 The Place is the first architectural history of popular music performance space describing its beginnings its different
 typologies and its development into a distinctive genre of building design It examines the design and form of popular music
 architecture and charts how it has been developed in ad hoc ways by non professionals such as building owners promoters
 and the musicians themselves as well as professionally by architects designers and construction specialists With a primary
 focus on Europe and North America and excursions to Australia the Far East and South America it explores audience
 experience and how venues have influenced the development of different musical scenes From music halls and Vaudeville in
 the 1800s via the seminal clubs and theatres of the 20th century to the large scale multi million dollar arena concerts of
 today this book explores the impact that the use of private and public space for performance has on our cities urban identity
 and to a lesser extent how rural space is perceived and used Like architecture popular music is neither static nor
 standardized it continuously develops and has multiple strands This Must Be The Place describes the factors that have
 determined the development of music venue architecture focusing on both famous and less well known examples from the
 smallest bar room music space to the largest stadium filling rock set **American Social History - 1959** Eugen
