Words Without Music Philip Glass, 2015-04-06 New York Times Bestseller An NPR Best Book of the Year Winner of the Chicago Tribune Literary Award Finalist for the Marfield Prize National Award for Arts Writing Reads the way Mr Glass's compositions sound at their best propulsive with a surreptitious emotional undertow Corinna da Fonseca Wollheim New York Times Philip Glass has almost single handedly crafted the dominant sound of late twentieth century classical music Yet in Words Without Music his critically acclaimed memoir he creates an entirely new and unexpected voice that of a born storyteller and an acutely insightful chronicler whose behind the scenes recollections allow readers to experience those moments of creative fusion when life so magically merged with art From his childhood in Baltimore to his student days in Chicago and at Juilliard to his first journey to Paris and a life changing trip to India Glass movingly recalls his early mentors while reconstructing the places that helped shape his creative consciousness Whether describing working as an unlicensed plumber in gritty 1970s New York or composing Satyagraha Glass breaks across genres and re creates here in words the thrill that results from artistic creation Words Without Music ultimately affirms the power of music to change the world

Words Without Music Philip Glass, 2015-04-07 The long awaited memoir by the most prolific and popular of all contemporary composers New York Times A world renowned composer of symphonies operas and film scores Philip Glass has almost single handedly crafted the dominant sound of late twentieth century classical music Yet here in Words Without Music he creates an entirely new and unexpected voice that of a born storyteller and an acutely insightful chronicler whose behind the scenes recollections allow readers to experience those moments of creative fusion when life so magically merged with art If you go to New York City to study music you'll end up like your uncle Henry Glass's mother warned her incautious and curious nineteen year old son It was the early summer of 1956 and Ida Glass was concerned that her precocious Philip already a graduate of the University of Chicago would end up an itinerant musician playing in vaudeville houses and dance halls all over the country just like his cigar smoking bantamweight uncle One could hardly blame Mrs Glass for worrying that her teenage son would end up as a musical vagabond after initially failing to get into Juilliard Yet the transformation of a young man from budding musical prodigy to world renowned composer is the story of this commanding memoir From his childhood in post World War II Baltimore to his student days in Chicago at Juilliard and his first journey to Paris where he studied under the formidable Nadia Boulanger Glass movingly recalls his early mentors while reconstructing the places that helped shape his artistic consciousness From a life changing trip to India where he met with gurus and first learned of Gandhi's Salt March to the gritty streets of New York in the 1970s where the composer returned working day jobs as a furniture mover cabbie and an unlicensed plumber Glass leads the life of a Parisian bohemian artist only now transported to late twentieth century America Yet even after Glass's talent was first widely recognized with the sensational premiere of Einstein on the Beach in 1976 even after he stopped renewing his hack license and gained international recognition for

operatic works like Satyagraha Orpheus and Akhnaten the son of a Baltimore record store owner never abandoned his earliest universal ideals throughout his memorable collaborations with Allen Ginsberg Ravi Shankar Robert Wilson Doris Lessing Martin Scorsese and many others all of the highest artistic order Few major composers are celebrated as writers but Philip Glass in this loving and slyly humorous autobiography breaks across genres and recreates here in words the thrill that results from artistic creation Words Without Music ultimately affirms the power of music to change the world

[The Planetary Clock](#) Paul Giles, 2021-02-11 The theme of The Planetary Clock is the representation of time in postmodern culture and the way temporality as a global phenomenon manifests itself differently across an antipodean axis To trace postmodernism in an expansive spatial and temporal arc from its formal experimentation in the 1960s to environmental concerns in the twenty first century is to describe a richer and more complex version of this cultural phenomenon Exploring different scales of time from a Southern Hemisphere perspective with a special emphasis on issues of Indigeneity and the Anthropocene The Planetary Clock offers a wide ranging revisionist account of postmodernism reinterpreting literature film music and visual art of the post 1960 period within a planetary framework By bringing the culture of Australia and New Zealand into dialogue with other Western narratives it suggests how an antipodean impulse involving the transposition of the world into different spatial and temporal dimensions has long been an integral if generally occluded aspect of postmodernism Taking its title from a Florentine clock designed in 1510 to measure worldly time alongside the rotation of the planets The Planetary Clock ranges across well known American postmodernists John Barth Toni Morrison to more recent science fiction writers Octavia Butler Richard Powers while bringing the US tradition into juxtaposition with both its English Philip Larkin Ian McEwan and Australian Les Murray Alexis Wright counterparts By aligning cultural postmodernism with music Messiaen Ligeti Birtwistle the visual arts Hockney Blackman Fiona Hall and cinema Rohmer Haneke Tarantino this volume enlarges our understanding of global postmodernism for the twenty first century
