With Intent To Maim An Autobiographical Narrative

Kalman Dubov

With Intent To Maim An Autobiographical Narrative:

With Intent to Maim; An Autobiographical Narrative Kalman Dubov, 2020-10-06 This book describes my experiences being subjected to and living with abuse during my childhood and early adult years in the Lubavitch Chabad community in Brooklyn New York I discuss the effects this physical emotional and psychological abuse had on my development and life which resulted in my leaving this community and lifestyle When I grew up in this community the topic of abuse was either denied or spoken about in whispers Generally even if abuse of a child was known it was not reported to law enforcement and the child was not protected from further abuse The topic of reporting such crimes to the law enforcement authorities for eventual criminal prosecution is referred to as mosur a term of revilement Such a person regardless of the crime s committed is protected by the Jewish community and the victim is forced to face the abuse by himself herself without the benefit of communal embrace for resolution Moreover Jewish law excoriates a mosur informer by exclusion from normative communal membership These exclusions are embodied in codes of Jewish law which formalizes the process by vilifying the informer The victim thereby faces a double attack The first is by the predator and the second by the code of silence forced upon the victim The primary focus of this book regards the physical attack I endured at the hands of my mother She was angered by my non diligence in religious study motivating her to try to break my arm I was eight years old at the time And she was following the actions of another mother who broke the arm of her son for the same perverse reason this attack was a life changing event It forced to identify my mother and others as persons who represented a great danger to me necessitating measures that resulted in distance and eventual examination of the fundamentals of this religious life and identity I describe the other Jewish family that similarly abused a child Similar to my own circumstance no investigation or prosecution was ever conducted I remain convinced other families from these ultra Orthodox Charedi Jewish communities experienced similar or worse violence but such violence was muted and not reported My father was aware of the attack but did not intervene I discuss the details of the abuse as well as its aftermath and the larger concatenates these events caused in my life I conclude my narrative by stating that these acts and especially community refusal to acknowledge and respond is shameful and indefensible A few persons reviewed this material prior to publication While I remain grateful for their comments and recommendations the publication reflects my own insights and I remain responsible for any errors or oversights Essays on Diverse Topics Kalman Dubov, 2021-12-23 This revised and updated volume includes twenty two essays on timely topics The volume begins with topics on Judaism and Jewish Ideology the book reviews the multiplicity of languages Jewish people used throughout their history At last count these number 55 an amazing way to create a localized language for daily interaction rather than use Hebrew the sacred language reserved for prayer and study The brief review of Lurianic Kabbalah follows together with a discussion of human suffering The mystery of Ashkenazic Jewry follows offering a serious question to this dilemma What follows is an exposition on the Jewish law of mosur the informer and the many issues affecting sexual

predation in ultra Orthodox Judaism both in the United States and Australia as in Israel The Cairo Genizah reviews how two Scottish sisters brought the Book of Ecclesiasticus to Cambridge and the vast treasure of Cairo brought to Cambridge and other universities to examine this ancient repository The issue of Apostate Rabbis follows discussing several rabbis who converted to Christianity I then discuss the Radhanites the mysterious group of super merchants who traveled from France to China and back for about 500 years centuries before Marco Polo I then discuss Chabad Messianism a topic of interest as Chabad expands its message across the globe Several topics follow Medieval Blood Libel the mystery of Jews in Sri Lanka today a minimal number but in earlier centuries numbering several thousand I then discuss several topics on the human condition essays designed to reflect on Man's ethical dilemma of life in the post World War Two era I then discuss the two original ideas regarding religion One of these is attributed to the Patriarch Abraham whose reflection on Deity and how to relate to spirituality predominates in the three great Western religions The other original thought is found in Hinduism reflecting an entirely different way to relate to Deity Because Hinduism is a Far Eastern phenomenon not readily accessible in the West I've included an overview of Hinduism so that the Western and Jewish views can be appreciated A new topic reflect on the Atrocity Soul and its counterpart reflecting of the Son of Darkness and the Son of Light each bringing messages one of despair and darkness and the other of hope and redemption While these persons may be religious it is not a primary matter to the Son of Light but their message of hope predominates I conclude the book with a discussion on Calculating Zero an advancement only made twice in human history in the New World by the Maya and by the ancient Mesopotamians Each of the essays and reviews reflects my understanding of these and other diverse topics Each essay provides grist for discussion and reflection

