Lancereaux, 2016-12-21 Excerpt from A Treatise on Syphilis Vol 2 of 2 Historical and Practical It is at this same moment or at least in this same period that Turck observed the existence of more or less numerous ulcerations which had their favourite seat and most marked characters upon the epiglottis When at all persistent these ulcerations show a tendency to extend in depth and end by perforating the epiglottis completely All round the ulcers or even upon the whole remaining portion of the epiglottis the mucous membrane is injected and generally pre sents considerable tumefaction which may continue after cicatrisation About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works

Syphilis (Classic Reprint) J. Hutchinson, 2018-01-03 Excerpt from Syphilis Noch einige W orte uber die Art und Weise wie ich das Original wiedergab Dasselbe ist in allen wesentlichen Punliten vollstandig erhalten geblieben Es ware meiner Meinung nach verkehrt gewesen hatte ich in dem Streben selbstandige Ideen an den Tag legen zu konnen den Verfasser korrigieren wollen selbst da Wo ich anderer Meinung war habe ich dies nicht gethan Der deutsche Leser soll den Autor finden wie im eng lischen Text Allerdings liess sich dies in ange nehmer Weise nur dann erreichen wenn ich mich frei bewegen durfte Wollte man den Satzbau oder das Gefuge der Gedanken oder die Nomenklatur lassen wie im Original so wurde dies den Leser sonderbar anmuten die zwei Sprachen sind eben doch zu verschiedenartig Darum wird auch derjenige welcher etwa beide Texte miteinander ver gleichen wollte bei vielen Stellen sich zunachst nicht sofort orientieren konnen

Der Sinn durfte aber bei alledem nicht im geringsten gestört werden. Dies war mein Prinzip bei der Arbeit und von ihm bin ich nicht abgewichen, wenn es auch zuweilen Mühe genug gekostet hat, die Metamorphose wirklich zu erreichen. Wo dieselbe noch nicht recht gegliedert ist, möge man mich nachsichtsvoll entschuldigen.

Excerpt from *Traitement de la Syphilis*: On peut également dans une certaine mesure prévenir chez ces malades les accidents buccaux en exagérant si je puis dire les soins ordinaires de la bouche: qu'il est de règle de prescrire chez tous les syphilitiques soumis au traitement mercuriel. Ces soins consistent dans des lavages fréquents de la bouche avec une solution saturée de chlorate de potasse; dans des attouchements des gencives avec la teinture d'iode; dans le brossage fréquent des dents avec une poudre dentifrice à base de chlorate de potasse, dont je donnerai la formule plus loin. Telles sont les précautions indispensables à prendre lorsqu'on prescrit le traitement mercuriel. Voyons maintenant quelles préparations il faut choisir de préférence.

Syphilis Et Tuberculose (Classic Reprint) Émile Sergent, 2018-02-18

Excerpt from *Syphilis Et Tuberculose*: Si le médecin doit être par définition tymologique, un guérisseur, il faut qu'il soit un guérisseur avisé, prouvé, au moins des dangers qu'il peut viter et du mal qu'il peut faire. Primo, non nocere, ternelle vérité qui contient implicitement le secret de notre art: savoir ce qu'il ne faut pas faire, c'est souvent savoir ce qu'il faut faire; c'est toujours savoir quelle est la nature du mal combattre, c'est avoir fait le diagnostic. Et n'est-ce pas nuire au malade syphilitique que ne pas reconnaître par un diagnostic sûr l'indication d'une thérapeutique hors de laquelle il n'est pour lui de guérison possible?
