T. de V. Souza Ph.D., 2016-08-12 Cultural differences pose certain complexities to the work of medical interpreters They face unique and sometimes conflicting demands from healthcare providers culturally diverse patients and their healthcare

organizations It is important for this topic to be explored from the professional interpreters perspective as they are the ultimate experts of their own practice Their accounts point to the fact that intercultural mediation is an integral and important part of their work and that the vast majority of interpreters worldwide is practicing it competently and responsibly Intercultural Mediation in Healthcare showcases the results of an international doctoral study exploring the perspectives of 458 interpreter practitioners from 25 different countries The book reveals the intricacies of how interpreters are bridging cultural gaps between providers and patients with data compiled and cross referenced from four different sources Academic research and published standards of practice for the profession were reviewed and analyzed Interpreters were ultimately given a voice to describe this important component of their work According to medical interpreters they play a significant role in intercultural communication mediation a role that goes well beyond being a linguistic conduit A deeper understanding of what intercultural mediation is and what it isnt is essential not only to interpreters but also to other related stakeholders educators researchers administrators and policy makers or anyone who wishes to better understand where interpreters fit in the provision of culturally and linguistically appropriate services

Language assessment in multilingual settings:

Innovative practices across formal and informal environments Eva Rodríguez González, Rosita L. Rivera, 2022-12-05 This volume explores and addresses questions related to equitable access for assessment It seeks to initiate a conversation among scholars about inclusive practices in language assessments Whether the student is a second language learner a heritage language learner a multilingual language speaker a community member the authors in the present volume provide examples of assessment that do not follow a single universal or standardized design but an applicable one based on the needs and context of a given community The contributors in this volume are scholars from different disciplines and contexts in Higher Education They have created and proposed multiple lower stakes assignments and accommodated learning by being flexible and open without assuming that learners know how to do specific tasks Each chapter provides different examples on Justice Equity Diversity and Inclusion JEDI assessment practices based on observation examination and integrative notions of diverse language scenarios It may be of interest to researchers and practitioners in the fields of curriculum and instruction language learning and applied linguistics as well as those in the field of language teaching in general Thus this volume broadens the scope of research in the area of multilingual assessment
