Tourist Cultures Stephen Wearing, 2010 Sharp engaging and relevant Tourist Cultures presents valuable critical insights into tourism arguing that within the imagined real spaces of the traveller self it becomes possible to envisage tourist cultures and futures that will empower and engage Here is a framework for understanding tourism which is subject centred dynamic and capable of dealing with the complexity of contemporary tourist cultures The book argues that tourists are not passive consumers of either destinations or their interpretations Rather they are actively occupied in a multi sensory embodied experience It del Tourist Cultures Stephen Wearing, Deborah Stevenson, Tamara Young, 2009-09-26 This is a timely and easily accessible book that addresses a number of issues that are of central concern to the development of tourism studies It will also be of interest to those in cultural studies social geography and social anthropology who are concerned with the relationship between the production and consumption of place Kevin Meethan University of Plymouth Sharp and engaging Tourist Cultures presents valuable critical insights into tourism arguing that within the imagined real spaces of the traveller self it becomes possible to envisage tourist cultures and futures that will both empower and engage Here is a framework for understanding tourism which is subject centred dynamic and capable of dealing with the complexity of contemporary tourist cultures The book argues that tourists are not passive consumers of either destinations or their interpretations Rather they are actively occupied in a multi sensory embodied experience It delves into what tourists are looking for when they travel be they on a package tour or immersing themselves in the places cultures and lifestyles of the exotic Tourism is examined through a consideration of the spaces and selves of travel exploring the cultures of meaning mobilities and engagement that frame and define the tourist experience and traveller identities This book draws on the explanatory traditions of sociology human geography and tourism studies to provide useful insights into the experiential and the lived dimensions of tourism and travel Written in an accessible and engaging style this is a welcome contribution to the growing literature on tourism and will be important reading for students in a range of social science and humanities courses *International Volunteer Tourism* Stephen Wearing, Nancy Gard McGehee, 2013 Summary This book revisits and further develops the topics and themes covered in Volunteer Tourism Experiences That Make a Difference written over 10 years ago Concentrating on the experience of the volunteer tourist and the host community this new edition builds on the view of volunteer tourism as a

positive and sustainable form of tourism to examine a broader spectrum of behaviours and experiences and consider critically where the volunteer tourist experience both compliments and collides with host communities using multiple case studies The book has nine chapters and a subject index *Thumbing a Ride* Linda Mahood,2018-08-01 In the 1920s as a national network of roads and youth hostels spread across Canada so did the practice of hitchhiking By the 1960s the Trans Canada Highway had become the main thoroughfare for thousands of young baby boomers seeking adventure *Thumbing a Ride* examines the rise and fall of hitchhiking and hostelling in the 1970s drawing on records from the time Many equated adventure travel with freedom but a counter narrative emerged of girls gone missing and other dangers Town councillors community groups and motorists called for a nationwide clampdown on a transient youth movement that they believed was spreading hippie sensibilities and anti establishment nomadism Linda Mahood unearths good and bad stories and key biographical moments that formed young travellers understandings of personal risk agency and national identity *Thumbing a Ride* asks new questions about hitchhiking as a rite of passage and about the adult interventions that turned a subculture into a moral and social issue **Film Tourism in Asia** Sangkyun Kim,Stijn Reijnders,2017-10-13 This book focuses on film tourism the phenomenon of people visiting locations from popular film or TV series It is based on a unique Asian perspective encompassing case studies from around the pan Asian region including China Taiwan India Japan South Korea Thailand Hong Kong Indonesia and Singapore By focusing emphatically on film tourism in the non West this book offers a timely and crucial contribution to a more comprehensive understanding of the relation between film culture and place particularly in light of the increased volume of media production and consumption across Asia and the consequent film tourism destinations that are currently popping up across the Asian continent *Transnational Mobilities in Action Sport Cultures* H.

Thorpe,2014-05-30 This book contributes to recent debates in transnationalism mobilities and migration studies by offering the first in depth sociological examination of the global phenomenon of action sports and the transnational networks and connections being established within and across local contexts around the world **Cities of Culture** Deborah Stevenson,2013-08-15 Culture now has a prominent place on the urban policy and re profiling agendas of cities around the world City based cultural planning emphasising creativity in all its guises has emerged as a significant local policy initiative while the notion of the creative city has become an urban imaging cliché The proliferation of local blueprints for cultural planning creative cities has been remarkable while supra state bodies such as the European Union and UNESCO are also fostering the use of culture in strategies to revive cities and urban economies and to brand places as different Cities of Culture highlights significant trends in cultural planning since its inception revealing and analysing key discourses and influential globally circulating manifestos and processes as well as their interpretation and implementation in specific places With reference to examples drawn from Europe Australia Asia and North America Cities of Culture provides insights into the application of urban cultural strategies in different local national and international contexts highlighting regularities tensions

and intersections as well as core underpinning assumptions This book explores the now pervasive expectation that cultural planning is capable of achieving a wide range of social economic urban and creative outcomes It will be of interest for students and scholars of urban sociology urban studies cultural policy studies and human geography **Identity**

