I have a stunning ability to make bad decisions like seducing the lead actor of the theater company where I just accepted a job An HR job In my defense Damien Mitchell is the most gorgeous man alive and worse he's interesting Besides I'm ninety percent sure my new boss is up to something shady Why should I behave if she won't I fully intend to find out what she's doing but in the meantime I'm reeled in by Damien The thing is it turns out he isn't just a fantastic actor at a crappy theater He's Well it's his secret But I promise it's a good one I'm going to help him with that and with saving the theater Whether he wants me to or not Damien I'm the only child of two rich narcissists I'm used to being alone I like it But Nicole's not the kind of woman who can be kept at a distance and to my surprise I don't want to stay away She sets my blood on fire and pisses me off and makes me feel alive in a way I'd previously only experienced onstage I tell her my secrets I show her my scars I let her in We're both screwed up so there's every chance we'll destroy each other but she's not the only one who's prone to bad decisions A full length standalone prequel to the Bad Luck Club series

Coding Democracy Maureen Webb, 2021-07-27 Hackers as vital disruptors inspiring a new wave of activism in which ordinary citizens take back democracy Hackers have a bad reputation as shady deployers of bots and destroyers of infrastructure In *Coding Democracy* Maureen Webb offers another view Hackers she argues can be vital disruptors Hacking is becoming a practice an ethos and a metaphor for a new wave of activism in which ordinary citizens are inventing new forms of distributed decentralized democracy for a digital era Confronted with concentrations of power mass surveillance and authoritarianism enabled by new technology the hacking movement is trying to build out democracy into cyberspace

The Handbook of Communication Ethics Amit Pinchevski, Patrice M. Buzzanell, Jason Hannan, 2024-12-02 The second edition of this handbook offers a thoroughly updated overview of the different approaches and perspectives in communication ethics today Extending the path paved by its predecessor this handbook includes new issues and concerns that have emerged in the interim from environmentalism to artificial intelligence from disability studies to fake news It also features a new structure comprised of three sections representing a wide array of communication ethics traditions contexts and debates Rather than focusing exclusively on a subset of ethics such as interpersonal communication rhetoric or journalism as do other handbooks

of ethics in communication this collection provides a valuable resource for those who seek a broader basis on which to study communication ethics This handbook is a must read for faculty graduate students and advanced undergraduate students in all areas of communication studies as well as in neighboring disciplines such as rhetoric media studies sociology political science cultural studies and science and technology studies **New York** ,2003 *Real Screenwriting* Ron Suppa,2006 Covers the field of screenwriting in an optimistic but honest voice that cuts to the chase of the business of writing a screenplay Also gives hot tips on the art of pitching developing contacts both in and out of Los Angeles and New York using publicity to build your profile and more **Preventing Harmful Behaviour in Online Communities** Zoe Alderton,2022-04-11 Preventing Harmful Behaviour in Online Communities explores the ethics and logistics of censoring problematic communications online that might encourage a person to engage in harmful behaviour Using an approach based on theories of digital rhetoric and close primary source analysis Zoe Alderton draws on group dynamics research in relation to the way in which some online communities foster negative and destructive ideas encouraging community members to engage in practices including self harm disordered eating and suicide This book offers insight into the dangerous gap between the clinical community and caregivers versus the pro anorexia and pro self harm communities allowing caregivers or medical professionals to understand hidden online communities young people in their care may be part of It delves into the often unanticipated needs of those who band together to resist the healthcare community suggesting practical ways to address their concerns and encourage healing Chapters investigate the alarming ease with which ideas of self harm can infect people through personal contact community unease or even fiction and song and the potential of the internet to transmit self harmful ideas across countries and even periods of time The book also outlines the real nature of harm based communities online examining both their appeal and dangers while also examining self censorship and intervention methods for dealing with harmful content online Rather than pointing to punishment or censorship as best practice the book offers constructive guidelines that outline a more holistic approach based on the validity of expressing negative mood and the creation of safe peer support networks making it ideal reading for professionals protecting vulnerable people as well as students and academics in psychology mental health and social care **Forbes** ,2000 Time Out Prague ,2004 As the newest member of the EU the Czech Republic formally sheds its East Bloc past but that development only formalizes what s been a rollercoaster of change since the Velvet Revolution in 1989 Written and researched by Prague residents the Time Out guide leads you to medieval Old Town s new design bars to the crusty Zizkov district s classic pubs to the romantic restaurants of Mala Strana and the hippest of clubs in the reclaimed industrial quarter of Holesovice The poet president Vaclav Havel may have stepped down and returned to scribbling but the opening up of Bohemia is still gaining momentum every year A mad community of expats call Prague home having been attracted like so many newly minted Bohemians down through the centuries by the city s affordable lifestyle gorgeously spooky architecture and reputation for decadence

Meanwhile the Old European side of Mozart's adopted home beckons with improbably grandiose opera houses Vienna style coffee houses and fairy tale palaces that serve as gallery space like as not for the latest modern art experiments **Kosmas**,2002

The Digital Republic Jamie Susskind,2022-07-05 From one of the leading intellectuals of the digital age The Digital Republic is the definitive guide to the great political question of our time how can freedom and democracy survive in a world of powerful digital technologies A Financial Times Book to Read in 2022 Not long ago the tech industry was widely admired and the internet was regarded as a tonic for freedom and democracy Not anymore Every day the headlines blaze with reports of racist algorithms data leaks and social media platforms festering with falsehood and hate In The Digital Republic acclaimed author Jamie Susskind argues that these problems are not the fault of a few bad apples at the top of the industry They are the result of our failure to govern technology properly The Digital Republic charts a new course It offers a plan for the digital age new legal standards new public bodies and institutions new duties on platforms new rights and regulators new codes of conduct for people in the tech industry Inspired by the great political essays of the past and steeped in the traditions of republican thought it offers a vision of a different type of society a digital republic in which human and technological flourishing go hand in hand The Times Index ,2007 Indexes the Times and its supplements
