Making School Maths Engaging Anne Prescott, Mary Coupland, Marco Angelini, Sandra Schuck, 2020-10-19. This book provides an account of a large scale national STEM initiative in Australia, the Maths Inside Project, which is designed to increase secondary school students' engagement and participation in mathematics. The project's modules include videos illustrating how scientists use mathematics to find solutions to real world problems, as well as themed activities linked to the school curriculum for mathematics. Outlining the current debates concerning mathematics education in Australia and beyond, the book describes the development and implementation of the modules to guide their use by teachers in year 8 12 Australian mathematics classrooms. It concludes with a discussion of the research showing how the project increased student engagement. The book discusses the partners involved in the project, including scientists, a national mathematics teachers association, and the authors' university. It also offers insights into how to embark on pedagogical improvement through collaboration between individual institutional stakeholders. Providing details of the modules to enable teachers and teacher educators to help their students better understand and utilise the curriculum resources of Maths Inside, the book is a useful resource for educators around the globe wanting to make mathematics engaging, topical, and relevant for secondary school students.

Study Guide to AFCAT 2020 (Air Force Common Admission Test) 6th Edition Disha Experts, **A-Z of Learning Outside the Classroom** Russell Grigg, Helen Lewis, 2016-04-07. Learning outside the classroom has been high on the political agenda for several years now, but recent Ofsted reports indicate that this can be confined to termly or yearly trips as an extra. This book provides a convincing and readable promotion of regular outdoor learning. It draws on relevant research to reinforce that working in real environments benefits children's all round development: cognitively, emotionally, physically, and spiritually. This is illustrated through a wide range of engaging activities, from how to make a scarecrow to interpreting a painting in a gallery, from getting the best from a library visit to how best to attack a medieval castle. This practical guide for busy teachers will help them to link what they do in and out of the class. It's a must for every staffroom bookshelf.
