This International Women's Day UNDRR's Women's International Network on Disaster Risk Reduction and UN Women Regional Office for Asia-Pacific will co-host a virtual event highlighting the need for women's leadership in COVID-19 recovery, and recognizing the women who have played an essential role in their country's COVID-19 response.

As part of this event UN Women and the International Advisory Group will launch a new framework that tracks the progress and impact of women's leadership and meaningful participation in COVID-19 responses in Asia and the Pacific. The framework builds on work from women's rights organizations and women-led organizations, and helps to shed light not only on the need to strengthen women's leadership but how to harness COVID-19 response efforts across numerous sectors to effectively integrate women's leadership in approaches to programming.
