Total Recall C. Gordon Bell, Jim Gemmell, 2009 Discusses the attempt to record an entire life digitally an enormous undertaking requiring intense attention to detail and the development of memory emulating technology and the implications of this research

Computers, Privacy and Data Protection: an Element of Choice Serge Gutwirth, Yves Pouillet, Paul De Hert, Ronald Leenes, 2011-02-26 This timely interdisciplinary work on current developments in ICT and privacy data protection coincides as it does with the rethinking of the Data Protection Directive the contentious debates on data sharing with the USA SWIFT PNR and the judicial and political resistance against data retention The authors of the contributions focus on particular and pertinent issues from the perspective of their different disciplines which range from the legal through sociology surveillance studies and technology assessment to computer sciences Such issues include cutting edge developments in the field of cloud computing ambient intelligence and PETs data retention PNR agreements property in personal data and the right to personal identity electronic road tolling HIV related information criminal records and teenagers online conduct to name but a few

Entr'acte J. Geiger, 2015-03-05 Generally taking place in front of closed curtains during set changes between acts the entr acte delivers a fleeting new purpose and event to the otherwise sometimes inert space between stage and pit This collection employs the entr acte as a model for conceptualizing emerging formations of publics and of public space

Ctrl + Z Meg Leta Jones, 2016-03-29 A gripping insight into the digital debate over data ownership permanence and policy This is going on your permanent record is a threat that has never held more weight than it does in the Internet Age when information lasts indefinitely The ability to make good on that threat is as democratized as posting a Tweet or making blog Data about us is created shared collected analyzed and processed at an overwhelming scale The damage caused can be severe affecting relationships employment academic success and any number of other opportunities and it can also be long lasting One possible solution to this threat A digital right to be forgotten which would in turn create a legal duty to delete hide or anonymize information at the request of another user The highly controversial right has been criticized as a repugnant affront to principles of expression and access as unworkable as a technical measure and as effective as trying to put the cat back in the bag Ctrl Z breaks down the debate and provides guidance for a way forward It argues that the existing perspectives are too limited offering easy forgetting or none at all By looking at new theories of privacy and organizing the many potential applications of the right law and technology scholar Meg Leta Jones offers a set of nuanced choices To help us choose she provides a digital information life cycle reflects on particular legal cultures and analyzes international interoperability In the end the right to be forgotten can be innovative liberating and globally viable

Installation Art and the Practices of Archivalism David Houston Jones, 2016-03-31 On the leading edge of trauma and archival studies this timely book engages with the recent growth in visual projects that respond to the archive focusing in particular on installation art It traces a line of argument from practitioners who explicitly depict the archive Samuel Beckett

Christian Boltanski Art Language Walid Raad to those whose materials and practices are archival Miros aw Ba ka Jean Luc Godard Silvia Kolbowski Boltanski Atom Egoyan Jones considers in particular the widespread nostalgia for archival media such as analogue photographs and film He analyses the innovative strategies by which such artefacts are incorporated examining five distinct types of archival practice the intermedial testimonial personal relational and monumentalist