The Riot Kalman Dubov, 2021-12-13 Much has been written and analyzed about Chassidism from its growth and development in Eastern Europe the challenges its early and later leaders faced and its transplantation from the Eastern European shtetl to the United States after the Second World War As different Chassidic sects reflected their own unique identity their persona took on emphases by which they became known For the most part there is respect for other sects but when two sects with strong ideologies clash that flashpoint can become a physical altercation From a sociological viewpoint it is the unique and different that are more readily studied because the difference can be examined from the norm in that society And such an analysis takes on more poignant resonance when two major Chassidic sects resort to the physical by way of a riot in the streets of Williamsburg a section of Brooklyn New York In 1977 I witnessed such a disturbance in the streets of Williamsburg Brooklyn New York between Lubavitch and Satmar Chassidim Lubavitchers had marched from their headquarters in Crown Heights Brooklyn New York to disseminate their ideology in the many Chassidic sects in Williamsburg Such a march was done annually for many years but this year was different because it was the last time it took place The fistcuffs resulted in Lubavitch members being taken to the hospital by ambulance on the Passover holy day The narrative reviews my presence in Williamsburg and coincidentally the larger maternal family's attitude

towards both Satmar and Lubavitch These members were for the most part not part of either community I also discuss the Black Angels a unique ultra religious Jewish group in Williamsburg and their place during the riot Finally I review the hard core beliefs endemic in these sects concluding with four essential criteria necessary for dialogue in dysfunctional families

Journeys to the Commonwealth of Australia Kalman Dubov, 2021-11-24 The continent of Australia has an ancient and modern history Aborigines arrived at this continent an estimated 40 000 to 60 000 years ago living a hunter gatherer existence while developing unique ways to live and thrive on this land That idyllic life ended in 1770 when the great British explorer James Cook discovered the continent Just eighteen years later in 1788 the First Fleet of convict ships from England established a colony at Botany Bay near today's city of Sydney The settlement grew and developed while additional convict ships and settlers came to this continent to make a new home and life for themselves As the number of settlers increased there was a corresponding series of attacks on the Aborigines Massacres took many lives while European diseases for which the Aborigines had no immunity decimated these ancient communities I review this tragic interaction between these two diverse cultures which continues today I also explore the Stolen Generation the racist and genocidal policy of forcibly removing Aboriginal children from their parents and community then giving these children to white parents to be raised in an atmosphere intolerant to the Aboriginal culture and history An estimated 100 000 children were taken in this manner remembered nationally and annually as Sorry Day In addition an estimated 500 000 white children were taken from parents and given to others While forcibly negating and outlawing native cultures has taken place in many countries where dominant values are identified as superior to the older and subjugated culture the forcible removal of hundreds of thousands of white children from parents reflects a policy that begs to be examined in depth I also review the establishment of a Royal Commission that examined sexual predatory attacks on children both in the Roman Catholic Church by diocesan and order priests brothers while these children were wards of these religious institutions by order of the federal government I also explore the percentages of prelates who acted in this criminal manner This issue has been faced in several other countries with resulting questions regarding the role Catholic priests and their bishops have in teaching religious values while protecting their charges from sexual abuse The Jewish community too has been charged in this scourge Two religious schools in Melbourne were charged with knowledge of such attacks taking place in these schools but the rabbinic leadership neither reported the abuse to civil authorities nor made efforts to stop it In this regard I explore the Jewish law inhibiting such reporting to secular authorities In fact the historic and traditional Jewish community standard prefers to protect the predator and not protect the victimized child This standard is gradually changing as progressive awareness is made into the corrosive atmosphere surrounding a victimized child and the enormous psychological and emotional costs endured by the child for the remainder of his or her life The theme of sexual abuse is also present with regard to Malka Leifer This woman was charged with over seventy counts of criminal behavior while having a senior administrative and teaching role in a leading ultra

