My Personal Account of a Neurotic Mother in Law Although I had always heard about the terrible experiences of having a narcissistic mother in law I never imagined that I would experience it myself I was completely enamored with her son Charles and I was certain that our union was intended However after we were married everything was different I always believed that Lisa my mother in law s excessive involvement in her son s life was a testament to her love for him But following the wedding things continued to deteriorate Lisa used to be critical of my cooking my housekeeping abilities and even my wardrobe choices Ruth was never happy with anything I did I tried to ignore it at first I didn t want to upset my spouse or create any issues in our union However as the criticism persisted I began to feel more and more alone and depressed My self esteem began to suffer since I thought I was incapable of doing anything correctly in Lisa s eyes I made the decision to give up one day I was aware that Lisa s actions could no longer have an adverse effect on my marital and mental well being I so began to look up strategies for handling a narcissistic mother in law I read a lot of books and found a lot of material online about how to deal with narcissistic people and create boundaries When I began implementing these tactics Lisa s behavior gradually began to shift in my eyes I started by setting up boundaries with Lisa I made it plain that I would not put up with any more insults or criticism I would gently but firmly remind Lisa of the limit and the repercussions of crossing it when she did This made it clearer to Lisa that I would not be taken lightly I improved my communication abilities as well I ve learnt to communicate my

emotions using I phrases rather than by criticizing or insulting Lisa In order to better comprehend Ruth s viewpoint and give a helpful response I also worked on active listening Lisa eventually learned to accept my limits and improve her communication skills We had a better relationship and I was able to keep my marriage to my spouse strong Get this book to find out more about how to deal with your toxic mother in law and keep your marriage together **Distancing Yourself from Toxic In-Laws** Jennifer Stuart,2022-11-09 Marriage brings a whole set of challenges in a person s life changes and challenges that you probably never even saw coming The biggest and probably the toughest challenge is dealing with the in laws God forbid it but if you are stuck with a set of toxic ones who either nag or criticize you nonstop we would suggest distancing yourself from in laws for sake of your peace of mind Toxic in laws tend to control and manipulate your relationship with your partner They ll find faults with everything you do and meddle in your life nonstop They ll always find ways to pull you down and make you feel bad If you re tired of constantly having to deal with disrespectful in laws and are looking for a way out consider maintaining a distance from them Distancing yourself from in laws does not mean cutting off ties completely Once you re married that s kind of impossible Maintain the respect and dignity you can for them even if you don t receive it back What we mean by distancing yourself from in laws is setting a few boundaries and limiting your contact with them while maintaining a cordial and polite relationship Keeping a healthy distance will help both sides and could possibly strengthen your bond with both your partner and in laws We are here to help you identify the signs of toxic in laws deal with them and figure out ways to distance yourself from them Read this book now to learn how to distance yourself from toxic in laws without cutting ties with them entirely Learn how to interact with toxic in laws without going nuts and losing your sanity

Summary of Susan Forward's Toxic In-Laws

Everest Media,2022-03-13T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 When you get to a point of a serious commitment you usually know a lot about your partner and their family and you've either met or heard about them But looking back now with the dazzling clarity of hindsight you can remember your first inkling that you were headed for in law trouble 2 We often wait months or years between the time we know we have in law problems and the time we stop waiting for them to disappear on their own We cling to a whole collection of reassuring platitudes about how to handle in laws but they are rooted in wishful thinking rather than reality 3 There are many myths about how to deal with rejection and hostility They help you feel better in the moment but they don't help you see clearly or respond smartly when problems arise 4 I will take you through an exploration of the most typical kinds of in laws from the critics to the controllers I'll help you see into the workings of your partner's parents and through them you'll gain much of the clarity necessary to move toward change
