Brief Interventions with Bereaved Children Barbara Monroe, Frances Kraus, 2010 Recent years have seen increasing interest in the needs of children facing bereavement and a corresponding increase in services to support them This book addresses and explains the theoretical concepts and practical implications behind the idea of brief work with bereaved children and families Flexible and accessible short term services delivered at the right time underpin the strengths of bereaved children supporting their recovery rather than pathologising the grief process In this way the book also speaks to the current interest in the concept of resilience and working with families strengths and possibilities rather than merely identifying their problems This second edition continues to be a unique book within the growing field of childhood bereavement and the new chapters added to this edition discuss managing situations with learning disability supporting very young children and emotional literacy The book also presents cases from the service user's perspective It looks at different approaches to intervention such as the importance of assessment and the value of groupwork and also covers work with children and families before a death Brief interventions with bereaved children will appeal to practitioners educators and service providers managing scarce resources The editors have more than twenty five years experience as practitioners within the field as service providers and educators The book features chapters from distinguished contributors with backgrounds in healthcare education social work and the police alongside theoretical and practice based chapters from workers in the field of bereavement care for children

Brief Interventions with Bereaved Children Barbara Monroe, Frances Kraus, 2005 The contact between a health care professional and a bereaved child can often be very brief and yet the interaction can have a profound effect on the child and on the professional themselves This book describes and illustrates the concept of brief therapeutic work with bereaved children and families Recent years have seen increasing interest in the needs of children facing bereavement and a corresponding increase in services to support them Brief Interventions with Bereaved children addresses and explains the theoretical concepts and practical implications behind the idea of brief work with bereaved children and families Flexible and accessible short term services delivered at the right time underpin the strengths of bereaved children supporting their recovery rather than pathologising the grief process The topic of this book is unique in the field and will appeal to palliative care practitioners educators and service providers managing scarce resources The book features some distinguished contributors with backgrounds in health care education social work and the police alongside theoretical and practice based chapters from workers in the field of bereavement care for children There is also a chapter

from the service user's perspective *Bereavement Groups and the Role of Social Support* William G. Hoy, 2016-02-26 All too frequently clinical practice consists of repeating year after year the methods learned in graduate training occasionally seasoned by a technique learned in a continuing education workshop *Bereavement Groups and the Role of Social Support* gives clinicians what they've been missing in other volumes practical techniques that have a solid contemporary empirical basis Deftly weaving together theory research and practice this volume is a compendium of the latest practical thinking about bereavement support groups Readers will learn when well loved practices make sense and are supported by sound evidence as well as which practices should possibly be discontinued The book also contains the results of a qualitative study bringing together the best practices of experienced bereavement group leaders from around the world **Grief in Young Children** Atle Dyregrov, 2008 This insightful text will be of great help to all who care for pre school children parents kindergarten teachers ministers of religion police welfare workers the list is endless If they learn the values reflected in this small book then bereaved children everywhere will grow up with far fewer hang ups about the only certainty in life from the foreword by Professor William Yule Praise for the author Dyregrov's writing is clear in its description and explicit in its advice and demonstrates that the daunting task of helping a child through grief is both manageable and reward *Young People's Experiences Of Loss And Bereavement: Towards An Interdisciplinary Approach* Ribbens McCarthy, Jane, 2006-11-01 Everyone from health care workers to family therapists will find a treasure trove of insight into how young people deal with the deaths of loved ones This book draws together a range of research and includes narrative based case studies to compose a comprehensive overview of various theories and research **I Wish I'd Known** Fiona Spargo-Mabbs, 2021-05-27 SUCH AN IMPORTANT BOOK ESSENTIAL READING FOR PARENTS Gabby Logan INCREDIBLY POWERFUL A MUST READ Victoria Derbyshire When Dan died I realised many things I realised drugs were closer to our door than I'd thought I realised drugs have become normalised for young people I realised drugs are more affordable accessible and available than ever before And I realised I didn't know enough and nor did Dan to navigate the choices and come back alive When Daniel Spargo Mabbs was 16 he went to a party and never came home The party was an illegal rave and Daniel bright popular big hearted prom king Dan died from a fatally strong overdose of MDMA In the seven years since the range of substances has become wider the levels of exposure higher and the threat to young people's physical and mental health from drugs greater than ever before Despite this there is almost no guidance for parents to help their children navigate this perilous landscape and to stay safe To come home at night To grow up This book is everything Fiona Spargo Mabbs wishes she'd known everything she wishes she'd done before she lost her son Because however you parent and whatever you do at some point your child is likely to be in a situation where they have to make a decision about drugs What if that decision is yes Do they know what the risks are Do they have strategies they can bring to bear if things go wrong *I Wish I'd Known* interweaves the story of one family's terrible loss with calm measured and practical advice for parents It explores the risks posed by illegal drugs and explains the

way the adolescent brain makes decisions There is practical advice for saying safe information on reducing harm and talking points for parents and their children to do talk about look at look up or consider A life lost to drugs is a loss like no other Throughout the book Daniel s story his life his death and what happened afterwards not only provides a compelling reminder of the importance of those conversations but also serves as an unforgettable eulogy to a son brother boyfriend and friend whose legacy continues to touch and perhaps even save the lives of other young people *Guide to Developing Good Practice in Childhood Bereavement Services* Alison Penny, Childhood Bereavement Network, 2006-08-30 Whether you are setting up a new or are already delivering a childhood bereavement service you will find useful information in this book The starting point is a discussion of the importance of good practice in childhood bereavement services but the ebook will be useful as a reference when specific issues in developing or reviewing your policy and procedures arise
