Encyclopedic in scope and full of very relevant work drawn from the fields of biology psychology criminology and corrections this book is a must read for those working with girl and women offenders Meda Chesney Lind Professor Women s Studies University of Hawaii at Manoa In this timely and thoughtful book van Wormer provides a gender sensitive lens through which the reader can examine pathways to female criminality a global perspective on female crime and punishment and innovative treatment approaches This book is a must have for any student or professional who wishes to truly impact and empower the lives of female offenders David W Springer Associate Dean for Academic Affairs School of Social Work The University of Texas at Austin This book is timely in light of promising developments that are taking place at every level of the criminal justice system It is a must read for policymakers practitioners academics and students in criminal justice social work and other related fields Barbara E Bloom Professor Criminology and Criminal Justice Studies Sonoma State University California

The first book to combine elements from the social work counseling and criminology fields to create a framework tailored to working with female offenders Taking into account the special needs of girls and women within a system designed by men for male offenders *Working with Female Offenders* offers counselors correctional officers lawyers probation officers in short anyone who works in some capacity with female offenders an evidence based gentler approach for working effectively and successfully with girls and women in trouble with the law *Working with Female Offenders* provides coverage devoted to the nature of female crime and to the institutional settings in which much of the female specific programming is designed to take place This timely volume equips professionals with proven counseling strategies tailored to fit this population Practical guidelines are included for case management interventions teaching skills of communication and assertiveness and anger and stress management for female offender populations as well as A strengths empowerment restorative framework for counseling women in crisis Narratives from personal interviews with female offenders and correctional counselors Discussion of controversial topics such as prison homosexuality AIDS in prison girls in gangs and women on death row Examples of successful innovative programs for female offenders from the United States and abroad *Working with Female Offenders* addresses the unique challenges of female offenders and those who treat them and provides a much needed addition to the literature on innovative programming for female offenders

**Gender Responsive Justice** Karen Evans, 2017-07-20 At the end of the twentieth century a step change in thinking about the offending behaviour of women began to impact on policy makers concerned with the treatment of female offenders A growing number of nations states and organisations both national and supra national in nature began to acknowledge that existing criminal justice and especially penal practices had not been sufficiently attentive to women s needs and had discriminated against women as a result The concept of gender responsive justice an orientation to working with women and girls based around a consideration of the special needs of

women as prisoners and their particular pathways to offending has been developed as a result This book explores the development of this concept the theories which have informed it policy arenas in which gender responsive justice has been attempted and the practices of gender responsive justice which have subsequently emerged This book takes a global perspective as it outlines the different international and national arenas within which gender responsive justice gained favour and considers what has been learned from this novel and feminist inspired approach Gender responsive justice has not been without its critics however and this book also examines the different arguments which have been used to attack or critique the concept from varied perspectives This book lays down a clear theoretical framework for understanding gender responsive justice and will be useful in assessing current and future policy making in this area **The History, Evolution, and**

**Current State of Female Offenders** Alana Van Gundy,Shauntee James,2022-01-20 The History Evolution and Current State of Female Offenders Recommendations for Advancing the Field summarizes what the field has learned about females and crime details the status of legislation and criminological research focused on female criminality and provides recommendations for advancing the field Van Gundy and James present the material from a gendered approach with the goal of analyzing the current understanding of the relationship between gender and crime Tracing the intellectual history of feminist criminology from its foundations to the present time the authors follow four primary themes What do we know about the relationship between gender and crime What special needs do female offenders have What works and doesn't work for female offenders What can or should we do from here Reaching back to Carol Smart's seminal 1976 book Women Crime and Criminology A Feminist Critique available through Routledge Revivals the authors note that in some ways modest progress has been made but large gaps in research and policy still exist This much needed book provides an overarching view of the history and evolution of the understanding of the relationship between gender and crime detailed analysis of seminal work and criminological studies an exploration of incarceration reentry and programming and concrete recommendations for future research These recommendations focus on the importance of creating and utilizing theoretical models that measure the role of gender and identity inclusion of female specific variables when examining and responding to criminality and the necessity of policymakers and legislators to address female criminality from a gendered lens The book will appeal to those who are interested in females and criminality race and ethnicity policy and evaluation criminal behavior criminology and students in courses in sociology psychology women and gender studies social justice black world studies gerontology and criminology criminal justice as well as policymakers and practitioners in the field It will inspire researchers to ask the kinds of questions that will advance the field of feminist criminology in the future *Women and the Criminal Justice System* Katherine Stuart van Wormer,Clemens Bartollas,2021-12-30 This book presents an up to date analysis of women as victims of crime as individuals under justice system supervision and as professionals in the field The text features an empowerment approach that is unified by underlying themes of the intersection of gender race and class and evidence based research Personal

narratives supplement research and statistics to help students connect the text material with real life situations This new edition is informed by consideration of major ongoing social movements such as MeToo Black Lives Matter and the fight to reduce mass incarceration The text stresses contemporary topics such as recognition of lesbian bisexual and transgender issues in juvenile and adult facilities the introduction of trauma informed care in detention centers and prisons the criminalization of Black girls and women the effects of an increasingly militarized police culture and the contributions of Ruth Bader Ginsburg and other influential women With its emphasis on critical thinking this text is ideal for undergraduate courses concerning women in the justice system     Working with Women Offenders in the Community Rosemary

