Towards The Flame Empire War And The End Of Tsarist Russia:

Towards the Flame Dominic Lieven, 2015-05-28 TLS BOOKS OF THE YEAR 2016 FINANCIAL TIMES BOOKS OF THE YEAR 2015 WINNER OF THE PUSHKIN HOUSE RUSSIAN BOOK PRIZE 2016 Magisterial reveals how much is at stake for world order in Ukraine and Syria Rachel Polonsky As much as anything World War I turned on the fate of Ukraine The decision to go to war in 1914 had catastrophic consequences for Russia The result was revolution civil war and famine in 1917 20 followed by decades of communist rule Dominic Lieven's powerful and original book based on exhaustive and unprecedented study in Russian and many other foreign archives explains why this suicidal decision was made and explores the world of the men who made it thereby consigning their entire class to death or exile and making their country the victim of a uniquely terrible political experiment under Lenin and Stalin Dominic Lieven is a Senior Research Fellow of Trinity College Cambridge University and a Fellow of the British Academy His book Russia Against Napoleon Penguin won the Wolfson Prize for History and the Prize of the Fondation Napoleon for the best foreign work on the Napoleonic era **The End of Tsarist Russia** D. C. B. Lieven, 2015 Originally published in Great Britain under the title Towards the flame empire war and the end of tsarist Russia Late Tsarist Russia, 1881-1913 Beryl Williams, 2020-09-17 This book brings together the large volume of work on late Tsarist Russia published over the last 30 years to show an overall picture of Russia under the last two tsars before the war brought down not only the Russian empire but also those of Germany Austria Hungary and Turkey It turns the attention from the old emphases on workers revolutionaries and a reactionary government to a more diverse and nuanced picture of a country which was both a major European great power facing the challenges of modernization and industrialization and also a multi ethnic and multi confessional empire stretching across both Europe and Asia **Monarchies and the Great War** Matthew Glencross, Judith Rowbotham, 2018-10-11 This volume challenges the traditional view that the First World War represents a pivotal turning point in the long history of monarchy suggesting the picture is significantly more complex Using a comparative approach it explores the diverse roles played by monarchs during the Great War and how these met the expectations of the monarchic institution in different states at a time of such crisis Its contributors not only explore less familiar narratives including the experiences of monarchs in Belgium and Italy as well as the Austro Hungarian Japanese and Ottoman Empires but also cast fresh light on more familiar accounts In doing so this book moves away from the conventional view that monarchy showed itself irrelevant in the Great War by drawing on new approaches to diplomatic and international history ones informed by cultural contextualization for instance while grounding the research behind each chapter in a wide range of contemporary sources The chapters provide an innovative revisiting of the actual role of monarchy at this crucial period in European indeed global history and are framed by a substantial introductory chapter where the key factors explaining the survival or collapse of dynasties and of the individuals occupying these thrones are considered in a wide ranging set of reflections that highlight the extent of common experiences as well as

the differences **Russia Against Napoleon** Dominic Lieven, 2009-10-01 A compulsive page turner a triumph of brilliant storytelling an instant classic that is an awesome remarkable and exuberant achievement Simon Sebag Montefiore Winner of the Wolfson History Prize and shortlisted for the Duff Cooper Prize In the summer of 1812 Napoleon the master of Europe marched into Russia with the largest army ever assembled confident that he would sweep everything before him Yet less than two years later his empire lay in ruins and Russia had triumphed This is the first history to explore in depth Russia's crucial role in the Napoleonic Wars re-creating the epic battle between two empires as never before Dominic Lieven writes with great panache and insight to describe from the Russians viewpoint how they went from retreat defeat and the burning of Moscow to becoming the new liberators of Europe the consequences of which could not have been more important Ultimately this book shows memorably and brilliantly Russia embarking on its strange central role in Europe's existence as both threat and protector a role that continues in all its complexity into our own lifetimes Britain and Victory in the Great War Peter Liddle, 2018-06-30 How can we begin to make sense of the Great War now that over 100 years have passed since it ended with the defeat of Germany Austria Hungary the Ottoman empire and Bulgaria and the collapse of Tsarist Russia The conflict had such a profound influence on world history that it is difficult to reconcile the different perspectives and draw clear conclusions That is why this thought provoking collection of original essays on the outcome of the war and its aftermath is of such value It completes the trilogy of ground breaking volumes conceived and edited by Peter Liddle which presents the latest scholarly thinking about the Great War from an international perspective The first two volumes Britain Goes to War and Britain and the Widening War made this stimulating new writing accessible to a broad readership and this final volume has the same aim A group of over twenty expert contributors reconsider the military reasons for the outcome of the fighting and look at the consequences for the principal nations involved They explore the way the war and the peace settlement shaped the twentieth century and had an enduring impact within Europe and beyond *Global War, Global Catastrophe* Maartje Abbenhuis, Ismee Tames, 2021-09-09 Winner of the World War One Historical Association's 2021 Norman B Tomlinson Jr Prize *Global War Global Catastrophe* presents a history of the First World War as an all consuming industrial war that forcibly reshaped the international environment and with it impacted the futures of all the world's people Narrated chronologically and available open access the authors identify key themes and moments that radicalized the war's conduct and globalized its impact affecting neutral and belligerent societies alike These include Germany's invasion of Belgium and Britain's declaration of war in 1914 the expansion of economic warfare in 1915 anti imperial resistance the Russian revolutions of 1917 and the United States entry into the war Each chapter explains how individuals communities nation states and empires experienced considered and behaved in relationship to the conflict as it evolved into a total global war Above all the book argues that only by integrating the history of neutral and subject communities can we fully understand what made the First World War such a globally transformative event This book offers an accessible and readable overview of

