Word Order Change And Grammaticalization In The History Of Chinese:

Word-Order Change and Grammaticalization in the History of Chinese Chaofen Sun, 1996 The goal of this pioneering work is to make available to Chinese linguists as well as linguists in general the results of the most recent research not only the author's but that of scholars all over the world on two of the most discussed topics in the history of Chinese word order change and grammaticalization

The Establishment of Modern Chinese Grammar Yuzhi Shi, 2002-01-01 This book investigates historical motivations for the emergence of the resultative construction in Chinese from the following four aspects: a disyllabification b adjacent context c semantic integrity and d frequency of co-occurrence of a pair of verb and resultative The author also addresses a series of grammatical changes and innovations caused by the formation of this resultative construction such as the development of aspect mood verb reduplication the new predicate structure the disposal construction the passive construction the verb copying construction and the new topicalization construction all of which together shape the grammatical system of Modern Chinese The present analysis raises and discusses a number of theoretical issues that are meaningful to various linguistic disciplines like pragmatics discourse analysis grammaticalization and general historical linguistics

Up and down the Cline □ *The Nature of Grammaticalization* Olga Fischer, Muriel Norde, Harry Perridon, 2004-05-28 The basic idea behind this volume is to probe the nature of grammaticalization Its contributions focus on the following questions: i In how far can grammaticalization be considered a universal diachronic process or mechanism of change and in how far is it conditioned by synchronic factors ii What is the role of the speaker in grammaticalization iii Does grammaticalization itself provide a cause for change or is it an epiphenomenon i.e. a conglomeration of causal factors mechanisms which elsewhere occur independently iv If it is epiphenomenal how do we explain that similar pathways so often occur in known cases of grammaticalization v Is grammaticalization unidirectional vi What is the nature of the parameters guiding grammaticalization The overall aim of the book is to enrich our understanding of what grammaticalization does or does not entail via detailed case studies in combination with theoretical and methodological discussions

The Handbook of Historical Linguistics Brian Joseph, Richard Janda, 2008-04-15 The Handbook of Historical Linguistics provides a detailed account of the numerous issues, methods and results that characterize current work in historical linguistics, the area of linguistics most directly concerned with language change as well as past language states Contains an extensive introduction that places the study of historical linguistics in its proper context within linguistics and the historical sciences in general Covers the methodology of historical linguistics and presents sophisticated overviews of the principles governing phonological morphological syntactic and semantic change Includes contributions from the leading specialists in the field

Diversity in Sinitic Languages Hilary M. Chappell, 2015-12-04 This book presents new research into the great structural diversity found in Sinitic languages While many studies focus principally on Standard Mandarin this work draws on extensive empirical data from lesser known languages and seeks to dispel many recurrent linguistic myths about the Sinitic

language family Part I presents findings that show the important interplay of research into diachronic linguistics and typology in China beginning with a discussion of how to tackle the issue of linguistic diversity in Sinitic languages Chapters in Part II examine the Sinitic languages from a crosslinguistic perspective with pan Sinitic explorations of demonstrative paradigms bare classifier phrases in relation to the coding of definiteness and of the diachronic development of two main structures for comparatives of inequality with respect to issues in language contact Part III is devoted to individual studies of linguistic micro areas in China Pinghua and the Guangxi Autonomous Region in the far South of China Shaowu Min in the northwestern corner of Fujian province the Wu dialect of Fuyang and the Hui an Southern Min dialect in the South of Fujian province

Studies of Chinese Linguistics Janet Zhiqun Xing, 2009-02-01 The nine essays in this volume present the most recent developments in the study of Chinese linguistic research using functional approaches Topics discussed in the volume include Chinese typology word order variation word formation semantic change cognition discourse analysis interface among syntax semantics and pragmatics and grammaticalization Studies of Chinese Linguistics will be a valuable and stimulating reference for graduate students and researchers interested in functional linguistics Readers in general and applied linguistics will also appreciate the insights it offers into the interaction of Chinese form and function

The Mandarin VP Rint Sybesma, 2013-04-17 The Mandarin VP deals with a number of constructions in Mandarin Chinese which involve the main verb and the material following it like the object NPs resultative phrases durative expressions and other elements The basis claim defended in this book is that all elements that follow the main verb in a Mandarin sentence form one single constituent which functions as the complement of the verb The Mandarin VP offers new and original analyses of such hot issues as resultative constructions the ba construction and verb le In addition the conclusions drawn from the research into Mandarin syntax are discussed in more general theoretic terms which leads to original proposals regarding the internal make up of accomplishments and the status of Theta Theory The research reported on in this book was concluded within the bounds of mainstream generative theorizing The Mandarin VP is of interest to all

syntacticians especially those interested in Chinese The Evolution of Chinese Grammar Yuzhi Shi, 2023-03-23 The Chinese language has the longest well documented history among all human languages making it an invaluable resource for studying how languages develop and change through time Based on a twenty year long research project this pioneering book is the English version of an award winning study originally published in Chinese It provides an evolutionary perspective on the history of Chinese grammar tracing its development from its thirteenth Century BC origins to the present day It investigates all the major changes in the history of the language within contemporary linguistic frameworks and illustrates these with a wide range of examples taken from every stage in the language s development showing how the author s findings are relevant to contemporary descriptive theoretical and historical linguistics Shedding light on the essential properties of Chinese and ultimately language in general it is essential reading for academic researchers and students of Asian linguistics historical linguistics and syntactic theory **The Chinese Particle Le** M.E. van den Berg, G. Wu, 2006-09-27 Ever since the start of Chinese linguistic studies the description of the Chinese particle LE has remained elusive The classification has evolved from a listing of sentences and the discussion of contrastive pairs to a more context and discourse oriented analysis The development in recent years of inferential models and situation semantics has opened the way for a renewed study of the use of the Chinese particle LE This book discusses the Chinese data from a mental space perspective and finally reveals the role so called Chinese sentence LE plays in the construction and maintenance of discourse
