War--4 Christian Views Robert G. Clouse, 1981 Robert Clouse presents four different viewpoints on war Herman Hoyt on biblical nonresistance Myron Augsburger on Christian pacifism Arthur Holmes on just war and Harold O J Brown on preventive war **War** edited by Robert G. Clouse ; with contributions by Herman A. Hoyt ... [et al.], War, Peace, and Violence: Four Christian Views Paul Copan, 2022-09-13 In a world of war terrorism and constant threats to global stability how should Christians honor Jesus Christ Four experts in Christian ethics political philosophy and international affairs present four different views of just war nonviolence Christian realism and church history orienting readers to today's key positions **Ethics, Nationalism, and Just War** Henrik Syse, Gregory M Reichberg, 2007-09 At a time when moral questions about armed force are at the forefront of the public's attention this volume offers insight on current challenges related to war nationalism and justice Though recent publications on military ethics abound this work adds to the debate by considering the historical background of just war theory in the Middle Ages before going on to elucidating its contemporary challenges The book covers a wide range of topics and raises issues rarely touched on in the ethics of war literature such as environmental concerns and the responsibility of bystanders Following a general introduction by Henrik Syse and Gregory M Reichberg the book is divided into two main sections The first addresses the cradle of the modern idea of just war in medieval Latin Christianity The section discusses the relevance of medieval ideas to the modern setting and explains why the study of the medieval roots of just war thinking is so important even today It includes essays on Ambrose Augustine Thomas Aquinas Christine de Pizan and Geoffrey Chaucer not focusing however solely on the contributions of these writers but also providing an overall introduction to key concerns in medieval just war theorizing The second section of essays examines nationalism intervention preventive war war crimes and the environmental side effects of war All of these topics are treated within the relevant theoretical contexts thus providing a rich overview of the state of the debate While staying within the framework of a post 9 11 context and raising several issues of relevance to the discussion about terrorism this section also highlights several topics that have been overshadowed by the war on terror but which merit attention in their own right One of the most comprehensive works on the subject **Ethics Nationalism and Just War** is an important and accessible text for students and scholars alike Henrik Syse is a senior research fellow at the International Peace Research Institute Oslo PRIO Gregory M Reichberg also senior research fellow at PRIO heads the institute's program on Ethics Norms and Identities They are coeditors of *The Ethics of War Classic and Contemporary Readings* and have both published and taught widely on issues related to political thought and the ethics of armed force In addition to the editors contributors are J Peter Burgess Andreas F llesdal Kate L Forhan Phillip Gray Dieter Janssen James Turner Johnson James Meernik Gerson Moreno Riano Anne Julie Semb Dan Smith Arne Johan Vetlesen and John von Heyking **PRAISE FOR THE BOOK** A unique and significant contribution to the field of just war thinking The range and depth of the historical perspective and the precise applications to

contemporary issues make it a truly useful collection of essays This book has the potential to be the state of the art comprehensive book on just war John P Hittinger University of St Thomas Houston A superb collection of essays Readers will find both deep historical grounding for the just war tradition in late Hellenistic and Medieval writers and essays on pressing contemporary issues of the environmental impact of war the status of non combatants in modern war the moral and legal status of the nation state and international institutions such as the UN and the theory and practice of preventive war Martin L Cook U S Air Force Academy P acked with great ideas and provocative discussion This is an excellent addition to the field and to any just war related library William Kautt Journal of Military History E xcellent In approaching the just war tradition in this manner the authors and editors of this volume have recovered something of that tradition s diversity and vitality B y emphasizing the protean nature and op

Institute for Theological Research. Symposium,1985 The Life and Death Debate J Moreland,Norman L. Geisler,1990-11-09 This work is an introductory treatment of issues and options in social and bioethics which center on the end of life The purpose of Moreland and Geisler is to offer a beginning survey of these issues to someone unfamiliar with philosophy Thus they have attempted to simplify and summarize various end of life topics without being simplistic or caricaturing different viewpoints even though the authors own viewpoint is made perfectly clear A comprehensive bibliography glossary and subject and author index make this a valuable textbook as well as a resource for further study The major purpose of this book is to make the reader think more clearly and deeply about the important issues discussed between its covers Beginning the work is an essay which introduces us to the dilemma of ethical decisions The following chapters separately discuss the situations of abortion infanticide euthanasia suicide capital punishment and war The discussion is ended by the insight gained in the previous chapters with a chapter of practical and theoretical guidance for making ethical

decisions A glossary subject index author index and selected bibliography for each chapter make this a valuable textbook as well as an important beginning for novice philosophers This important work will not only appeal to experienced philosophers but also to students of moral philosophy theology and ethics **The Publishers' Trade List Annual** ,1985 *American Baptist Quarterly* ,1984 **The Cumulative Book Index** ,1992 A world list of books in the English language Historians of Early Modern Europe ,1987 Christian Ethics & U.S. Foreign Policy Mark R.
