War Crimes And Just War War Crimes And Just War

Alexander Mikaberidze

War Crimes And Just War War Crimes And Just War:

War Crimes and Just War Larry May, 2007-02-12 Larry May argues that the best way to understand war crimes is as crimes against humanness rather than as violations of justice. He shows that in a deeply pluralistic world we need to understand the rules of war as the collective responsibility of states that send their citizens into harm's way as the embodiment of humanity and as the chief way for soldiers to retain a sense of honour on the battlefield. Throughout May demonstrates that the principle of humanness is the cornerstone of international humanitarian law and is itself the basis of the traditional principles of discrimination, necessity and proportionality. He draws extensively on the older Just War tradition to assess recent cases from the International Tribunal for Yugoslavia as well as examples of atrocities from the archives of the International Committee of the Red Cross.

Just War Theory and Artificial Intelligence Maria Power, Maggi Savin-Baden, 2025-08-11 Two of the most crucial issues facing humanity in the contemporary world are artificial intelligence and armed conflict. This book tackles them both, bringing them into conversation with one another and creating an understanding of their relationship. New developments in technology, especially within weapons systems, have challenged our understandings of just war theory, thus changing the nature of the questions to be asked of and by those engaged in conflict. Covering topics such as drone warfare and the use of wargaming by combatants, this collection seeks to answer those questions with essays from leading experts in the field. It will be a valuable resource for those interested in both the development of artificial intelligence generally and warfare specifically.

Modern Just War Theory Michael P. Farrell, 2013-06-20 Contributions to Illuminations: A Scarecrow Press Series of Guides to Research in Religion provide students and scholars, lay readers and clergy with a road map to research in key areas of religious study. All commonly constructed with introductions to the topic and reviews of key thinkers, concepts and events, each volume includes surveys of the primary and secondary sources with critical evaluations of their places in the canon of thought and research on the topic. Focusing primarily on the knowledge required by today's students and scholars, each guide is a must-have for any student of religion. The twentieth century saw an explosion of wars and an accompanying explosion of literature on the morality of war. Thinking among Christian clerics and scholars on the idea of just war shifted with developments on the battlefield. Alternatives to just war theory such as pacifism and realism found new proponents in the published work of the neo-Anabaptists and Niebhurians. Meanwhile, proponents of Christian just war theory had to address challenges from competing ideologies as well as those presented by the changing nature of warfare.

Modern Just War Theory: A Guide to Research by scholar and librarian Michael Farrell serves as a manual for students and scholars studying Christian just war theory, helping them navigate the wealth of just war literature produced in the twentieth and twenty-first centuries. Farrell's guide provides an introduction to the major developments of just war theory in the twentieth century, including sections on how to research just war theory, an overview of some of the most important theorists and developments of the twentieth century, and

discussions of key search terms and related topics Farrell then surveys and evaluates key primary and secondary sources for researchers on just war theory as well as related sources on Christian realism and the responses of just war theorists to proponents of pacifism and secular just war theories Modern Just War Theory will appeal to students and scholars of theology military history international law and Christian ethics Atrocities, Massacres, and War Crimes Alexander Mikaberidze, 2013-06-25 Both concise and wide ranging this encyclopedia covers massacres atrocities war crimes and genocides including acts of inhumanity on all continents and serves as a reminder that lest we forget history will repeat itself The 400 plus entries in Atrocities Massacres and War Crimes An Encyclopedia provide accessible and concise information on the difficult subject of abject human violence committed on all continents The entries in this two volume work describe atrocities massacres and war crimes committed in the 20th century thereby documenting how human beings have repeatedly proven their capability to commit horrific acts of inhumanity even in relatively recent times and within the modern era The encyclopedia covers countries treaties and terms profiles individuals who had been formally indicted for war crimes as well as those who have committed mass atrocities and gone unpunished and addresses human rights violations crimes against humanity and crimes against peace *Comparative Just War Theory* Luis Cordeiro-Rodrigues, Danny Singh, 2019-10-23 Widespread cross cultural and cross ideological agreement on the justifiable limits of war has become an increasingly complex yet vital element of global peace and conflict policies Lu s Cordeiro Rodrigues and Danny Singh bring together a truly international cohort of philosophers ethicists political scientists criminologists sociologists and other scholars to address the morality of war from a comparative perspective While conceptions of when to enter war *jus ad bellum* and how to fight war *jus in bello* have been well researched in Western liberal contexts non Western philosophies have been largely excluded from debate This volume seeks to correct that imbalance by addressing concrete examples alongside concepts of Confucian Yi Rightness Ahimsa feminism class struggles Ubuntu anarchism pacifism Buddhism Islam Jihad among others *Comparative Just War Theory* provides a global conceptual framework to deal with the morality of war in our modern world With fresh insights into how the normative problems that arise from just war can be addressed the book will be a valuable resource for a wide variety of students scholars and policymakers **The Just War Tradition: Applying Old Ethics to New Problems** Davis Brown, 2017-07-05 This collection examines the role of the just war tradition and its criteria in solving pressing present day challenges In particular it deals with three types of challenges to world public order One is anticipatory self defense in which one state attacks another to pre empt or prevent an attack on itself as the United States claimed in relation to Iraq in 2003 The second challenge is humanitarian intervention in which one state attacks another to stop gross large scale violations of human rights as NATO claimed to be doing on behalf of Kosovo in 1999 Both practices may erode world public order given the normative strength of Article 2 4 of the UN Charter prohibiting the threat or use of force against other states However both practices pose dilemmas in that they also preserve world public order by not allowing impunity for

