WITNESS IN PALESTINE

A JEWISH AMERICAN WOMAN
IN THE OCCUPIED TERRITORIES

| UPDATED & REVISED |

"Even those familiar with the grim reality of the occupied territories will quickly be drawn into a world they had barely imagined by these vivid, searingly honest, intensely acute portrayals."

Witness In Palestine A Jewish Woman In The Occupied Territories:

Witness in Palestine Anna Baltzer, 2019-01-22 Anna Baltzer a young Jewish American went to the West Bank to discover the realities of daily life for Palestinians under the occupation What she found would change her outlook on the conflict forever She wrote this book to give voice to the stories of the people who welcomed her with open arms as their lives crumbled around them For five months Baltzer lived and worked with farmers Palestinian and Israeli activists and the families of political prisoners traveling with them across endless checkpoints and roadblocks to reach hospitals universities and olive groves Baltzer witnessed firsthand the environmental devastation brought on by expanding settlements and outposts and the destruction wrought by Israel's Security Fence which separates many families from each other their communities their land and basic human services What emerges from Baltzer's journal is not a sensationalist tale of suicide bombers and conspiracies but a compelling and inspiring description of the trials of daily life under the occupation

Zionism and the Quest for Justice in the Holy Land Donald E. Wagner, Walter T. Davis, 2014-07-01 A critical examination of political Zionism a topic often considered taboo in the West is long overdue Moreover the discussion of Christian Zionism is usually confined to Evangelical and fundamentalist settings The present volume will break the silence currently reigning in many religious political and academic circles and in so doing will provoke and inspire a new challenging conversation on theological and ethical issues arising from various aspects of Zionism a conversation that is vital to the quest for a just peace in Israel and Palestine The eight authors offer a rich diversity of religious faith academic research and practical experience as they represent all three Abrahamic faiths and five different Christian traditions Among the many themes that run through Zionism and the Quest for Justice in the Holy Land is the contrast between exclusivist narratives both biblical and political and the more inclusive narratives of the prophetic Scriptures which provide the theological foundation and the moral imperative for human liberation Readers will be drawn into a compelling readable and stimulating series of essays that tackle many of the complex issues that still confound clergy politicians diplomats and academic experts

Jews against Zionism: Voices for justice Ayoub Issa Ayoub Abu Dayyeh, 2025-04-13 In this biography of Jewish and Israeli humanists who are engaged in literature history journalism philosophy theology politics economics law education and the natural and applied sciences we tend to believe that they represent a group of 67 people who enjoy a humanist global way of thinking that is not intolerant of religion sect gender race or class but rather advocate of empathy humanity justice fairness compassion self determination human rights and the decent way of life for all We chose the title of the book *Voices for Justice* because justice transcends peace in that peace may be conditional on circumstances that may not achieve justice

Conflict in the Holy Land Robert C. DiPrizio, 2020-02-07 With more than 250 cross referenced entries covering every aspect of conflict in the Holy Land this illuminating book will help students understand the volatile history of Palestine and Israel and its impact on the rest of the world Palestine is considered a sacred land by Christians Jews and Muslims This has

contributed to the violence that has ravaged the Holy Land throughout its long history This A Z reference work which defines the Holy Land as historic Palestine the combined territories of Israel the West Bank and the Gaza Strip covers such ancient conflicts as Egypt s rule over Canaan the reign of King David and the Jewish Revolts against the Roman Empire In addition the title includes detailed entries on medieval conflicts such as the Crusades and contemporary conflicts such as the Arab Israeli wars The introduction provides readers with the necessary context to understand the region s bloody history and a comprehensive chronology that will help students construct a more complete picture of conflict in the Holy Land Then come hundreds of key entries on the events individuals groups places and ideologies that have played an important role The title concludes with an expansive bibliography that will aid students looking to do more research on the topic and a thorough index

