Yakuza De Onbekende Japanse Onderwereld:

Yakuza David E. Kaplan, Alec Dubro, Hugo Kuipers, 1987 Verslag van de rol en de sociale en politieke betekenis van de wijldvertakte Japanse ook over de grenzen opererende misdaadorganisatie Transnational Classes and International Relations Kees Van der Pijl, 2005-08-10 An exciting and original analysis of the development of capitalist classes such as the Freemasons that cross national boundaries in the global political economy This innovative book focuses on an historical perspective on class formation under capitalism and its transnational integration international relations between the English speaking centre of capital and successive contender states The author develops a broad ranging and thorough understanding of class in the process of globalization He does so within several theoretical frameworks shedding much light on this important topic **Lektuurgids**, 1988 Boekblad, 1995 Onder Yakuza Christopher Seymour, Rob Pijpers, 1996 Beeld van de georganiseerde misdaad in Japan gebaseerd op ontmoetingen met leden van criminele organisaties **Yakuza** David E. Kaplan, Alec Dubro, 2003-02 A fascinating study of how criminal enterprise can infect the very heart of modern capitalism Here is the backstage world of political influence and organized crime in the world's second largest economy by far the most detailed and even handed study of this important and neglected subject John W Dower author of Embracing Defeat Japan in the Wake of World War II Reviews of original edition A superb study of Japan's underworld that is both entertaining and revealing The authors miss none of the color and curious detail of the yakuza style but at the same time go far beyond surface observations Far Eastern Economic Review The book is laden with fascinating information some of it heretofore unavailable in English Washington Post Blend the Mafia with the Masons Let them simmer a while then fold in the Ku Klux Klan and you'll have the yakuza Important and timely Yakuza will serve for years as the source document on Japanese organized crime San Jose Mercury News State of the art investigative reporting must reading for those who consider themselves already highly conversant with yakuza activities disturbing Journal of Asian Studies **The Japanese Mafia** Peter B. E. Hill, 2003 The Japanese mafia known collectively as yakuza has had a considerable influence on Japanese society over the past fifty years Based on extensive Japanese language source material and interviews with criminals police officers lawyers journalists and scholars this is the first English language academic monograph to analyse Japan's criminal syndicates **BOOK JACKET** **Oyabun** Cid A. Damon, 2020-01-11 Cid a Filipino musician who defied being away from a loving and protective family dared to go to Japan during the time when the story of Maricris a Filipina entertainer who was allegedly killed by a yakuza by plunging his sword to her vagina was all over the news back home He just wanted to work and earn his own money What better way of doing it than to get paid doing what he enjoyed doing the most singing With another singer Maria they went to Japan as a duo and performed in cities from Tokyo to Chiba and Nagoya Japan was flowing with money The place had a way of entertaining you The delicious foods the drinks the drugs if you're into it and of course the tips But without intending it he got involved with Filipinas who had relations with yakuza His life changed He listened to stories told

by another yakuza about his boss and his brothers Every story left him with fear and the urge to get away as far as he could go But he has to save Maria who got herself involved with the boss He won't be able to live with himself if he just left without taking her But the task was not an easy one How can a musician who hasn't learned any martial arts and instead spent his days playing his keyboard outsmart an evil man

Confessions of a Yakuza Dr. Junichi Saga, 2010-08-05 This is the true story as told to the doctor who looked after him just before he died of the life of one of the last traditional yakuza in Japan It wasn't a good life in either sense of the word but it was an adventurous one and the tale he has to tell presents an honest and oddly attractive picture of an insider in that separate unofficial world In his low hoarse voice he describes the random events that led the son of a prosperous country shopkeeper to become a member and ultimately the leader of a gang organizing illegal dice games in Tokyo's liveliest entertainment area He talks about his first police raid and the brutal interrogation and imprisonment that followed it He remembers his first love affair and the girl he ran away with and the weeks they spent wandering about the countryside together Briefly and matter of factly he describes how he cut off the little finger of his left hand as a ritual gesture of apology He explains how the games were run and the profits spent why the ties between members of the brotherhood were so important and how he came to kill a man who worked for him What emerges is a contradictory personality tough but not unsentimental stubborn yet willing to take life more or less as it comes impulsive but careful to observe the rules of the business he had joined And in the end when his tale is finished you feel you would probably have liked him if you'd met him in person Fortunately Dr Saga's record of his long conversations with him provides a wonderful substitute for that meeting

Confessions of Yakuza Jun'ichi Saga, 1995 **Yakuza** David E. Kaplan, Alec Dubro, 1986