human rights abusers or the misuse of international law to the advantage of genuine aggressors The third challenge is the execution of warfare in a new geopolitical environment characterized by new technologies and asymmetry of belligerents The chapters in this book written from a variety of disciplinary perspectives turn to the just war tradition to attempt to resolve these tensions This book was based on a special issue of the Journal of Military Ethics

The Cambridge Handbook of the Just War Larry May, 2018-02-15 What makes a war just What makes a specific weapon strategy or decision in war just The tradition of Just War Theory has provided answers to these questions since at least 400 AD yet each shift in the weapons and strategies of war poses significant challenges to Just War Theory This book assembles renowned scholars from around the world to reflect on the most pressing problems and questions in Just War Theory and engages with all three stages of war jus ad bellum jus in bello and jus post bellum Providing detailed historical context as well as addressing modern controversies and topics including drones Islamic jihad and humanitarian intervention the volume will be highly important for students and scholars of the philosophy of war as well as for others interested in contemporary global military and ethical issues

War Crimes Trials and Investigations Jonathan Waterlow, Jacques Schuhmacher, 2018-01-31 This book represents the first multi disciplinary introduction to the study of war crimes trials and investigations It introduces readers to the numerous disciplines engaged with this complex subject including Forensic Anthropology Economics and Anthropometrics Legal History Violence Studies International Criminal Justice International Relations and Moral Philosophy The contributors are experts in their respective fields and the chapters highlight each discipline s major trends debates methods and approaches to mass atrocity genocide and crimes against humanity as well as their interactions with adjacent disciplines Case studies illustrate how the respective disciplines work in practice including examples from the Allied Hunger Blockade WWII the Guatemalan and Spanish Civil Wars the Former Yugoslavia and Uganda Including bibliographical essays to offer readers crucial orientation when approaching the specialist literature in each case this edited collection equips readers with what they need to know in order to navigate a complex and until now deeply fragmented field A diverse and interdisciplinary body of research this book will be indispensable reading for scholars of war crimes

Can War Be Just In The 21st Century? Winright, Tobias ,Johnston, Laurie, 2015-12-01

Just War, Nonviolence, and Nuclear Deterrence Duane L. Cady, Richard Werner, 1991

