Elaine Gunnison, Jacqueline B. Helfgott

Women And War A Historical Encyclopedia From Antiquity To The Present:

Women and War Bernard A. Cook, 2006 Provides comprehensive treatment of the role of women in war This encyclopedia presents the work of leading scholars from all over the world to give coverage of the role of women in wars throughout history It offers a single source for information on the scope of women's role in war and war's effects on them Women and War Bernard A. Cook, 2006-05-19 In this unique encyclopedia 120 leading scholars from around the world provide comprehensive treatment of the role of women in war from the first written history to the present **Women and War** Bernard A. Cook, 2006-05-19 In this unique encyclopedia 120 leading scholars from around the world provide comprehensive treatment of the role of women in war from the first written history to the present This authoritative encyclopedia presents the work of leading scholars from all over the world to give the first detailed coverage of the role of women in wars throughout history Histories of war are typically histories of men great leaders and heroic fighters Yet the roles of women often receive only limited coverage Except for such notables as Joan of Arc traditional histories give short shrift to women as leaders and fighters Similarly the direct victimization particularly sexual abuse as a weapon of terror and domination and cultural dislocations women suffer in war float as background without detailed coverage This work represents a first devoted in its entirety to thorough examination of all aspects of women in war For the first time readers have a single source for information on the scope of women's role in war and war's effects on them *Women at War in the Classical World* Paul Chrystal, 2017-02-28 A look at how warfare affected and was affected by women in ancient times Although the conduct of war was generally monopolized by men in the Greco Roman world there were plenty of exceptions with women directly involved in its direction and even as combatants Artemisia Olympias Cleopatra and Agrippina the Elder being famous examples And both Greeks and Romans encountered women among their barbarian enemies such as Tomyris Boudicca and Zenobia More commonly of course women were directly affected as noncombatant victims of rape and enslavement as spoils of war and this makes up an important strand of the author's discussion The portrayal of female warriors and goddesses in classical mythology and literature and the use of war to justify gender roles and hierarchies are also considered Overall this is a landmark survey of women's role in and experience of war in the Classical world *Settlers of the American West* Mary Ellen Snodgrass, 2015-02-28 Depictions of the American west in literature art and film perpetuate romantic stereotypes of the pioneers the gold crazed 49er the intrepid sodbuster While ennobling the woodsman the farmwife and the lawman this tunnel vision of American history has shortchanged the whaler the assayer the innkeeper and the inventor The westward advance of the trailblazers created demand for a gamut of unsung adventurers surveyors financiers politicians surgeons entertainers grocers and midwives who built communities and businesses in the wilderness amid clashes with Indians epidemics floods droughts and outlawry Chronicling the worthy deeds ethnicities languages and lifestyles of ordinary people who survived a stirring period in American history this book provides biographical information for hundreds of individual pioneers on the

North American frontier from the Mississippi River Valley as far west as Alaska Appendices list pioneers by state or country of departure destination ethnicity religion and occupation A chronology of pioneer achievements places them in perspective

A Companion to World War II Thomas W. Zeiler, Daniel M. DuBois, 2012-12-21 A Companion to World War II brings together a series of fresh academic perspectives on World War II exploring the many cultural social and political contexts of the war Essay topics range from American anti-Semitism to the experiences of French African soldiers providing nearly 60 new contributions to the genre arranged across two comprehensive volumes A collection of original historiographic essays that include cutting edge research Analyzes the roles of neutral nations during the war Examines the war from the bottom up through the experiences of different social classes Covers the causes key battles and consequences of the war *Female Action Heroes* Gladys L. Knight, 2010-06-08 This book offers 25 profiles of some of the most popular female action heroes throughout the history of film television comic books and video games Female action heroes like other fictional characters not only reveal a lot about society but greatly influence individuals in society It is no surprise that the gradual development and increase in the number of female action heroes coincides with societal changes and social movements such as feminism Nor is it a surprise that characteristics of female action heroes echo the progressive toughening of women and young girls in the media *Female Action Heroes A Guide to Women in Comics Video Games Film and Television* brings to the forefront the historical representation of women and girls in film television comic books and video games The book includes profiles of 25 of the most popular female action heroes arranged in alphabetical order for easy reference Each chapter includes sections on the hero's origins her power suit weapons abilities and the villains with whom she grapples Most significantly each profile offers an analysis of the hero's story and her impact on popular culture **Women Leading Justice** Elaine

