The China Collectors Karl E. Meyer, Shareen Blair Brysac, 2025-06-25 Thanks to Salem sea captains Gilded Age millionaires curators on horseback and missionaries gone native North American museums now possess the greatest collections of Chinese art outside of East Asia itself How did it happen The China Collectors is the first full account of a century long treasure hunt in China from the Opium Wars and the Boxer Rebellion to Mao Zedong's 1949 ascent The principal gatherers are mostly little known and defy invention They included foreign devils who braved desert sandstorms bandits and local warlords in acquiring significant works Adventurous curators like Langdon Warner a forebear of Indiana Jones argued that the caves of Dunhuang were already threatened by vandals thereby justifying the removal of frescoes and sculptures Other Americans include George Kates an alumnus of Harvard Oxford and Hollywood who fell in love with Ming furniture The Chinese were divided between dealers who profited from the artworks removal and scholars who sought to protect their country's patrimony Duanfang the greatest Chinese collector of his era was beheaded in a coup and his splendid bronzes now adorn major museums Others in this rich tapestry include Charles Lang Freer an enlightened Detroit entrepreneur two generations of Rockefellers and Avery Brundage the imperious Olympian and Arthur Sackler the grand acquirer No less important are two museum directors Cleveland's Sherman Lee and Kansas City's Laurence Sickman who challenged the East Coast's hegemony Shareen Blair Brysac and Karl E Meyer even handedly

consider whether ancient treasures were looted or salvaged and whether it was morally acceptable to spirit hitherto inaccessible objects westward where they could be studied and preserved by trained museum personnel And how should the US and Canada and their museums respond now that China has the means and will to reclaim its missing patrimony

Tournament of Shadows Michael H. Hyman, 2016-03-23 In the shadows there are those who plot to exploit the financial weaknesses of the United States A well planned assault could threaten the dollars position as the worlds reserve currency An attack like this would also threaten the business of government military and social programs and lead to dangerous instability in America and around the world It

will take the combined efforts of Sarah Linderman and Jack Romanov to foil an international conspiracy to destabilize the global financial markets and bring America to her knees However its almost impossible to protect against an invisible antagonist especially when the adversary is knowledgeable with unlimited funds and determined to humble the whole world Who is the concealed enemy of the United States and why are they so hell bent on throwing the world into a financial crisis Will Sarah and Jack be able to stop them before its too late or will America end up powerless and poverty stricken This is a work of fiction but recent events show that in the financial world the truth can be stranger and sometimes just as sinister
