WOMEN, GENDER, and TERRORISM

Women Gender And Terrorism Studies In Security And International Affairs

Laura Sjoberg, Caron E. Gentry

Women Gender And Terrorism Studies In Security And International Affairs:

Women, Gender, and Terrorism Laura Sjoberg, Caron E. Gentry, 2011-12 In the last decade the world has witnessed a rise in women's participation in terrorism. *Women Gender and Terrorism* explores women's relationship with terrorism with a keen eye on the political, gender, racial, and cultural dynamics of the contemporary world. Throughout most of the twentieth century it was rare to hear about women terrorists. In the new millennium, however, women have increasingly taken active roles in carrying out suicide bombings, hijacking airplanes, and taking hostages in such places as Palestine, Iraq, Afghanistan, Sri Lanka, Lebanon, and Chechnya. These women terrorists have been the subject of a substantial amount of media and scholarly attention, but the analysis of women, gender, and terrorism has been sparse and riddled with stereotypical thinking about women's capabilities and motivations. In the first section of this volume, contributors offer an overview of women's participation in and relationships with contemporary terrorism, and a historical chapter traces their involvement in the politics and conflicts of Islamic societies. The next section includes empirical and theoretical analysis of terrorist movements in Chechnya, Kashmir, Palestine, and Sri Lanka. The third section turns to women's involvement in al Qaeda and includes critical interrogations of the gendered media and the scholarly presentations of those women. The conclusion offers ways to further explore the subject of gender and terrorism based on the contributions made to the volume. Contributors to *Women Gender and Terrorism* expand our understanding of terrorism, one of the most troubling and complicated facets of the modern world.

Women, Gender, and Terrorism Laura Sjoberg, Caron E. Gentry, 2011-12-01 In the last decade the world has witnessed a rise in women's participation in terrorism. *Women Gender and Terrorism* explores women's relationship with terrorism with a keen eye on the political, gender, racial, and cultural dynamics of the contemporary world. Throughout most of the twentieth century it was rare to hear about women terrorists. In the new millennium, however, women have increasingly taken active roles in carrying out suicide bombings, hijacking airplanes, and taking hostages in such places as Palestine, Iraq, Afghanistan, Sri Lanka, Lebanon, and Chechnya. These women terrorists have been the subject of a substantial amount of media and scholarly attention, but the analysis of women, gender, and terrorism has been sparse and riddled with stereotypical thinking about women's capabilities and motivations. Contributors to *Women Gender and Terrorism* expand our understanding of terrorism, one of the most troubling and complicated facets of the modern world.

Gender and the Governance of Terrorism and Violent Extremism Ann-Kathrin Rothermel, Laura J.

Shepherd,2023-05-22 This book brings together a variety of innovative perspectives on the inclusion of gender in the governance of counter terrorism and violent extremism Several global governance initiatives launched in recent years have explicitly sought to integrate concern for gender equality and gendered harms into efforts to counter terrorism and violent extremism CT CVE As a result commitments to gender sensitivity and gender equality in international and regional CT CVE initiatives in national action plans and at the level of civil society programming have become a common aspect of the multilevel governance of terrorism and violent extremism In light of these developments there is a need for more systematic analysis of how concerns about gender are being incorporated in the governance of counter terrorism and violent extremism and how it has affected gendered practices and power relations in counterterrorism policy making and implementation Ranging from the processes of global and regional integration of gender into the governance of terrorism via the impact of the shift on government responses to the return of foreign fighters to state and civil society led CVE programming and academic discussions the essays engage with the origins and dynamics behind recent shifts which bring gender to the forefront of the governance of terrorism This book will be of great value to researchers and scholars interested in gender governance and terrorism The chapters in this book were originally published in Critical Studies on Terrorism Routledge Handbook of Gender and Security Caron E. Gentry,Laura J. Shepherd,Laura Sjoberg,2018-09-03 This handbook provides a comprehensive look at the study of gender and security in global politics The volume is based on the core argument that gender is conceptually necessary to thinking about central questions of security analytically important for thinking about cause and effect in security and politically important for considering possibilities of making the world better in the future Contributions to the volume look at various aspects of studying gender and security through diverse lenses that engage diverse feminisms with diverse policy concerns and working with diverse theoretical contributions from scholars of security more broadly It is grouped into four thematic sections Gendered approaches to security including theoretical conceptual and methodological approaches Gendered insecurities in global politics including the ways insecurity in global politics is distributed and read on the basis of gender Gendered practices of security including how policy practice and theory work together or do not Gendered security institutions across a wide variety of spaces and places in global politics This handbook will be of great interest to students of gender studies security studies and IR in general **International Security and Gender** Nicole Detraz,2013-04-24 What does it mean to be secure In the global news we hear stories daily about the wars in Iraq and Afghanistan about domestic level conflicts around the world about the challenges of cybersecurity and social security This broad list highlights the fact that security is an idea with multiple meanings but do we all experience security issues in the same way In this book Nicole Detraz explores the broad terrain of security studies through a gender lens Assumptions about masculinity and femininity play important roles in how we understand and react to security threats By examining issues of militarization peacekeeping terrorism human security and environmental security the book considers

