Trailing and Camping in Alaska was written in 1909 by Addison M Powell an adventurer prospector hunter and a former guide for Captain William R Abercrombie s 1898 Copper River Exploring Expedition which was one of three military expeditions organized under the direction of the Secretary of War with directives for exploring the interior of the new territory of Alaska Powell s familiarity with the land made him a valuable addition to Abercrombie s efforts over the next several years and brought him into contact with many men who would help to shape the future of Alaska In the spring of 1898 Abercrombie was directed to organize his men and supplies at Valdez on the coast and to explore northward into the valley of the Copper River and its tributaries and farther north to the Tanana River seeking an all American route from coastal Alaska to the Klondike gold fields Powell s sub report which was published in Abercrombie s 1899 Government Report on the Copper River Exploring Expedition appears as chapters of this book The following year Abercrombie would be responsible for constructing a military road from Prince William Sound at Valdez to Eagle on the Yukon River a route which became known as the Eagle Trail Powell who had been exploring and prospecting in the country once again joined the effort as a guide and surveyor With his little dog Pete following alongside his trail horse Addison Powell helped survey and open the interior of the new Alaskan Territory at the turn of the century As a guide for Captain Abercrombie Powell saw the territory as few ever have long before it was

settled and criss crossed by roads and trails His tales of exploring prospecting hunting and meeting the many characters of the northland along the way make this an interesting and illuminating record of the hardships trials joys and adventures faced by those who explored the Last Frontier

In Pursuit of Alaska Jean Morgan Meaux, 2013-07-15 This collection of Alaskan adventures begins with a newspaper article written by John Muir during his first visit to Alaska in 1879 when the sole U S government representative in all the territory s 586 412 square miles was a lone customs official in Sitka It closes with accounts of the gold rush and the 1909 Alaska Yukon Pacific Exposition in Seattle Jean Meaux has gathered a superb collection of articles and stories that captivated American readers when they were first published and that will continue to entertain us today The authors range from Charles Hallock the founder of Forest and Stream a precursor of Field and Stream to New York society woman Mary Hitchcock who traveled with china silver and a 2 800 square foot tent After explorer Henry Allen wore out his boots he marched barefoot as he continued mapping the Tanana River and Episcopal Archdeacon Hudson Stuck mushed by dog sled in Arctic winters across a territory encompassing 250 000 miles of the northern interior Although the United States acquired Alaska in 1867 it took more than a decade for American writers and explorers to focus attention on a territory so removed from their ordinary lives These writers adventurers tourists and gold seekers would help define the nation s perception of Alaska and would contribute to an image of the state that persists today This collection unearths early writings that offer a broad view of American encounters with Alaska accompanied by Meaux s lively and concise introductions The present day adventurer will find much to inspire exploration while students of the American West can gain new access to this valuable trove of pre Gold Rush Alaska archives For more information go to <http://www.inpursuitofalaska.com>