Orthodox religious school for girls She became a cause célèbre with international intrigue between Australia and Israel when she escaped Australian shores for refuge in Israel Years of legal wrangling ensued by many Israeli courts including the Supreme Court each examining the increasing furor if this woman should be extradited to face criminal charges in Australia Malka Leifer was only recently returned to Australia now finally awaiting her moment of facing her accusers in open court This volume also reviews and analyzes each war Australians fought in from the Second Boer War First World War Second World War Korean and Vietnam Wars the wars in Iraq and Afghanistan These conflicts culminated with the ANZUS Treaty with a military cooperation agreement between the United States Australia and New Zealand The United States identified New Zealand as standing against the West when it promulgated its anti nuclear zone New Zealand identified with smaller Pacific island nations that condemned nuclear testing on remote Pacific islands and the resulting fallout with consequent health issues they face because of such testing I was on the Holland American Grand Voyage while visiting Australian ports I review the different Australian ports the Amsterdam came to such as Darwin Brisbane and Sydney I review each of these cities both as the country developed and modernly with these cities taking on more developed economic power On Jewish Suffering; Opposing View & the Messianic Age, A Historic Analysis Kalman Dubov, 2024-10-23 Napoleon the French Emperor invaded Czarist Russia in the Franco Russian War of 1812 The war ended in defeat for the French with the Russians referring to this as the Patriotic War emerged victorious Napoleon was in the process of liberating Jews from their enforced living in European ghettos intending to emancipate and integrate them into modern French society Emancipation of the Jews was a key byword and many Jews hailed Napoleon as their benefactor and savior To achieve fullest integration Napoleon created a modern version of the Jewish Supreme Court the Great Sanhedrin to answer questions regarding Jewish belief laws and their ability as well as intention to integrate into modern society The head of the Sanhedrin was Rabbi David Sinzheim Chief Rabbi of Strasbourg France However opposed to French emancipation of the Jewish community was the first Chassidic leader the Rebbe of Chabad Rabbi Shneur Zalman of Liadi He was so opposed to French emancipation efforts that he directed a member of his community a man with multi lingual talents to offer his services as a translator of documents In reality however he acted as a spy and passed French military plans to the Russians We are aware of this clandestine effort by way of a letter Rabbi Shneur Zalman wrote to the spy explaining his rationale for acting this way The rabbi felt that emancipation would reduce Jewish reliance on religious devotion and prayer while emancipation would provide material benefit with a consequent loss of piety and religious adherence The letter from the Rabbi adds a dimension of thinking why he was so opposed to Napoleonic success At the time this was taking place Jews were subjects of the Czarist Empire mandated to live in the Pale of Settlement a region rife with anti Semitism pogroms penury and poverty But such living conditions the rabbi felt was preferable to emancipation Hence this strange policy was applied even to Jews who were not Chassidic not members of this sect or community After the Second World War Chabad changed dramatically No longer could the policy of their first

Rebbe be imposed on Jews Because of the massive anti Semitism exhibited by the Nazis and their many willing allies who assisted them in murdering Jews the notion of living under Christian or Muslim domination was no longer viable The last Chabad Rebbe instead introduced a Messianic message praying for and encouraging others to work towards the arrival of the Messiah This book describes Jewish suffering both in the period when Rabbi Shneur Zalman was alive as well as in the long term particularly in the last millennia when Jews faced great persecutions and no less than 48 separate expulsions This volume questions the logic of Jewish suffering as a necessary prerequisite for Jewish belief and practice to be viable This policy offers the pertinent study of the period when the question of Jewish suffering was deemed key to Judaism but while enormous anti Semitism was present Yet after the Second World War an entirely new reality was introduced for Jewish survival

Journey to the Republic of Guatemala; Land of the Maya Kalman Dubov, 2023-05-10 The Central American country of Guatemala was populated by the Maya people whose empire extended from Honduras to the south to today's southern Mexico Remnants of their presence are found throughout this region with monumental architecture cities palaces and great pyramids Wherever one looks the explosion of growth and development captures the viewer in its thrall Even the many glyphs adorning these sites with their unique writing style are a marvel to behold They lived here for an estimated two thousand years and then in the early 16th century the Spanish came and conquered these people By then their greatness had already ended in the midst of the 10th century when their culture and civilization collapsed But they retained their culture by way of thousands of pictographic books which detailed their way of life and their advancements But the Spaniards zealous in their Catholicism sought out and destroyed every such book they could find and burned them all Except for three such books known as the Maya Codices Historians and scholars began the slow process of deciphering the Maya past Great effort was expended and the reality of their lives culture kings wars and daily practice began to emerge And the world was astounded by the emerging picture Perhaps a first in the world was their mathematical calculation with zero a phenomenal achievement Interestingly the glyph of the zero depicted a woman what mathematical genius was she to use zero in calculations Their astronomy of the heavenly spheres was astoundingly precise as was their knowledge of geometry and trigonometry Their religion however included human sacrifices following the practice of other nearby civilizations such as the Aztecs the Inca in South America and others The Spaniards stopped such worship and offerings and now subjugated these people into serfdom called *encomiendas* or enforced working for the conquistadors and their descendants Independence from Spain came in 1821 but the Mayan living conditions did not change The country became divided between the Spanish descendants now known as the *Criollos* the middle class known as *Ladinos* not to be confused with Jews in 9th century Castilian Spain and the Maya and other indigenous The social distance from the upper to lower classes was immense And that distance came forward during Guatemala's Civil War from 1960 to 1996 The violence and massacres during this period was so evil the president of the country Rios Montt was charged and convicted of Genocide the first time a country charged its own leader with this crime At