how the gender security nexus pushes us to ask different questions and broaden our sphere of analysis Including gender in our analysis of security challenges the primacy of some traditional security concepts and shifts the focus to be more inclusive Without a full understanding of the vulnerabilities and threats associated with security we may miss opportunities to address pressing global problems Our society often expects men and women to play different roles and this is no less true in the realm of security This book demonstrates that security debates exhibit gendered understandings of key concepts and whilst these gendered assumptions may benefit specific people they are often detrimental to others particularly in the key realm of policy making

Environmental Security and Gender Nicole Detraz, 2014-08-21 Over the past 20 years scholars policymakers and the media have increasingly recognized the links between both traditional and non traditional security issues and the changing condition of the global environment Concepts such as environmental security and resource conflict have been used to hint at these significant linkages While there has been a good deal of scholarly work conducted that seeks to identify the ways that actors link these concepts there has been little examination of the intersection between approaches to environmental security and gender This book explores this intersection to provide an insight into the gendered nature of both global environmental politics and security studies It examines how the issues of security and the environment are linked to theory and practice and the extent to which gender informs these discussions By adopting a feminist environmental security discourse this book provides crucial redefinitions of key concepts and offers new insights into the ways we understand security environment connections Case studies evaluate if and how environment and security discourses are being used to understand a range of environmental issues and how a feminist environmental security discourse contributes to our understanding of security environment connections This multidisciplinary volume draws on literature from the environmental sciences security studies and sociology to highlight the complex human insecurities that often accompany environmental change As conceptualizations of security continue to shift and broaden to include environmental issues and concerns it is imperative that gender informs the debate

A Woman's Place Joana Cook, 2020-01-13 A much needed book on the role of women in US counterterrorism in the wider Middle East and at home

Countering Violent Extremism Elizabeth Pearson, Emily Winterbotham, Katherine E. Brown, 2021-02-15 This book presents original research on gender and the power dynamics of diverse forms of violent extremism and efforts to counter them Based on focus group and interview research with some 250 participants in Canada France Germany the Netherlands and UK in 2015 and 2016 it offers insights from communities affected by radicalisation and violent extremism It introduces the concept of gendered radicalisation exploring how the multiple factors of paths to violent extremist groups social local individual and global can differ for both men and women and why The book also offers a critical analysis of gender and terrorism a summary of current policy in the five countries of study and some of the core gendered assumptions prevalent in interventions to prevent violent extremism a comparison of Jihadi extremism and the far right and a chapter of recommendations This book is of use to academics policy

