

Airline Flight Attendant Career-Training

If selected for initial flight attendant training, what to expect, pay, training, roommates, exams each day.

Early is on time. On time is late. Late is unacceptable. Remember this every day during training. Remember this at anytime while on duty during your airline flight attendant career.

During initial flight attendant training, the material will cover between 150-200 different topics. Yes, it is a lot to learn! But you can do it!!

Before you arrive to attend the initial flight attendant training, the airline may send you a "Welcome Packet", or "Study Packet". Be sure to read all the information. Before I attended initial flight attendant training with Comair, and Chautauque Airlines, each airline sent me a "Study Packet".

This packet, had information on our accommodations during training, dress code, conduct policy, and a study guide. The study guide included over 100 airport/city codes (ATL-Atlanta, CVG-Cincinnati/Northern Kentucky International Airport, YYZ-Toronto, etc.....)

The study guide mentioned, during the first day of class, an exam would be given, on airport/city codes. So, I made sure I studied and memorized all the airport/city codes.

If you are invited to attend flight attendant training, you may be away from home for a month, or longer. Most airlines will pay for your flight to/from training. However, if you live close enough to drive to the training location, I highly recommend driving your car to training. This will allow you to take time away from training (and even from your roommate(s)). The training is intense. You will need to find ways to relax and reduce the stress. While I attended flight attendant training with Comair, I lived 90 minutes away from the training location. So, I was able to be home in my own bed each night.

Air Crash Investigations Allistair Fitzgerald,2009-11 On January 31 2000 Alaska Airlines Flight 261 a McDonnell Douglas MD 83 was on its way from Puerto Vallarta Mexico to Seattle Washington when suddenly the horizontal stabilizer of the plane jammed While passengers were praying for their life Captain Thompson and First officer Tansky tried to make an emergency landing in Los Angeles They did not make it the plane suddenly crashed into the Pacific Ocean killing all 93 people aboard The NTSB concluded that the failure of the horizontal stabilizer was caused by insufficient maintenance In other words the crash of Alaska Airlines Flight 261 could have been avoided

Competency-Based Education in Aviation Suzanne K. Kearns,Timothy J. Mavin,Steven Hodge,2017-05-15 Whether a trainee is studying air traffic control piloting maintenance engineering or cabin crew they must complete a set number of training hours before being licensed or certified The aviation industry is moving away from an hours based to a competency based training system Within this approach training is complete when a learner can demonstrate competent performance Training based on competency is an increasingly popular approach in aviation It allows for an alternate means of compliance with international regulations which can result in shorter and more efficient training programs However there are also challenges with a competency based approach The definition of competency based education can be confusing training can be reductionist and artificially simplistic professional interpretation of written competencies can vary between individuals and this approach can have a high administrative and regulatory burden Competency Based Education in Aviation Exploring Alternate Training Pathways explores this approach to training in great detail considering the four aviation professional groups of air traffic control pilots maintenance engineers and cabin crew Aviation training experts were interviewed and have contributed professional insights along with personal stories and anecdotes associated with competency based approaches in their fields Research based and practical strategies for the effective creation delivery and assessment of competency based education are described in detail