Gunnison, Jacqueline B. Helfgott, 2018-11-02 The women's movement and increasing social consciousness regarding gender disparity and discrimination has helped to make gains over the past several decades to reduce gender disparity for women in the workplace However gender discrimination and disparity continue to exist Women continue to receive lower wages and fewer opportunities for promotion and professional advancement and this is particularly true in male dominated professions such as criminal justice Building on original qualitative data this book explores the experiences of female criminal justice professionals who have risen to the top of their professional ladders The book includes first hand narrative accounts of high ranking successful professional women working across a range of fields such as policing courts corrections victim and restorative justice services and criminal justice research agencies in the United States and Canada This book highlights the barriers that successful female criminal justice professionals have to overcome to obtain their positions and identifies key themes that these women see as having allowed them to break through those barriers and to navigate their professional environments This book provides students interested in entering the criminal justice field and working professionals already in the field with knowledge about women who have risen through the ranks and up the professional ladder to break through

the glass and the brass ceilings of their profession

Treating the Trauma of the Great War Gregory M.

Thomas, 2009-06 From the outset of World War I French doctors faced an apparent epidemic of puzzling neurological and psychiatric illnesses among soldiers As they attempted to understand the causes of these illnesses doctors organized specialized centers near the front where they submitted soldiers to swift humiliating treatments and then returned them to duty At home they interned the scores of civilians who succumbed to the war's strains in decrepit asylums or left them to fend for themselves In *Treating the Trauma of the Great War* Gregory M Thomas explores the psychological effects of the war on French citizens showing how doctors' understanding of mental illness produced deep tangible effects in the lives of the men and women who suffered Doctors vigorously debated the war's role in the genesis of the neuropsychiatric disturbances observed in soldiers and civilians but most psychiatrists ultimately concluded that mental illnesses appeared primarily in individuals predisposed to disease Consequently doctors granted their patients few favors when making decisions about diagnostic labels treatment regimes and pension allocations leaving many to endure illnesses without adequate care or sufficient financial support In their quest to understand the psychological impact of war Thomas argues doctors focused more on demonstrating the capabilities of their medical specialties and serving a state at war than on treating patients Those aims significantly affected doctors' scientific conclusions their medical and legal decisions and their treatment practices When the war ended psychiatric reformers used the trauma of war to their advantage promoting the perception of France as a traumatized nation in need of new psychiatric institutions that could accommodate a large and growing pool of psychologically wounded citizens Thomas draws on the vast medical literature produced during and after the war including veterans journals parliamentary debates newspaper articles and medical administrative reports infusing his narrative with a vivid human element Though psychiatrists ultimately failed to raise the status of their specialty Thomas reveals how the war helped precipitate lasting changes in psychiatric practice

The Armed Forces and American Social Change Troy

Mosley, 2021-10-04 *The Armed Forces and American Social Change* is a powerful depiction of black Americans' struggle for equality told through the lens of uniformed military service Troy Mosley uses superb storytelling personal vignettes and historical examples to show how millions of Americans have lifted themselves from oppression through opportunities gleaned from military service Collectively these efforts exerted positive outward pressure on American society which by and large has resisted social change One unique aspect of combat is that rarely are Americans more equal than when thrust into harm's way It has been said there are no atheists in combat similarly racism sexism and homophobia quickly go by the wayside when under enemy fire Yet in the 19th century and well into the 21st America's military policies regarding the use of manpower could best be described as an awkward attempt to balance the requirement to win the nation's wars while supporting a socio-political caste system President Harry Truman signed Executive Order 981 on July 26 1948 in response to police violence perpetrated against black veterans His actions broke this trend and set the military on the path toward true meritocracy

Today retired General Lloyd Austin is the first black American Secretary of Defense in part due to the barriers broken down by those who served before him. The armed services fiercely resisted integration, gender equality, and LGBTQ equality but over time have grown to value America's wellspring of diversity as a strategic and operational advantage. Under the Trump administration, many military policies supporting transgender inclusion were reversed. This reversal thrust the U.S. military, among other institutions, into the ideological tug of war that lies at the heart of present-day polarization in American society. This ideological divide is the crux of the public discourse surrounding Critical Race Theory, America's racist and sexist past, and how we contextualize our history going forward for the betterment of the nation. As far as America has come, we still have work to do for Truman's vision of equality of opportunity to become a reality for all Americans. Join this thought-provoking narrative that celebrates brave American military pioneers and challenges us all to continue pushing for a better expression of America.

Unveiling the Magic of Words: A Overview of "**Women And War A Historical Encyclopedia From Antiquity To The Present**"

In a world defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their ability to kindle emotions, provoke contemplation, and ignite transformative change is really awe-inspiring. Enter the realm of "**Women And War A Historical Encyclopedia From Antiquity To The Present**," a mesmerizing literary masterpiece penned by a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve to the book is central themes, examine its distinctive writing style, and assess its profound affect the souls of its readers.