the major trajectories of the global history of the conflict It offers an innovative history of the First World War and an important alternative to existing belligerent centric studies The ebook editions of this book are available open access under a CC BY NC ND 3 0 licence on bloomsburycollections com **The War Guilt Problem and the Ligue des droits de l'homme, 1914-1944** Norman Ingram, 2019-01-31 The War Guilt Problem and the Ligue des droits de l'homme is a significant new volume from Norman Ingram addressing the history of the Ligue des droits de l'homme LDH an organisation founded in 1898 at the height of the Dreyfus Affair and which lay at the very centre of French Republican politics in the era of the two world wars Ingram posits that the Ligue's inability to resolve the question of war guilt from the Great War was what led to its decline by 1937 well before the Nazi invasion of May 1940 As well as developing our understanding of how the issue of war origins and war guilt transfixed the LDH from 1914 down to the Second World War this volume also explores the aetiology of French pacifism expanding on the differences between French and Anglo American pacifism It argues that from 1916 onwards one can see a principled dissent from the Union sacrée war effort that occurred within mainstream French Republicanism and not on the syndicalist or anarchist fringes Based on substantial research in a large number of French archives primarily in the papers of the LDH which were repatriated to France from the former Soviet Union in late 2001 but also on considerable new research in the German archives the book proposes a new explanatory model to help us understand some of the choices made in Vichy France moving beyond the usual triptych of collaboration resistance or accommodation

In the Shadow of the Gods Dominic Lieven, 2022-05-05 From the acclaimed Wolfson Prize winning author a dazzling history of the world's emperors For millennia much of the world was ruled by emperors a handful of individuals claimed no limit to the lands they could rule over and no limit to their authority They operated beyond normal human constraint and indeed often claimed a superhuman or divine authority In practice they ran the gamut from being some of the most remarkable men who ever lived to being some of the worst and least remarkable Dominic Lieven's marvellous new book *In the Shadow of the Gods* is the first to grapple seriously with this extraordinary phenomenon Across the world peoples willingly or unwillingly fell into orbit around figures who reshaped or destroyed entire societies imposed religions and invaded rivals Lieven describes the anatomy of imperial monarchy and the principles by which it functioned He compares the great emperors of antiquity the caliphs and the warrior emperors of the steppe before he turns to the Habsburg Russian Ottoman Mughal and Chinese emperors packing the book with extraordinary stories astute observations and a sense of both delight and horror at these individuals' antics The entire breadth of extreme human behaviour is here from warlords to patrons of the arts from political genius to feeble incapacity and pathological violence As one of the great experts both on empires and on Russian history Lieven is brilliantly qualified to write a book that brings to life a system of rule that dominated most of human history as well as some of history's grandest and most dismaying figures *Kaapse bibliotekaris*, 2016 Issues for Nov 1957 include section Accessions Aanwinste Sept 1957 *The End of Tsarist Russia* Dominic

Towards The Flame Empire War And The End Of Tsarist Russia Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Towards The Flame Empire War And The End Of Tsarist Russia PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books

and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Towards The Flame Empire War And The End Of Tsarist Russia PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Towards The Flame Empire War And The End Of Tsarist Russia free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