Boycotting Israel is Wrong Philip Mendes,Nick Dyrenfurth,2015-05-01 This is the first progressive book to argue that the BDS movement boycott divestment and sanctions against Israel is the wrong way to broker peace in the Israeli Palestinian conflict rather it argues that peace will come only when both Israelis and Palestinians legitimate claims to statehood are recognised by both sides The BDS movement boycott divestment sanctions against Israel has gained traction and publicity worldwide for a decade Yet here Philip Mendes and Nick Dyrenfurth two politically progressive commentators argue that BDS is far too blunt an instrument to use in such a complex political situation Instead they critically analyse the key arguments for and against BDS and propose a solution that supports Israel s existence and Palestinian rights to a homeland urging mutual compromise and concessions from both sides

The Zionist Illusion Haim Ben-Asher,2010-12-22 What is the use of Zionism To restore our pride as Jews comes the ready answer Now just when did we lose this precious pride Could it be that without the State of Israel Zionists might be ashamed of being Jews And how can one be proud of a country that drops white phosphorous bombs on defenseless civilians Instead of combating anti Semitism Zionism cultivates it An essential dogma of this new creed is that anti Semitism is immutable and permanent Zionists claim that we are still in 1938 and that a new Holocaust is in the offi ng Every passing year becomes a year of broken glass So we must rally around the State of Israel which alone can save us A fear based religion allows Jewish leaders in the Diaspora to retain power over their flock To free themselves from such blackmail to break out of the vicious Auschwitz Israel circle Jews have only to disconnect from Zionism and take up their historic vocation explaining Torah to the nations But first they will have to understand it themselves Haim Ben Asher is a historian

From Bureaucracy to Bullets Bree Akesson,Andrew R. Basso,2022-02-11 There are currently a record setting number of forcibly displaced persons in the world This number continues to rise as solutions to alleviate humanitarian catastrophes of large scale violence and displacement continue to fail The likelihood of the displaced returning to their homes is becoming increasingly unlikely In many cases their homes have been destroyed as the result of violence Why are the homes of certain populations targeted for destruction What are the impacts of loss of home upon children adults families communities and societies If having a home is a fundamental human

right then why is the destruction of home not viewed as a rights violation and punished accordingly From Bureaucracy to Bullets answers these questions and more by focusing on the violent practice of extreme domicile or the intentional destruction of the home as a central and overlooked human rights issue *Jews and the Left* P. Mendes,2014-05-20 The historical involvement of Jews in the political Left is well known but far less attention has been paid to the political and ideological factors which attracted Jews to the Left After the Holocaust and the creation of Israel many lost their faith in universalistic solutions yet lingering links between Jews and the Left continue to exist **The Second Palestinian Intifada** Julie M. Norman,2010-11-01 Palestinian civilians engaged in numerous acts of unarmed resistance during the second intifada However these attempts in using non violent strategies were frequently overshadowed by the armed tactics of militant groups Drawing from extensive interviews surveys and observations in the West Bank this book provides an in depth study of the often overlooked aspects of popular resistance in Palestine The book demonstrates how such unarmed tactics have considerable support amongst the local population particularly when they are framed as a strategy rather than just as a moral preference However whilst recognizing the successes of many civil based initiatives the author examines why a unified popular movement never fully emerged She argues that obstacles extended beyond occupation policies to include political constraints from the Palestinian Authority and agenda setting efforts from sectors of the international community Nevertheless many activists continue to work creatively through diverse channels and networks to broaden the space for civil resistance Combining critical analysis with activist narratives and community case studies the book provides a comprehensive and compelling look at non violent activism in the second intifada offering a fresh perspective on the Israeli Palestinian conflict and illustrating both the challenges and opportunities in mobilizing for popular struggle *Impossible Peace* Mark Levine,2013-04-04 In 1993 luminaries from around the world signed the Oslo Accords a pledge to achieve lasting peace in the Holy Land on the lawn of the White House Yet things didn t turn out quite as planned With over 1 000 Israelis and close to four times that number of Palestinians killed since 2000 the Oslo process is now considered history Impossible Peace provides one of the first comprehensive analyses of that history Mark LeVine argues that Oslo was never going to bring peace or justice to Palestinians or Israelis He claims that the accords collapsed not because of a failure to live up to the agreements but precisely because of the terms of and ideologies underlying the agreements Today more than ever before it s crucial to understand why these failures happened and how they will impact on future negotiations towards the final status agreement This fresh and honest account of the peace process in the Middle East shows how by learning from history it may be possible to avoid the errors that have long doomed peace in the region