a previous age and time the face of Guatemala presented immense achievements Today violence crime and cultural penury is self evident Guatemala is a third world country where the majority of its people live in great poverty while the upper class has the land its abundance and vast wealth *Sacred Books; Secular Books* Kalman Dubov, The ultra orthodox Jewish world divides the world into two distinct realities the sphere within and the sphere without The internal sphere which I refer to as the Sphere of Holiness is maintained in a sacrosanct manner so that the Sphere of Secularity does not intrude and contaminate the other sphere The range of figurative walls maintaining these two spheres affects the consciousness and reality of every ultra orthodox Jew so that this construct is continually brought to conscious awareness Every member of those who maintain this lifestyle is urged to continually be reminded and reinvigorated in this awareness Examples of such awareness begin with ultra orthodox schooling A child begins religious studies that are exclusive with secular studies either ignored or completed in a way that denies credence or importance In New York State the education law contains vague language regarding how a child is to be educated This vagueness allows those in charge of that school to largely circumvent traditional pedagogy As the child advances in religious studies the lack of external exposure coupled with the intensity of study requirements ensures the young man does not stray into forbidden areas that might endanger his sacred standing in the community and be enticed by the larger world Such study intensifies with each passing grade and year until he is fully conversant with ancient Jewish law and traditions after nearly twenty years of such study At the same time however he will be a functional illiterate in the lingua franca of his home country His female counterpart will not be exposed to such traditional studies because her role is to be the mother and home caretaker not the scholar The Jewish tradition not to teach girls and women similar to men derives from the Talmud and the legal determination of Maimonides This mindset has continued for hundreds of years and is unlikely to change Despite this limitation on women's education through Jewish history exceptional women achieved a high scholarship to the acclaim of their entire community including men In fact one woman a singular exception became a Chassidic Rebbe amidst fierce opposition A modern exception to such a study curriculum is Chabad Because it has a messianic outreach program the Chabad couple who establish a Chabad House in diverse cities and countries and are often the only ones running the program the woman must have the training to lead and know the deeper aspects of Judaism This book is not only about women's education but it represents the larger dynamics in how the ultra orthodox Jewish world bifurcates the reality of its members so that any intrusion from that external world remains in place An example of such limitation is the ultra orthodox public denunciations against the use of the internet use of computers as against the smartphone unless these devices are programmed so that surfing is not possible The future of these communities on a trajectory of high fertility ensures their future growth As they populate the United States and other countries replenishing the numbers lost in the Holocaust their exposure to and awareness of the world at large will remain extremely limited **Sam Dreben** Kalman Dubov, 2021-12-16 Sam Dreben came to the United States penniless with very few skills

Shortly after he arrived he enlisted in the United States Army soon seeing action in the Philippines He excelled as a machine gunner with claims he could shoot the left eye of a sparrow at a great distance He settled in El Paso Texas and from there reenlisted several times and with each military action his fame and courtly manner won him acclaim and prowess During World War One he saw action in Europe first in France and later in Germany The citation for his bravery for saving the French line from a flanking maneuver reflects incredible bravery under fire A grateful France awarded him the Medaille Militaire its highest honor for bravery in battle and similar awards from Belgium and Italy He also received the United States Distinguished Service Cross a medal of which he was rightly proud Following the Great War General John Pershing chose him as one of the four Honor Guards for the dedication of the Tomb of the Unknown Soldier in November 1921 in Washington D C At his untimely death the Texas Legislature flew the State Flag at half mast in honor of the loss of a Son of Texas He also received the highest honors from statesmen generals and fellow soldiers This is only part of the story of my great great uncle a hero trailblazer and fighter Famed journalist Damon Runyon gave him the title Fighting Jew a title that Sam carried with great pride and honor In his lifetime he was a walking legend and after his passing his bravery and military skill reached mythic heights He was admired and loved and it is an honor to write of his life If there was a person of the past with whom I would have wanted to speak I would choose Sam warrior tactician and unfailing comrade in arms

