Politics of Representation Sascha Roth,2018-09 After the privatisation of state owned housing relationships between states and citizens in former socialist countries have undergone major social economic and ideological transformations This book investigates changes associated with housing in Azerbaijan It traces the subtle continuities of people s past housing experiences and the role of solidarity and support among families and kin groups in the quest to secure housing for future generations Based on ethnographic fieldwork and archival research in the capital of Baku this book demonstrates that housing cannot be reduced to its economic aspects but is strongly embedded in wider social processes and moral expectations An anthropological perspective on the phenomenon of housing in people s everyday lives serves as a starting point to illuminate crucial notions of house and home and to explore the manifold connections of these notions with past and present ideologies of modernisation It explores too how the role of architecture and materiality in official politics has served socialist and postsocialist states through mis representations and the negotiation of state citizen relations in general

A World of Rivers Ellen Wohl,2010-11-15 Far from being the serene natural streams of yore modern rivers have been diverted dammed dumped

in and dried up all in efforts to harness their power for human needs But these rivers have also undergone environmental change The old adage says you can't step in the same river twice and Ellen Wohl would agree natural and synthetic change are so rapid on the world's great waterways that rivers are transforming and disappearing right before our eyes A World of Rivers explores the confluence of human and environmental change on ten of the great rivers of the world Ranging from the Murray Darling in Australia and the Yellow River in China to Central Europe's Danube and the United States Mississippi the book journeys down the most important rivers in all corners of the globe Wohl shows us how pollution such as in the Ganges and in the Ob of Siberia has affected biodiversity in the water But rivers are also resilient and Wohl stresses the importance of conservation and restoration to help reverse the effects of human carelessness and hubris What all these diverse rivers share is a critical role in shaping surrounding landscapes and biological communities and Wohl's book ultimately makes a strong case for the need to steward positive change in the world's great rivers
