Way To Water A Theopoetics Primer:

Way to Water Callid Keefe-Perry, 2014-09-10 *Way to Water* has two primary intentions to trace the development of the nascent field of theological inquiry known as theopoetics and to make an argument that theopoetics provides both theological and practical resources for contemporary people of faith who seek to maintain a confessional Christian life that is also intellectually critical. Beginning with the work of Stanley Hopper in the late 1960s and addressing the early scholarship of key theopoetics authors like Rubem Alves and Amos Wilder, this text explores how theopoetics was originally developed as a response to the American death of God movement and has since grown into a method for engaging in theological thought in a way that more fully honors embodiment and aesthetic dimensions of human experience. Most of the extant literature in the field is addressed to allow for a cumulative and comprehensive articulation of the nature and function of theopoetics. The text includes an exploration of how theopoetic insights might aid in the development of tangible church practices and concludes with a series of theopoetic reflections.

Underground Rap as Religion Jon Ivan Gill, 2019-10-28 *Underground rap* is largely a subversive grassroots and revolutionary movement in underground hip hop, tending to privilege creative freedom as well as progressive and liberating thoughts and actions. This book contends that many practitioners of underground rap have absorbed religious traditions and ideas and implement critique or abandon them in their writings. This in turn creates processural mutations of God that coincide with and speak to the particular context from which they originate. Utilising the work of scholars like Monica Miller and Alfred North Whitehead, Gill uses a secular religious methodology to put forward an aesthetic philosophy of religion for the rap portion of underground hip hop. Drawing from Whiteheadian process thought, a theopoetic argument is made. Namely, that it is not simply the case that God is the poet of the world, but rather rap can in fact be the poet-creator of its own form of quasi-religion. This is a unique look at the

religious workings and implications of underground rap and hip hop As such it will be of keen interest to scholars of Religious Studies Hip Hop Studies and Process Philosophy and Theology

Reyes Joyce del Rosario Tiffany U Trent Tamisha A Tyler Lis Valle Ruiz **Suspended God** Maeve Louise Heaney, 2022-03-24 Heaney traces the hidden history of music's presence in Christian thought including its often unrecognized influence on key figures such as von Balthasar Barth and Bonhoeffer. She uses Lonergan's theological framework to explore musical composition as a theological act showing why, when, and how music is a useful symbolic form. The book introduces eleven ground-breaking theologians, and each chapter offers an entry point into the thought of the theologian being presented through an original piece of music which can be found on the companion website <https://bloomsbury.pub/suspendedgod>. Heaney argues that music is a universally important means of making sense of life with which theology needs to engage as a means of expression and of development. Musical composition is presented as an appropriate and even necessary form of doing theology in its quest to engage with the past, mediate truth to the present, and tradition into the future.

Violent Trauma, Culture, and Power Michelle Walsh, 2017-02-16 This book is an interdisciplinary exploration of the intertwining impact of violent trauma, culture, and power through case studies of two ministries serving in different demographic contexts within the United States. Mass shootings continue to rise in the United States, including in religious and school contexts, and the U.S. also is ground zero for the now international Black Lives Matter movement. The author shows how all forms of violent trauma impact more than individuals: devastating communal relationships and practices of religious or spiritual meaning-making in the aftermath, and assesses how these impacts differ according to lived experiences with culture and power. Looking at the two ministries: an urban grassroots lay ministry organization that serves surviving family members in the aftermath of homicide, and a denominational ministry that served a church in the aftermath of a political and religiously motivated shooting, the author develops trauma-specific interdisciplinary tools for lived religion studies. This book powerfully utilizes an intersectional lens to highlight the interconnections to be found for those working in faith communities as well as mental health. Walsh provides the reader with an opportunity to explore and develop theoretical and practice perspectives that include race and ethnicity, religion and spirituality, social class, and ability, sexual orientation, immigration, and refugee status, and explores the impact that oppression and discrimination have on our communities and society. I highly recommend this book for those who are engaged in working to combat domination at the local, national, and global levels.