makers students and the general reader interested in better understanding a phenomenon defining our times **CTS and Right-Wing Terrorism and Counterterrorism** Alice Martini, Raquel da Silva, 2023-08-22 This volume is a timely contribution to the current debates and potential efforts to study and counter the phenomena of extreme right violence in a period when the rise of right wing extremism is being witnessed across the globe Against this backdrop the violent radicalisation and extremism of individuals and groups belonging to the extreme right threaten to undermine and destabilize societies and democratic orders leaving a research gap that has only started to be filled in recent years but that is still quite wide when it comes to counter terrorism approaches to extreme right violence Learning from the past and trying to avoid similar mistakes this volume creates a much needed space for open honest and ethical debate around countering extreme right violence answering social and political calls to debate how to counter this kind of violence This volume brings together a group of interdisciplinary scholars to contribute to national and international academic and policy debates about countering extreme right violence from a critical perspective Volume II focuses particularly on exploring how extreme right violence has been approached in different spatial and temporal contexts examining how the criminal justice system has dealt with the threat of and actual violence perpetrated by the extreme right deconstructing current counter terrorism approaches from feminist and gender perspectives and formulating a critical approach to countering extreme right violence It will be of great interest to all students of terrorism studies security studies international relations and political science in general The chapters in this book were originally published in **Critical Studies on Terrorism** **The Oxford Handbook of U.S. National Security** Derek S. Reveron, Nikolas K. Gvosdev, John A. Cloud, 2018-05-01 National security is pervasive in government and society but there is little scholarly attention devoted to understanding the context institutions and processes the U S government uses to promote the general welfare The Oxford Handbook of U S National Security aims to fill this gap Coming from academia and the national security community its contributors analyze key institutions and processes that promote the peace and prosperity of the United States and by extension its allies and other partners By examining contemporary challenges to U S national security contributors consider ways to advance national interests The United States is entering uncharted waters The assumptions and verities of the Washington consensus and the early post Cold War have broken down After 15 years of war and the inability of two presidents to set a new long term U S foreign policy approach in place the uncertainties of the Trump administration symbolize the questioning of assumptions that is now going on as Americans work to re define their place in the world This handbook serves as a how to guide for students and practitioners to understand the key issues and roadblocks confronting those working to improve national security The first section establishes the scope of national security highlighting the important debates to bridge the practitioner and scholarly approaches to national security The second section outlines the major national security actors in the U S government describes the legislative authorities and appropriations available to each institution and considers the organizational essence

of each actor to explain behavior during policy discussions It also examines the tools of national security such as diplomacy arms control and economic statecraft The third section focuses on underlying strategic approaches to national security addressing deterrence nuclear and cyber issues and multilateral approaches to foreign policy The final section surveys the landscape of contemporary national security challenges This is a critical resource for anyone trying to understand the complex mechanisms and institutions that govern U S national security

If you ally compulsion such a referred **Women Gender And Terrorism Studies In Security And International Affairs** books that will provide you worth, acquire the agreed best seller from us currently from several preferred authors. If you desire to humorous books, lots of novels, tale, jokes, and more fictions collections are plus launched, from best seller to one of the most current released.

You may not be perplexed to enjoy every book collections Women Gender And Terrorism Studies In Security And International Affairs that we will no question offer. It is not re the costs. Its very nearly what you craving currently. This Women Gender And Terrorism Studies In Security And International Affairs, as one of the most working sellers here will very be in the middle of the best options to review.

Women Gender And Terrorism Studies In Security And International Affairs Introduction

In the digital age, access to information has become easier than ever before. The ability to download Women Gender And Terrorism Studies In Security And International Affairs has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Women Gender And Terrorism Studies In Security And International Affairs has opened up a world of possibilities. Downloading Women Gender And Terrorism Studies In Security And International Affairs provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Women Gender And Terrorism Studies In Security And International Affairs has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Women Gender And Terrorism Studies In Security And International Affairs. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Women Gender And Terrorism Studies In Security And International Affairs. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers,

and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Women Gender And Terrorism Studies In Security And International Affairs, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Women Gender And Terrorism Studies In Security And International Affairs has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Women Gender And Terrorism Studies In Security And International Affairs Books

1. Where can I buy Women Gender And Terrorism Studies In Security And International Affairs books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Women Gender And Terrorism Studies In Security And International Affairs book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Women Gender And Terrorism Studies In Security And International Affairs books? Storage: Keep them away from direct sunlight and in a dry environment.
