Modernity's Classics Sarah C. Humphreys, Rudolf G Wagner, 2013-02-11 This book presents critical studies of modern reconfigurations of conceptions of the past of the classical and of national heritage Its scope is global China India Egypt Iran Judaism the Greco Roman world and inter disciplinary textual philology history of art and architecture philosophy gardening Its emphasis is on the complexity of the modernization process and of reactions to it ideas and technologies travelled from India to Iran and from Japan to China while reactions show tensions between museumization and the recreation of presence It challenges readers to rethink the assumptions of the disciplines in which they were trained American Learned Men and Women with Czechoslovak Roots Mila Rechcigl, 2020-11-18 Apart from a few articles no comprehensive study has been written about the learned men and women in America with Czechoslovak roots That s what this compendium is all about with the focus on immigration from the period of mass migration and beyond irrespective whether they were born in their European ancestral homes or whether they have descended from them Czech and Slovak immigrants including Bohemian Jews have brought to the New World their talents their ingenuity their technical skills their scientific knowhow and their humanistic and spiritual upbringing reflecting upon the richness of their culture and traditions developed throughout centuries in their ancestral home This accounts for the remarkable success and achievements of these settlers in their new home transcending through their descendants as this monograph demonstrates The monograph has been organized into sections by subject areas i e Scholars Social Scientists Biological Scientists and Physical Scientists Each individual entry is usually accompanied with literature and additional biographical sources for readers who wish to pursue a deeper study The selection of individuals has been strictly based on geographical ground without regards to their native language or ethnic background This was because under the Habsburg rule the official language was German and any nationalistic aspirations were not tolerated Consequently it would be virtually impossible to determine their innate ethnic roots or how the respective individuals felt Doing it in any other way would be a mere guessing and thus less objective Classical and Contemporary Social Theory Tim Delaney, 2016-01-08 Classical and Contemporary Social Theory Investigation and Application 1 e is the most comprehensive informative social theory book on the market The title covers multiple schools of thought and applies their ideas to society today Readers will learn the origins of social theory and understand the role of myriad social revolutions that shaped the course of societies around the world *The Wiley Blackwell Handbook of Operant and Classical Conditioning* Frances K. McSweeney, Eric S. Murphy, 2014-05-23 This combined survey of operant and classical conditioning provides professional and academic readers with an up to date inclusive account of a core field of psychology research with in depth coverage of the basic theory its applications and current topics including behavioral economics Provides comprehensive coverage of operant and classical conditioning relevant fundamental theory and applications including the latest techniques Features chapters by leading researchers professionals and academicians Reviews a range of core

literature on conditioning Covers cutting edge topics such as behavioral economics Classical Genetic Research and Its Legacy Benoit Godin, 2004 Governments and researchers from industrial countries have been measuring science and technology for more than seventy years This book provides an historical examination of official science and technology statistics and indicators in Western countries and addresses the following questions What were the main historical moments that led to the development of statistics on science and technology What were the main socio political stakes behind the activities of science measurement What were the philosophical and ideological conceptions that drove measurement What statistics and indicators were developed and how were they constructed The first part of the book concentrates on the construction and development of science and technology statistics from 1930 to the present the principles at work and the vested interests and forces behind that construction The second part analyzes to what uses statistics were put and with how much confidence actors used statistics to document their case or to promote their political agenda **The Classical World**, 1907 **The Classical Journal**, 1924 Annual Report of the Department of the Interior United States. Department of the Interior, 1873 *Explorations in Classical Sociological Theory* Kenneth Allan, 2005-01-12 Rather than a work of theory itself *Explorations in Classical Sociological Theory* Seeing the Social World is an insightful work that invites students to think creatively reflexively and critically about their social worlds Written in a conversational tone that lifts the veil of theoretical jargon *Explorations in Classical Sociological Theory* introduces students to the major classical theorists including Marx Spencer Durkheim Weber Simmel Mead Schutz Gilman and Du Bois This text focuses on the individual perspective of each theorist rather than schools of thought and uses the provocative ideas of modernity and postmodernity to help students understand how the theoretical historical perspectives apply to their own time period **Fortnightly Index**, 1884