The Crime of War Juan Bautista Alberdi, 1913

Liability for Official War Crimes Clifford Allan Hereshoff Bartlett, 1919

The Morality of War David Todd Kinsella, Craig L. Carr, 2007 A highly useful core text for courses in the field as well as an invaluable reference for any serious student of the ethics of war Albert Pierce U S Naval Academy When and why is war justified How morally speaking should wars be fought The Morality of War confronts these challenging questions surveying the fundamental principles and themes of the just war tradition through the words of the philosophers jurists and warriors who have shaped it The collection begins with the foundational works of just war theory as well as those of two competing perspectives realism and pacifism Subsequent selections focus on issues related to the resort

to war the conduct of war and the judgment of war crimes Both traditional just war concerns and those that have emerged in response to contemporary developments such as the U S war on terror are thoroughly covered With articles that are crucially relevant to today s world paired with contextual introductions to each section the reader is ideally constructed to inform and guide students as they consider the morality of past and current military actions David Kinsella is associate professor of political science at the Hatfield School of Government Portland State University He is editor of *International Studies Perspectives* and coauthor of *World Politics The Menu for Choice* Craig L Carr is professor of political science at the Hatfield School of Government He is author of *On Fairness* and editor of *The Political Writings of Samuel Pufendorf* An Encyclopedia of War and Ethics Donald A. Wells,1996-03-25 This is the first encyclopedia that critically surveys the ethics of warmaking from a variety of perspectives Noted experts raise basic questions about what is just in war describe the views of historic and contemporary thinkers on ethical matters survey practices at different periods and discuss key issues The over 250 entries arranged in alphabetical order cover efforts to curb the havoc of war from medieval to modern times from accidental war to Zagreb Resolution different religious perspectives genocide UN peacekeeping and much more Sources for further reading accompany the entries and internal cross references and an index make this major reference easily accessible for students and teachers in military peace and world affairs studies This is the first encyclopedia that critically surveys the ethics of warmaking from a variety of perspectives Historically efforts to curb the havoc of war have confronted three military maxims military necessity the right of reprisal and the obligation of soldiers to obey superior orders The medieval efforts of just war theorists to protect the innocent avoid needless havoc and prohibit excessive weapons rarely affected military practice Modern congresses have pointed out the inconsistency in concerns about war crimes or crimes against humanity and the weapons and strategies of modern war The pressures of the military industrial complex the profits to be gained by war production and the demands of sovereign nationalism contradict such alternative concerns as those raised by the United Nations and the International Red Cross Noted experts raise basic questions about what is just in war describe the views of historic and contemporary thinkers on ethical matters survey practices at different periods and discuss key issues The over 250 entries arranged in alphabetical order cover efforts to curb the havoc of war from medieval to modern times from accidental war to Zagreb Resolution different religious perspectives genocide UN peacekeeping and much more Sources for further reading accompany the entries and internal cross references and an index make this major reference easily accessible to students and teachers in military peace and world affairs studies *The Medical Critic and Guide* William Josephus Robinson,1917 Hans Kelsen, Just War Theory and War Crimes Erika Tschinkel,2010 **The Works of the Right Honourable Edmund Burke** Edmund Burke,1928 *Aggression and Crimes Against Peace* Larry May,2008-04-21 In this volume the third in his trilogy on the philosophical and legal aspects of war and conflict Larry May locates a normative grounding for the crime of aggression the only one of the three crimes charged at Nuremberg that is not

currently being prosecuted that is similar to that for crimes against humanity and war crimes He considers cases from the Nuremberg trials philosophical debates in the Just War tradition and more recent debates about the International Criminal Court as well as the hard cases of humanitarian intervention and terrorist aggression May argues that crimes of aggression sometimes called crimes against peace deserve international prosecution when one State undermines the ability of another State to protect human rights His thesis refutes the traditional understanding of aggression which often has been interpreted as a crossing of borders by one sovereign state into another sovereign state At Nuremberg crimes against humanity charges were only pursued if the defendant also engaged in the crime of aggression May argues for a reversal of this position contending that aggression charges should be pursued only if the defendant's acts involve serious human rights violations

No More War ,1924 **Joh. Wolfgangi Textoris ... Synopsis juris gentium** Johann Wolfgang Textor,1916

Whispering the Strategies of Language: An Mental Quest through **War Crimes And Just War War Crimes And Just War**

In a digitally-driven world wherever monitors reign supreme and immediate interaction drowns out the subtleties of language, the profound techniques and mental nuances concealed within phrases frequently get unheard. War Crimes And Just War War Crimes And Just War Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free War Crimes And Just War War Crimes And Just War PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and

finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free War Crimes And Just War War Crimes And Just War PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of War Crimes And Just War War Crimes And Just War free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.