Yakuza David E Kaplan, 1986-06-01 *Yakuza*, 2003 Known for their striking full body tattoos and severed fingertips Japan's gangsters comprise a criminal class eighty thousand strong more than four times the size of the American Mafia Despite their criminal nature the yakuza are accepted by fellow Japanese to a degree guaranteed to shock most Westerners

The Yakuza Charles River Charles River Editors, 2017-02-16 Includes pictures Includes quotes about the Yakuza Includes online resources and a bibliography for further reading Strong leaders understand that action cures indecision Toyotomi Hideyoshi 16th century samurai A pack of men in sharp tailored suits and dark sunglasses strut down the street Their eyes are shielded but the icy scowl on their faces is a clear sign to stay out of their paths A few of their collars hang open showing off a glimpse of the vibrant and intricate ink work on their chests and presumably their entire bodies Tattoos are the norm these days but then one suddenly spots a man with a peculiarly pint sized pinkie Perhaps it is only a deformity but upon a closer look it appears that the entire upper half has been sliced cleanly off almost as if it were done intentionally Since the beginning of civilization crime and injustice has existed At the same time gangs in all shapes and sizes have been around from rebels dissidents and rogue soldiers to the average circle of miscreants loitering in alleys and behind convenience stores In Japan a gang of a different breed would arise one underscored by honor respect family and a code of ethics They

are the Yakuza The Yakuza claim to be the Robin Hoods of the Far East While they may lean towards the other side of the law justice is all they truly aim for After all for a time these tattoo covered thugs have even been praised by the public On the other hand most are quick to say otherwise Either way the Yakuza is a nefarious network of stone faced theatrically tattooed families with descendants that continue to make even the most seasoned of authorities quake in their shoes Are the Yakuza honorable rebels or are they simply just another army of power hungry punks The Yakuza The History of the Notorious Japanese Crime Organization explores the organization s origins and some of the most powerful families under the Yakuza name It also takes a look at the inner workings of the hierarchical organization their infamous tattoos and the conflicting acts of terror and charity carried out by one of the most fascinating and controversial crime syndicates in the world Along with pictures and a bibliography you will learn about the Yakuza like never before The Yakuza Kelly Mass, The Yakuza were members of large scale organized criminal syndicates based in Japan known for their deeply entrenched criminal activities and distinctive cultural identity Officially referred to as violent organizations at the request of Japanese authorities the Yakuza bear similarities to gangsters or mafia members in the West Their reputation is tied to strict codes of conduct an internally hierarchical and feudal structure and an array of unique ritual practices Among the most notorious of these customs is yubitsume the ritualistic amputation of part of the left little finger used as a form of atonement for mistakes or failure within the organization This physical mark is often a telling sign of membership Yakuza members were typically described as males in sharp suits their bodies adorned with elaborate full body tattoos and their hair slicked back in a signature style They are regarded as one of the most powerful and financially successful criminal groups in the world At the height of their influence the Yakuza wielded considerable power both in Japan and internationally In the early 1960s police estimates placed the total Yakuza membership at over 200 000 members a number that has significantly declined in recent decades The reduction in their ranks can be attributed to a combination of economic shifts and legal reforms that made it increasingly difficult for the Yakuza to operate as they once had Despite this the Yakuza remain involved in a wide variety of criminal enterprises today ranging from drug trafficking to white collar crime and continue to instill fear among many Japanese citizens who view them as a persistent threat to public safety *Yakuza Diary* Christopher Seymour, 1996 A writer who infiltrated the Yakuza the Japanese organized crime syndicate reveals their wealth and power four hundred year old code of conduct and a cast of characters including bosses and underlings **Wereld vd Misdaad: Tokio** Jake Adelstein, 2010-05-15 Een onthullend boek over de Japanse onderwereld een wereld met geheel eigen codes en regels geschreven door een Amerikaanse topverslaggever die jarenlang in Japan woonde Hoe herken je een lid van de yakuza Welke codes gelden er Hoe machtig is de Japanse maffia In dit boek vertelt Jake Adelstein het allemaal en meer Op zijn negentiende vertrok Adelstein naar Japan Hij begon als stagiair bij een van de grootste kranten van Japan maar kwam al snel in vaste dienst en werkte twaalf jaar lang tachtig uur in de week In die jaren bracht Adelstein de onderkant van de Japanse

maatschappij in beeld een onderkant waar afpersing moord mensenhandel en corruptie net zulk gemeengoed zijn als sushi en sake Maar Adelstein brandt zijn handen wanneer hij te diep graaft in het leven van yakuza baas Goto Tadamasa zet die een prijs op het hoofd van Adelstein en diens familie Dat is het moment waarop hij een stap terug moet doen om later terug te kunnen vechten **The Japanese Mafia** ,2003 *Tokyo Yakuza* Nicholas Phillips,Joshua Waddles,M.
