

TRACING ESSAY PLAN/NOTES

Following and Tracing

- What has happened to the trust property?
- Two techniques for identifying trust property are following and tracing
- *Foskett v McKeown* 2000:
- '[Following and tracing] are both exercises in locating assets which are or may be taken to represent an asset belonging to the [the beneficiaries] and to which they assert ownership. The processes of following and tracing are, however, distinct. Following is the process of following the same asset as it moves from hand to hand. Tracing is the process of identifying a new asset as the substitute for the old.'

Tracing at common law:

- Shown in *Taylor v Plumer* 1815- 'It makes no difference in reason or law into what other form, different from the original, the change may have been made ... for the product or the substitute for the original thing still follows the nature of the thing itself as long as it can be ascertained to be such, and the right only ceases when the means of ascertainment fail, which is the case when the subject is turned into money, and mixed and confounded in a general mass of the same description' - Lord Ellenborough
- Cannot trace through a mixed fund: *Banque Belge Pour L'Etranger v Hambrouck* 1921
- Can't trace electronic transfers: *Agip (Africa) Ltd v Jackson* (1990)

Tracing and claiming at common law

- Limitation of common law remedies is that you don't have a proprietary remedy
- Personal remedies only: *Lipkin Gorman (a Firm) v Karpnale* (1992)-recognised a principle of unjust enrichment, case facts:
 - Money had and received (on facts of *Lipkin*; conversion available for personal property other than money)
 - Recognised principle of unjust enrichment
 - Recognised change of position defence
- Personal remedy vindicating a proprietary claim: *Jones (FC) & Sons v Jones* 1997

A new role for equitable tracing?

- '[T]racing in equity is (to say the least) a complicated subject and, although the ideal would be to have simple rules of general application, the fact is that the court's approach has, understandably and rightly been influenced by the context in which a tracing problem arises.
- Many of the earlier cases concerned fiduciaries who, without any fraudulent intention and in days when professional rules about segregation of clients' funds

Tracing the Essay G. Douglas Atkins, 2010-02-25 The essay as a notably hard form of writing to pin down has inspired some unflattering descriptions It is a greased pig for example or a pair of baggy pants into which nearly anything and everything can fit In *Tracing the Essay* G Douglas Atkins embraces the very qualities that have moved others to accord the essay second class citizenship in the world of letters Drawing from the work of Montaigne and Bacon and recent practitioners such as E B White and Cynthia Ozick Atkins shows what the essay means and how it comes to mean The essay related to assaying attempting mines experience for meaning which it then carefully weighs It is a via media creature says Atkins born of and embracing tension It exists in places between experience and meaning literature and philosophy self and other process and product form and formlessness Moreover as a literary form the essay is inseparable from a way of life requiring wisdom modesty and honesty The essay was historically notes Atkins the first form to take the experience of the individual and make it the stuff of literature Atkins also considers the essay's basis in Renaissance and Reformation thinking and its participation in voyages of exploration and discovery of that age Its concern is home cosmography to use a term from seventeenth century writer William Habington Responding to influential critiques of the essay's supposed self indulgence lack of irony and absence of form Atkins argues that the essay exhibits a certain sneakiness as it proceeds in through and by means of the small and the mundane toward the spiritual and the revelatory **The Essay At the Limits** Mario

Aquilina, 2021-04-08 In the hands of such writers as Rebecca Solnit Claudia Rankine David Shields Zadie Smith and many others the essay has re emerged as a powerful literary form for tackling a fractious 21st century culture *The Essay at the Limits* brings together leading scholars to explore the theory the poetics and the future of the form The book links the formal innovations and new voices that have emerged in the 21st century essay to the history and theory of the essay In so doing it surveys the essay from its origins to its relation to contemporary cultural forms from the novel to poetry film to music and from political articles to intimate lyrical expressions The book examines work by writers such as Theodor W Adorno Kwame Anthony Appiah Francis Bacon James Baldwin Roland Barthes Maurice Blanchot Ta Nehisi Coates Annie Dillard Brian Dillon Jean Genet William Hazlitt Samuel Johnson Karl Ove Knausgaard Ben Lerner Audre Lorde Oscar Wilde Michel de Montaigne Zadie Smith Rebecca Solnit Wallace Stevens Eliot Weinberger and Virginia Woolf Postmodernism: Foundational essays
