Yellow Peril An Archive Of Anti Asian Fear:

Yellow Peril! John Kuo Wei Tchen, Dylan Yeats, 2014-02-11 From invading hordes to enemy agents a great fear haunts the West The yellow peril is one of the oldest and most pervasive racist ideas in Western culture dating back to the birth of European colonialism during the Enlightenment Yet while Fu Manchu looks almost quaint today the prejudices that gave him life persist in modern culture Yellow Peril is the first comprehensive repository of anti Asian images and writing and it surveys the extent of this iniquitous form of paranoia Written by two dedicated scholars and replete with paintings photographs and images drawn from pulp novels posters comics theatrical productions movies propagandistic and pseudo scholarly literature and a varied world of pop culture ephemera this is both a unique and fascinating archive and a modern analysis of this crucial historical formation **The Cambridge Companion to Asian American Literature** Crystal Parikh, Daniel Y. Kim, 2015-08-20 This Companion surveys Asian American literature from the nineteenth century to the present day Ornamentation Anne Anlin Cheng, 2019 Ornamentation offers one of the first sustained and original theories of Asiatic femininity Examining ornamentality in lieu of Orientalism as a way to understand the representation circulation and ontology of Asiatic femininity this study extends our vocabulary about the woman of color beyond the usual platitudes about objectification Asian America Cathy J. Schlund-Vials, Kevin Scott Wong, Jason Oliver Chang, 2017-01-01 An essential collection that brings together the core primary texts of the Asian American experience in one volume An essential volume for the growing academic discipline of Asian American studies this collection of core primary texts draws from a wide range of fields from law to visual culture to politics covering key historical and cultural developments that enable students to engage directly with the Asian American experience over the past century The primary sources organized around keywords often concern multiple hemispheres and movements making this compendium valuable for a number of historical ethnic and cultural study undergraduate programs *Britain's Imperial Retreat from China, 1900-1931* Phoebe Chow, 2016-07-15 Britain's relationship with China in the nineteenth and early twentieth century is often viewed in terms of gunboat diplomacy unequal treaties and the unrelenting pursuit of Britain's own commercial interests This book however based on extensive original research demonstrates that in Britain after the First World War a combination of liberal Labour party pacifist missionary and some business opinion began to argue for imperial retreat from China and that this movement gathered sufficient momentum for a sympathetic attitude to Chinese demands becoming official Foreign Office policy in 1926 The book considers the various strands of this movement relates developments in Britain to the changing situation in China especially the rise of nationalism and the Guomindang and argues that contrary to what many people think the reassertion of China's national rights was begun successfully in this period rather than after the Communist takeover in 1949 *Zombies* Roger Luckhurst, 2015-09-15 Add a gurgling moan with the sound of dragging feet and a smell of decay and what do you get Better not find out The zombie has roamed with dead eyed menace from its beginnings in obscure folklore and superstition to global

status today the star of films such as 28 Days Later World War Z and the outrageously successful comic book TV series and video game The Walking Dead In this brain gripping history Roger Luckhurst traces the permutations of the zombie through our culture and imaginations examining the undead s ability to remain defiantly alive Luckhurst follows a trail that leads from the nineteenth century Caribbean through American pulp fiction of the 1920s to the middle of the twentieth century when zombies swarmed comic books and movie screens From there he follows the zombie around the world tracing the vectors of its infectious global spread from France to Australia Brazil to Japan Stitching together materials from anthropology folklore travel writings colonial histories popular literature and cinema medical history and cultural theory Zombies is the definitive short introduction to these restless pulp monsters [Faulkner and History](#) Jay Watson,James G.
