Michael Amaladoss and the Quest for Indian Theology Enrico Beltramini, 2024-09-17 A Jesuit priest born in the Indian state of Tamil Nadu Michael Amaladoss is one of the most prominent Asian thinkers in the field of interreligious dialogue Bringing his unique perspective toward the nature of God and Christ Christian dialogue with Indian Vedanta and the reconciliation between spirituality and social justice Amaladoss has contributed to the creation of a distinctly Indian pole of Catholic theology without the mediating force of Western culture and philosophy With this book Enrico Beltramini offers an assessment of Amaladoss's thought and an investigation into his main theological concerns *Pentecostals and Roman Catholics on Becoming a Christian* Karen Murphy, 2018-05-23 In *Pentecostals and Roman Catholics on Becoming a Christian* Dr Karen Murphy explores the fifth round of the International Roman Catholic Pentecostal Dialogue 1998 2006 Discussing Spirit baptism faith conversion experience and discipleship Dr Murphy notes areas in which the Dialogue has evolved since its inception in 1972 She unpacks the commonalities that bond Catholics and Pentecostals and examines theological divergences and challenges to dialogue While Catholics approach becoming a Christian from a sacramental perspective most Pentecostals think of Christian initiation in non sacramental or conversionist terms a reality that fosters ongoing tensions between the two traditions Dr Murphy reveals how Catholics and Pentecostals seek to overcome this dichotomy by honoring spirituality and experience as integral to the ecumenical encounter *Visions of Hope* Kevin Ahern, 2013 Fifty years after the Second Vatican Council emerging theologians are in a unique position to offer hopeful visions for the next fifty years of the Church in light of the pressing internal and external challenges it faces today Rooted in the texts of Vatican II and a commitment to the church *Visions of Hope* brings together the research of leading young scholars around five important topics dialogue ecclesiology ethics liturgy and ministry These ideas represent the future shape of the Church because they are from the theologians who are planting the seminal ideas of Church **Faith and Culture** Emmanuel Osigwe, 2022-12-05 The recognition of the intersection of faith and culture has become a significant trend in contemporary theology Cultures are locations of divine activity The Sacramental Theology of Elochukwu Uzukwu in Light of Vatican II and Its Application in African Context brings freshness to the dominant Catholic sacramental thinking by offering an African appropriation of the Christian faith through African cultures It demonstrates the historical interaction of the Christian faith with multiple anthropologies that resonates with different peoples to celebrate rituals that convey divine activity This work engages the theology of Elochukwu Uzukwu a recent African sacramental liturgical theologian whose work reflects the elements of

sacramental and liturgical renewal of the Second Vatican Council especially in its openness to a plurality of cultures This book retrieves resources from the African universe to offer a contextual appropriation of the interface between faith and African cultures It highlights the African view of the body in its expressive worship and significance of relationality as an undergirding existential philosophy of life Consequently it offers a flexible theological methodology that avoids polarities It provides an additional resource to the philosophical and theological approach to the perennial problem of duality and theologies constructed on this template This study moves beyond monocultural sacramental expression to engage symbols and indigenous resources to articulate an African sacramental theology *Vulnerability and Flourishing* Lledo Gomez, Christina, Sheveland, John N., 2025-04-30

Church as Communion Philip Kariatlis,2020-03-20 This book innovatively explores the notion of koinonia for understanding the nature and function of the Church Since the Scriptures assert that the Church is the Church of God God s communal mode of existence is looked at namely God who is a communion of three hypostases relating to one another in an interpenetrating koinonia of infinite love as a way of understanding the very being of the church as communion Such a notion of koinonia far from having anything to do with socio political understandings suggests that it is a foundational gift bestowed from above to the world as the solution par excellence to the impasse of isolationism More often than not however such an ecclesiology of communion has not taken seriously the historical reality of the Church living within the fallen world along with its ceaseless temptations divisions and even sins in history In this way it becomes apparent that a dialectic needs to be acknowledged in the notion of communion as both foundational gift from God and yet one still to be fully realised Accordingly this work shows that the Church is not only as the gift of God s miraculous presence here on earth The Church is also constantly striving to exist epiclestically until such time as it will fully experience the final consummation in Gods eschatological kingdom An examination of this double dimensionality of the Church is undertaken in order to assess if this is in line with the Scriptural witness of the ekklesia Having established the gift goal dialectic in the notion of koinonia in the New Testament Church the study then traces the trajectory of this dynamic approach to koinonia in the Churchs worship and authoritative structures This promises to cast both a deeper light on and a more realistic solution to ecclesiological problems within the life of the Church today allowing for the Churchs constant renewal

The Shape of the Church Ephrem Arcement,2024-10-03 This is a book to help further the ecumenical cause By providing a new paradigm for growth in ecclesial wholeness The Shape of the Church charts a pathway that is at once biblically and theologically grounded and pastorally applicable Seven interdependent dimensions are identified evangelical pentecostal sacramental intellectual mystical pastoral prophetic which constitute the church s wholeness and safeguard its integrity Throughout church history these seven dimensions have struggled to maintain a life giving balance and have often isolated themselves from one another distorting the church s catholicity and wholeness Reform movements have repeatedly arisen to help revive dimensions being neglected but have often over emphasized these dimensions to the neglect of others and further distorted the church s shape The Shape of the Church seeks to offer a vision of the church that values the full dimensionality of the church and insists upon the giftedness of all its dimensions arguing that the path forward to greater ecclesial maturity and wholeness is only through the nurturing and integration of all its seven dimensions

Towards a Truly Catholic and a Truly Asian Church Jukka Helle,2022 The future of the Church is in Asia Pope Francis to the Philippine Cardinal Tagle Asian Catholic bishops

have taken up this challenge since 1970 they show how the Asian Church navigates itself in the midst of Asian religious and cultural plurality An image of a harmonious dialogical and inclusive church with its wayfarer s theology emerges in the theological thought of Asian bishops This book also shows that the Asian Catholic Church is a lively and vibrant communion of local Churches whose fresh and inspiring theological thought should be studied and welcomed outside of Asia as well

Of sincerity toward God and man John Tillotson, Thomas Birch, 1820 *North-American Review and Miscellaneous Journal* , 1900 Educating for Faith and Justice Thomas P. Rausch, 2010-01-01 Catholic colleges and universities play a crucial role in handing on a rich faith tradition to young adults today As these institutions have become more professional and pluralistic many are asking how effective they are at carrying out the religious mission which is central to their identity Are Catholic colleges and universities significantly different from less expensive state institutions or from other private colleges and universities Are they still committed to the search for truth which is really the search for God Thomas Rausch an eminent educator is a Catholic priest long interested in Catholic theology as a work of the church not just of the academy He insists we must also ask of Catholic higher education today Does it truly form students in the faith that does justice or does it simply speed their passage into successful corporate lifestyles Does it help students come to a personal encounter with the divine mystery revealed in Jesus Keeping these questions before them Rausch and five other contributors to this volume provide wisdom insight and concrete examples of how Catholic higher education can indeed foster faith that leads to a more just world Thomas P Rausch SJ is the T Marie Chilton Professor of Catholic Theology at Loyola Marymount University in Los Angeles He is author of numerous books including I Believe in God A Reflection on the Apostles Creed Being Catholic in a Culture of Choice and Towards a Truly Catholic Church Liturgical Press **The Living Church** , 1942 The Independent , 1904 **The Colonial Church chronicle, and missionary journal.