Construction and Tourism Consumption Erdal Arslan,İnci Oya Coşkun,2022-10-26 This book explores how identity plays a pivotal role in tourism consumption Almost all tourism related consumption studies underestimate or refer inadequately to identity s relationship with tourism consumption As identity phenomenon is considerably a new subject in the tourism literature this book examines its relationship with the consumption theory It is of interest to readers curious about how pre during and post consumption activities affect a person s identity and vice versa This book contains an analysis of consumption theories and a summary of literature identifying the phenomenon s evolution through pre modern modern and post modern periods In this context this book aims to enlighten the interactions between identity construction and tourism consumption The grounded theory one of the qualitative research approaches was applied to accomplish the relevant purpose and in depth interviews were recruited following the method approach stages to enable the researchers to gain new insights into the subject By presenting the identity tended tourism consumption model this book provides a set of profound contributions to the relevant literature and insight for practitioners decision makers and entrepreneurs This book attempts to clarify the tourists consumption process and understand how the interactions between identity construction and tourism consumption work The qualitative methodology grounded theory allows in depth analysis and insights of the participants of the study on their definitions of themselves as human beings and as tourists decisions on their travel plans their considerations motivations to travel and destination preferences interactions with others vacation activities evaluations on their travel experiences et cetera Therefore this book appeals to readers of marketing business operations sociology and economics **The Creative Tourist** Xavier Matteucci,Melanie Smith,2024-01-22 The Creative Tourist offers novelty in this field in that it discusses the creative tourism experience through a relational eudaimonic perspective thus extending current knowledge and bringing fresh insights from new materialist philosophy into creative tourism research **Handbook of Teaching and Learning in Tourism** Pierre Benckendorff,Anita Zehrer,2017-01-27 This comprehensive Handbook provides an international perspective on contemporary issues and future directions in teaching and learning in tourism Key topics include assurance of learning development of skills learning in the field work integrated learning sustainability and critical studies internationalisation technology enabled learning links between teaching and research and graduate student supervision Within these topics attention is devoted to the discussion of curriculum pedagogy assessment students educators and trends and issues The Handbook provides a valuable resource for understanding teaching and learning theory and practice in tourism **Travel and Imagination** Garth Lean,Russell Staiff,Emma Waterton,2016-02-24 The imagination has long been associated with travel and tourism from the seventeenth century when the showman and his peepshow box would take the

village crowd to places cities and lands through the power of stories to today when we rely on a different range of boxes to whisk us away on our imaginative travels the television the cinema and the computer Even simply the notion of travel it would seem gives us license to daydream The imagination thus becomes a key concept that blurs the boundaries between our everyday lives and the idea of travel Yet despite what appears to be a close and comfortable link there is an absence of scholarly material looking at travel and the imagination Bringing together geographers sociologists cultural researchers philosophers anthropologists visual researchers archaeologists heritage researchers literary scholars and creative writers this edited collection explores the socio cultural phenomenon of imagination and travel The volume reflects upon imagination in the context of many forms of physical and non physical travel inviting scholars to explore this fascinating yet complex area of inquiry in all of its wonderful colour slipperiness mystery and intrigue The book intends to provide a catalyst for thinking discussion research and writing with the vision of generating a cannon of scholarship on travel and the imagination that is currently absent from the literature

Making Culture David Rowe, Graeme Turner, Emma Waterton, 2018-05-11 Making Culture provides an in depth discussion of Australia's relationship between the building of national cultural identity or nationing and the country's cultural production and consumption With the 1994 national cultural policy Creative Nation as a starting point for many of the essays included in this collection the book investigates transformations within Australia's various cultural fields exploring the implications of nationing and the gradual movement away from it Underlying these analyses are the key questions and contradictions confronting any modern nation state that seeks to develop and defend a national culture while embracing the transnational and the global Including topics such as publishing sport music tourism art Indigeneity television heritage and the influence of digital technology and output Making Culture is an essential volume for students and scholars within Australian and Cultural studies

Global Nomads and Extreme Mobilities Päivi Kannisto, 2017-05-15 Presenting a ground breaking study of the emerging phenomenon of location independence this book examines the way in which the practices of global nomads who live on the road without fixed abode place of employment or localised circle of friends question many of the unwritten norms and ideals that characterise settled life in societies With the lifestyles of global nomads blurring the boundaries between travel migration and dwelling Global Nomads and Extreme Mobilities draws on in depth interviews with a worldwide group of location independent travellers together with virtual and instant ethnography and discourse analysis to show how lives oriented around extreme forms of mobility offer researchers in migration tourism and mobilities a unique opportunity for examining the complex subjectivities and power relations associated with multi mobility With close attention to the nationalistic political and travel related attachments of global nomads and the ways in which their own representation and justification of their lifestyles and subjectivities constitute a power negotiation the book examines global nomads social and intimate relationships and the forms of exclusion and discrimination that they encounter raising the question of whether they live inside or outside societies and indeed whether

there can be any life outside societies A re assessment of much contemporary research in the fields of mobility migration and tourism studies Global Nomads and Extreme Mobilities will appeal to scholars across the social sciences