Sheehan, Gill McIvor, Chris Trotter, 2010-12-21 Contributions to this book challenge policy makers and corrections systems to concentrate on community provision for women offenders and resist popular calls for more punitive responses to all offenders women included Contributors come from a wide range of countries including Australia Canada UK and USA They argue that the criminogenic lens applied to women s offending must be gender responsive if systems are to be successful at addressing the disadvantage and risk associated with offending behaviour     **Feminist Theory, Crime, and Social Justice**

Alana Van Gundy, 2014-09-25 Feminist Theory Crime and Social Justice offers an insightful look at the primarily masculine driven perspective on crime and justice through the lens of feminist theory The book presents the argument that an increased understanding of the female crime typology life course and gender specific programming will improve social justice for offenders Discussions on the direct implications of the way society views crime and justice contribute to policy recommendations for helping to improve these views specifically as they relate to female crime     *A Halfway House for*

*Women* Gail A. Caputo, 2014-07-01 Although halfway houses have been touted for years as affirmative rehabilitation locations that ready women for life in the outside world in this remarkable case study Gail Caputo shows how these places reinforce patterns of control and abuse that reaffirm the dependency and victimization of the inmates Based on observations made while living and working alongside women at a halfway house within the prison system in a city in the Northeast Caputo s analysis is anchored in the words and experiences of over a dozen women Organized according to the progression of levels residents traverse during their time in the house and the rules and behaviors associated with each level Caputo offers a riveting look at what passes for rehabilitation and reintegration in such places and delineates the many ways these women retain agency by resisting regulations designed to keep them in their place     **Women and Children as Victims and**

**Offenders: Background, Prevention, Reintegration** Helmut Kury, Slawomir Redo, Evelyn Shea, 2016-06-20 This work compiles experiences and lessons learned in meeting the unique needs of women and children regarding crime prevention and criminal justice in particular the treatment and social reintegration of offenders and serves as a cross disciplinary work for academic and policy making analyses and follow up in developing and developed countries Furthermore it argues for a more humane and effective approach to countering delinquency and crime among future generations In a world where

development positively depends on the rule of law and the related investment security two global trends may chart the course of development urbanization and education Urbanization will globalize the concepts of justice and fairness education will be dominated by the urban mindset and digital service economy just as a culture of lawfulness will This work looks at crime prevention education as an investment in the sustainable quality of life of succeeding generations and at those who pursue such crime prevention as the providers of much needed skills in the educational portfolio Adopting a reformist approach this work collects articles with findings and recommendations that may be relevant to domestic and international policymaking including the United Nations Studies and their educational value for the welfare of coming generations The books address the relevant United Nations ideas by combining them with academic approaches Guided by the Editors respective fields of expertise and in full recognition of academic freedom and organized scepticism it includes contributions by lawyers criminologists sociologists and other eminent experts seeking to bridge the gap between academic and policy perspectives as appropriate against the international background including the United Nations developments The second volume opens with Part IV which presents articles on different kinds of crime prevention The effectiveness of punishment and in particular imprisonment is examined by contrasting it with alternative sanctions and the following questions are raised Does harsh punishment have a crime preventive effect What are the side effects of imprisonment on the offenders and their families Are alternatives such as restorative justice or mediation more effective and cheaper Part V outlines proactive strategies of crime prevention e g for potential sex offenders or in the domain of internet crime Part VI envisions a more peaceful and inclusive society which would be realized by improving the protection of women and children in their everyday life and easing the reintegration of those who have become offenders The importance of the role played by the UN in formulating these goals is underlined The volume concludes with an epilogue of the 70th President of the United Nations Economic and Social Council Martin Sajdik and a post scriptum of the editors p

### **Encyclopedia of Community Corrections**

Shannon M. Barton-Bellessa, 2012-05 In response to recognition in the late 1960s and early 1970s that traditional incarceration was not working alternatives to standard prison settings were sought and developed One of those alternatives community based corrections had been conceived in the 1950s as a system that might prove more progressive humane and effective particularly with people who had committed less serious criminal offenses and for whom incarceration with constant

exposure to serious offenders and career criminals might prove more damaging than rehabilitative The alternative of community corrections has evolved to become a substantial part of the criminal justice and correctional system spurred in recent years not so much by a progressive humane philosophy as by dramatically increasing prison populations court orders to fix overextended prison settings and an economic search for cost savings Encyclopedia of Community Corrections explores all aspects of community corrections from its philosophical foundation to its current inception Features a thematic reader s guide in the front matter groups entries by broad topical or thematic areas to make it easy for users to find related entries at a glance a chronology in the back matter helps students put individual events into broader historical context a glossary provides students with concise definitions to key terms in the field a resource guide to classic books journals and web sites along with the further readings accompanying each entry guides students to further resources in their research journeys and appendix offers statistics from the Bureau of Justice