History of the Iberian Peninsula Kalman Dubov, 2023-04-24 The Jewish history of the Iberian Peninsula begins during Roman times followed by the Visigoths a Germanic presence that was initially favorable towards the Jews In 589 CE their king Recarred converted to Roman Catholicism resulting in the Edicts of Toledo a series of laws designed to create many difficulties for Jews who refused to convert to Christianity Visigoth rule ended in 711 when Muslims from North Africa invaded Tariq ibn Ziyad a North African general for whom Gibraltar is named Jebel Tariq found Visigoth armies weak and soon reached the Pyrenees and beyond Muslim rule on Iberia lasted from 711 to 1492 as Christian armies reconquered and gained southern territories During Islamic control of the peninsula a conviviality convivencia existed amongst the three Abrahamic religions resulting in a vast seminal growth with translations of ancient Greek and Roman texts and advances in every area of human thought The scholarship that grew from this period later fueled the Renaissance benefiting modern scholarship But in 1492 Ferdinand of Aragon and Isabella of Castile promulgated the Alhambra Decree expelling all Jews from the kingdom This was followed by the establishment of the Spanish Inquisition an institution that tortured and murdered thousands of men women and children even as young as twelve years old The Inquisition extended to the New World In Mexico City as in Lima Peru victims of the Inquisition faced merciless tribunals and faced the same fate as in Spain The Inquisition was finally abolished in 1968 Transitioning to 2015 Spain began offering dual nationality to Jewish descendants of the expelled I analyze the requirements to do so noting its extensive detail even demanding support of the Spanish constitution and culture as well as tests in Spanish with proof of marriage in the Jewish Castilian tradition This book offers a tableau of the harsh zealous and

intolerant past to an effort by Spain to amend that violent historic record by offering an open hand to Jews I leave the reasoning why Spain is doing so to the pessimist and cynic or to the optimist and hopeful In the Shadows of the Christian
See Kalman Dubov, 2021-12-21 During my 28 years of service as a military chaplain in the United States Armed Forces I wore the uniforms of the US Navy US Marine Corps and US Air Force I had tours of duty in the United States and overseas The senior chaplains with whom I worked and to whom I was responsible for each day's work were of senior rank and men I briefly served under a woman while deployed in the Middle East who were all Christian mostly of the Protestant faith I describe my time with them and the atmosphere they created both for the chapel and chapel staff community as for the entire base Uniformly I found them intolerant of other religions refusing to accede to my place at the table of authority and decision One individual was an anti Semite a man who took every opportunity to undermine my place at the base we were at Naval Station Subic Bay Philippines The hours following the weekly staff meeting were when he expressed his outrage at the existence of the State of Israel while promoting the rights of the Palestinians He belittled every aspect of my work at this base His vilifying statements expressed in shouting outbursts at the highest pitch of screech and rage were done without any interest in any form of civility or decency Once unleashed he poured forth his fecal filth resulting in his expressing his determination For me not being able to stay in the Navy and to never be promoted to a higher rank But this anti Semite's intentions and actions were thwarted by an extraordinary event that countered the immediacy of negativity The long term effects of that man's actions resulted in a festering poison that was never eradicated throughout the time I was in the military I also describe other seniors with their foibles and careerism their overall limitations and crass behaviors In two instances I joined a group of African Americans at two Air Force bases who were intent on gathering sufficient racist information for a legal challenge with the ACLU I was honored to sit with them considering ways to oust the racists who sat in the leadership position I retired as a Major and did so honorably I regret working with these miserable miscreants who expressed virtue and grace but whose hearts were filled with limitation dishonor and evil In the final analysis I regret having served alongside these people They did not deserve my presence and they certainly did not earn my esteem or respect I am often thanked for my years of military service immediately seeing a nod of respect at the sacrifices made during these nearly three decades of time These two volumes detailing names places and settings describe the details and how I coped with persons who represented an unwelcome face one of barest tolerance at the necessity of my presence and by extension the presence of the small Jewish community at that military base I encountered harsh Christian fundamentalism promoted by these Christian chaplains and extended by them to their counterparts in the military base community Facing such negative attitudes in each base I realized the severe limitations of my presence And by the time of my retirement I was literally counting the days when I would never again meet with these people These are unpleasant vignettes but they are true insofar as my recollection of them And one of the purposes of these volumes is to remove the veneer of na vet about this world and its people In the end I

am ambiguous about that commitment partly proud I persevered but also ashamed at the cost such commitment demanded I leave it to the reader to determine if the sacrifice was worthwhile