The Routledge Research Companion to Planning and Culture Greg Young, 2016-03-23 It has become increasingly evident that effective planning for sustainable communities environments and economies pivots on the ability of planners to see the possibilities for culture in comprehensive social historical and environmental terms and to more fully engage with the cultural practices processes and theorisation that comprise a social formation More broadly an approach to planning theory and practice that is itself formed through a close engagement with culture is required This Research Companion brings together leading experts from around the world to map the contours of the relationship between planning and culture and to present these inextricably linked concepts and issues together in one place By examining significant trends in varying national and international contexts the contributors scrutinise the theories and practices of both planning and culture and explore not only their interface but significant divergences and tensions In doing so this collection provides the first comprehensive overview and analysis of planning and culture interdisciplinary and international in scope It is comprised of six parts organised around the themes of global and historical contexts key dimensions of planning and cultural theory and practice and cultural and planning dynamics Each section includes a final chapter that provides a case study lens which pulls the themes of the section together with reference to a significant planning issue or initiative

By-roads and Hidden Treasures Paul Ashton, Chris Gibson, Ross Gibson, 2015 What is keeping people strong in isolated and under populated locales and how much of that is cultural In 2008 the Cultural Asset Mapping for Regional Australia CAMRA project was born with the very simple question how can we best map regional culture in contemporary Australia so that we can assess that culture s value In the five years that followed what transpired was an unpredictable journey into unlikely places and too often neglected communities across regional Australia from western Sydney to the central desert from east coast surfboard shapers to Torres Straight hip hop musicians Their experiences stories and insights confronted existing assumptions and challenged many of the cherished precepts of cultural policy and creative industries research By roads and Hidden Treasures brings together the project s researchers cultural critics and arts and creative industry figures to discuss culture and its connection to community particularly in isolated circumstances The book contains thought provoking discussions on regional Australia s colonial and cultural heritage and details innovative new methods for measuring cultural assets as well as reflecting on fostering collaborations with peak cultural bodies in order to inform imminent policy and planning decisions for regional Australia

The Routledge Research Companion to Planning and Culture Dr Greg Young, Professor Deborah Stevenson, 2013-09-28 It has become increasingly evident that effective planning for sustainable communities environments and economies pivots on the ability of planners to see the possibilities for culture in comprehensive social historical and environmental terms and to more fully engage with the cultural practices processes and theorisation that comprise a social

formation More broadly an approach to planning theory and practice that is itself formed through a close engagement with culture is required This Research Companion brings together leading experts from around the world to map the contours of the relationship between planning and culture and to present these inextricably linked concepts and issues together in one place By examining significant trends in varying national and international contexts the contributors scrutinise the theories and practices of both planning and culture and explore not only their interface but significant divergences and tensions In doing so this collection provides the first comprehensive overview and analysis of planning and culture interdisciplinary and international in scope It is comprised of six parts organised around the themes of global and historical contexts key dimensions of planning and cultural theory and practice and cultural and planning dynamics Each section includes a final chapter that provides a case study lens which pulls the themes of the section together with reference to a significant planning issue or initiative

Consumer Culture and Society Wendy Wiedenhof Murphy, 2016-07-27 Consumer Culture and Society offers an introduction to the study of consumerism and consumption from a sociological perspective Author Wendy Wiedenhof Murphy examines what we buy how and where we consume the meanings attached to the things we purchase and the social forces that enable and constrain consumer behavior Opening chapters provide a theoretical overview and history of consumer society and featured case studies look at mass consumption in familiar contexts such as tourism food and higher education The book explores ethical and political concerns including consumer activism indebtedness alternative forms of consumption and dilemmas surrounding the globalization of consumer culture

Social Psychology and Theories of Consumer Culture Matthew McDonald, Stephen Wearing, 2013-04-02 Social Psychology and Theories of Consumer Culture A Political Economy Perspective presents a critical analysis of the leading positions in social psychology from the perspective of classical and contemporary theories of consumer culture The analysis seeks to expand social psychological theory by focusing on the interface between modern western culture consumer culture and social behaviour McDonald and Wearing argue that if social psychology is to play a meaningful role in solving some of society's most pressing problems e.g global warming obesity addiction alienation and exclusion then it needs to incorporate a more comprehensive understanding and analysis of consumer culture Wide ranging and challenging the book offers a fresh insight into critical social psychology appropriate for upper undergraduate and postgraduate courses in personality social psychology critical and applied psychology It will also appeal to those working in clinical counselling abnormal and environmental psychology and anyone with an interest in the integration of social psychology and theories of consumer culture