Gary Bailey Simmons College USA *A Beautiful Bricolage* Silas Krabbe, 2016-08-03 Theopoetics is a plea for a more fully human way of speaking about God in the twenty-first century, a way that offers new life to dry and dying platitudes. Drawing deeply from linguistics, theology, philosophy, and even quantum mechanics, theopoetics attempts to reimagine the relationship between human language and speech about God through poetic phrasing and metaphor, thereby proposing a new God-talk. Interacting with selective works from within the discipline, Silas Krabbe offers a guide that not only maps the diversity of thought but also charts what is going on in the depths of the field. Using the metaphor of a river, Krabbe attempts to baptize the reader into theopoetics by leading an immersive

exploration sounding its waters hearing resonances and echoes feeling its flow and becoming entangled in the braiding of its streams Plunging ever more deeply into the differences that exist within the discourse of theopoetics Krabbe is able to identify common aims currents and even hints of where this theopoetic river may lead Not only a text about theopoetics A Beautiful Bricolage is a work of theopoetics itself It thereby draws the reader into a mode of inquiry that repudiates those who attempt to grasp it Imaginatio et Ratio: A Journal of Theology and the Arts, Volume 4, 2015 Jeff Sellars, 2015-11-16

Narratives from Beyond the UK Reggae Bassline William 'Lez' Henry, Matthew Worley, 2020-11-25 This book explores the history of reggae in modern Britain from the time it emerged as a cultural force in the 1970s As basslines from Jamaica reverberated across the Atlantic so they were received and transmitted by the UK's Afro Caribbean community From roots to lovers rock from deejays harnessing the dancehall crowd to dub poets reporting back from the socio economic front line British reggae soundtracked the inner city experience of black youth In time reggae's influence permeated the wider culture informing the sounds and the language of popular music whilst also retaining a connection to the street level sound systems clubs and centres that provided space to create protest and innovate This book is therefore a testament to struggle and ingenuity a collection of essays tracing reggae's importance to both the culture and the politics of late twentieth and early twenty first century Britain

Disruptive Inclusion Jen Smith, 2024-03-31 What is Christian adult learning What questions are raised when Christian faith and learning meet Many existing approaches primarily address issues such as curriculum content or teacher character Building on the work of John Hull *Disruptive Inclusion* approaches the intersection of theology and pedagogy suggesting that the christianness of Christian adult learning is best expressed by the posture adopted by learners not only via what is taught and by whom Specifically Jen Smith claims that a key to Christian adult learning posture is how learners include the unexpected and disruptive in their learning Drawing on key resources such as the biblical narrative Christian tradition liturgy community and her own experiences Jen takes us on a deeply personal and practical journey into disruptive inclusion and invites us to re imagine what effective Christian adult learning might look like in the classroom pulpit and online learning settings

Theopoetics and Religious Difference Marius van Hoogstraten, 2020-09-30 Why are interreligious encounters and relations both more troubling and more promising than typically assumed and how can this be embraced In engaging the contemporary theological discourse of theopoetics Marius van Hoogstraten offers a way of approaching religious difference that while perhaps unusual to readers

familiar with more conventional theology may be especially fitting for this age Provided by publisher Theology and the Films of Christopher Nolan Joel Mayward, 2025-10-30 This work of theological film criticism provides an analysis of filmmaker Christopher Nolan's entire filmography from *Following* (1998) to *Oppenheimer* (2023). Though his films are noticeably lacking in representations of religion or references to God, Nolan's postsecular cinema is nevertheless worthy of our theological consideration as it contains valuable theological and philosophical insights. Indeed, this is the central claim of *Theology and the Films of Christopher Nolan*: Christopher Nolan's films can and should be considered works of cinematic philosophical theology; they are doing theology and philosophy through the medium of film as they explore what it means to be human in relation to the transcendent. This book identifies the deep parallels and resonances between Nolan's films and the works of philosopher Paul Ricoeur and theologian St. Augustine. Like Nolan's cinema, *Theology and the Films of Christopher Nolan* is both intellectually stimulating and highly accessible, satisfying the interests of both scholars and popular audiences alike.
