Women And Rebel Communities In The Cuban Insurgent Movement 1952-1959:

Women and Rebel Communities in the Cuban Insurgent Movement, 1952-1959 Linda A. Klouzal, 2008 This book is a rare and important study on the people and many of the groups and activist regions involved in the Cuban insurrection of the 1950s It addresses the insurgent movement how people were drawn into the struggle the structure of the movement including its different activist groups and how rebels operated effectively and the role women played in this struggle It sheds light on the localized and social aspects of the struggle a topic that relatively little has been written on The cultural relational emotional and experiential factors that affected activists value formation and recruitment are also investigated **New**

Women and the Cuban Insurrection Lorraine Bayard de Volo, 2018-02-01 Using gender analysis and focusing on previously unexamined testimonies of women rebels political scientist Lorraine Bayard de Volo shatters the prevailing masculine narrative of the Cuban Revolution Contrary to the Cuban War story's mythology of an insurrection single handedly won by bearded guerrillas Bayard de Volo shows that revolutions are not won and lost only by bullets and battlefield heroics Focusing on women's multiple forms of participation in the insurrection especially those that occurred off the battlefield such as smuggling messages hiding weapons and distributing propaganda Bayard de Volo explores how gender both masculinity and femininity were deployed as tactics in the important though largely unexamined battle for the hearts and minds of the Cuban people Drawing on extensive rarely examined archives including interviews and oral histories this author offers an entirely new interpretation of one of the Cold War's most significant events

Mambisas Teresa Prados-Torreira, 2005 This book examines a rarely studied yet crucial group of insurgents who fought for Cuban independence from Spain during the 19th century rebel women known as mambisas Coming from a wide variety of backgrounds rich and poor black and white rural and urban young and old these women determinedly and passionately helped forge Cuba's new national identity They wrote political pamphlets carried military correspondence across enemy lines raised money in New York and raised their families in rebel camps served as nurses and fought on the rebel army's front lines In defeat or victory imprisonment or exile their stories are fascinating and compelling Parallel to the evolution of the Cuban nationalist process another social phenomenon was occurring the growth of feminist consciousness The rebel women's participation in the anticolonial struggle encouraged many of these women to question their role and position within their families and society In a dramatic shift of cultural attitudes many women began to view themselves as equal partners with men This is the first work that explores how women shaped the war and were in turn shaped by it *Mambisas* puts a human face on the Cuban struggle for independence while at the same time examining the connection between nationalism and feminism in 19th century Cuba
