Training Dialogues for Medical Interpreters: Russian-English Антон Носов, 2025-03-04 This is a book on Russian English medical interpretation There is already an abundance of literature on interpretation but much of it is either theoretical or has little to no practical carryover to actual interpreting work I worked as a medical interpreter for a number of years and on the basis of that work I compiled typical conversations that I actually had to interpret on the job and rendered them in the form of training dialogues in this book The training dialogues cover both medical terms and communication difficulties Additionally the book contains practical tips for

interpreters The book is mainly intended for students of medical interpretation but it can also be a useful tool for training interpreters and translators of any specialty The book can be used both for self study and in class Having studied with this book interpreters will be as ready for interpreting work in the field as it is possible to become while studying in class

Bilingual Health Communication Elaine Hsieh, 2016-02-05 Winner of the NCA Health Communication 2021 Distinguished Book Award This book examines interpreter mediated medical encounters and focuses primarily on the phenomenon of bilingual health care It highlights the interactive and coordinated nature of interpreter mediated interactions Elaine Hsieh has put together over 15 hours of interpreter mediated medical encounters interview data with 26 interpreters from 17 different cultures languages 39 health care providers from 5 clinical specialties and surveys of 293 providers from 5 clinical specialties The depth and richness of the data allows for the presentation of a theoretical framework that is not restricted by language combination or clinical contexts This will be the first book of its kind that includes not only interpreters perspectives but also the needs and perspectives of providers from various clinical specialties *Bilingual Health Communication* presents an opportunity to lay out a new theoretical framework related to bilingual health care and connects the latest findings from multiple disciplines This volume presents future research directions that promise development for both theory and practice in the field

Working with Interpreters and Translators Henriette W. Langdon, Terry Irvine Saenz, 2015-10-15 *Working with Interpreters and Translators* A Guide for Speech Language Pathologists and Audiologists offers state of the art procedures to conduct interviews assessments and conferences with students with limited English language proficiency and their families As no research base is available in the field of communicative disorders on this specific topic the information presented in this guide is supported by a critical review of the literature on best practices in interpreting for international conferences and legal and medical fields Furthermore the authors experience working with language interpreters and training professionals as well as graduate students in communicative disorders makes this a very valuable resource for professionals interpreters translators as well as undergraduate and graduate students Federal and state laws specify that if necessary English language learners ELL need to be assessed in their native language when referred for possible special education The number of ELL students attending public schools across the nation has increased in the past few decades There are not enough speech language pathologists SLPs or audiologists who are proficient in the various languages spoken by ELL students even in Spanish the most common language spoken by ELL students in the United States The next best solution is to conduct assessments in collaboration with a trained interpreter translator Key features include Information and references for the most common languages spoken by ELL students Discussion of culturally based variables that need to be considered in the process of interviewing and working with linguistically and culturally diverse populations Description of the roles and responsibilities for individuals who will be collaborating as interpreters and translators with SLPs and audiologists in various contexts such as interviews assessments and various meetings such as IEPs

and IFSPs as well as suggestions on training individuals in this collaborative process Review of best practices in speech language and audiological assessments both with and without materials in the given language Disclaimer Please note that ancillary content such documents audio and video may not be included as published in the original print version of this book Working with Interpreters and Translators A Guide for Speech Language Pathologists and Audiologists is a must have reference for anyone working with ELL students Although the process was developed with the pediatric population in mind much of this information can be applied to older culturally and linguistically diverse populations in need of speech language and or hearing services It will also be useful to professionals working with language interpreters in allied health professions in other countries The Health Care Professional's Guide to Cultural Competence - E-Book Rani Hajela
