Journal of the Bombay Branch of the Royal Asiatic Society, 1914 **The Victorian Geopolitical Aesthetic** Lauren M. E. Goodlad, 2015 How did realist fiction alter in the effort to craft forms and genres receptive to the dynamism of an expanding empire and globalizing world Do these nineteenth century variations on the geopolitical aesthetic continue to resonate today Crossing literary criticism political theory and longue dur e history The Victorian Geopolitical Aesthetic explores these questions from the standpoint of nineteenth century novelists such as Wilkie Collins George Eliot Gustave Flaubert and Anthony Trollope as well as successors including E M Forster and the creators of recent television serials By looking at the category of sovereignty at multiple scales and in diverse contexts Lauren M E Goodlad shows that the ideological crucible for high realism was not a hegemonic liberalism It was rather a clash of modern liberal ideals struggling to disintegrate themselves from a powerful conservative vision of empire while striving to negotiate the inequalities of power which a supposedly universalistic liberalism had helped to generate The material occasion for the Victorian era s rich realist experiments was the long transition from an informal empire of trade that could be celebrated as liberal to a neo feudal imperialism that only Tories could warmly embrace The book places realism s geopolitical aesthetic at the heart of recurring modern experiences of breached sovereignty forgotten history and subjective exile The Coda titled The Way We Historicize Now concludes the study with connections to recent debates about surface reading distant reading and the hermeneutics of suspicion Book-prices Current , 1909 *Book-prices Current* John Herbert Slater, William Roberts, F.
