You Are Holy Lead Sheet:

The Rebirth of Music LaMar Boschman, 2011-07-28 Your music can be filled with the presence and power of the Holy Spirit The Rebirth of Music is quickly becoming a classic in its presentation of the Bible's major emphasis on music You will discover why music is mentioned 989 times in the Scriptures and why God places such a major priority on it Some of the topics include Music Where does it come from Music and Satan Which music is of God Music in Heaven What will it be like Music in warfare and in healing I highly recommend The Rebirth of Music to anyone involved in music ministry or anyone who simply wants to better understand music's role in our lives according to Scripture Phil Driscoll

Formula in Greek and Latin Inscriptions Juraj Franek, Daniela Urbanová, Ulrike Ehmig, 2025-03-31 The edited volume presents the first comprehensive corpus of performative adjuration formulae collated from Greek and Latin epigraphical sources. The original texts for the most part artefacts connected with magico religious beliefs and practices of their users are all translated into English and accompanied by a philological and socio religious commentary. The international team of three specialists adopts a synoptic approach that tracks various classes of epigraphic documents to analyse permutations and developments in the syntactic structure of the adjuration formula and its pragmatic function. This major study of the adjuration formula in Antiquity and its continued tradition in the Middle Ages will be of interest not only to the scholars of these linguistic traditions but also to researchers working in the fields of Religious Studies, Ancient History, Theology and Archaeology.

Textual Amulets from Antiquity to Early Modern Times Christoffer Theis, Paolo Vitellozzi, 2022-10-20 Comparing amulets over time and space, this volume focuses on the function of written words on these fascinating artefacts. Ranging from Roman Egypt to the Middle Ages and the Modern period, this book provides an overview on these artefacts in the Mediterranean world and beyond, including Europe, Iran and Turkey. A deep analysis of the textuality of amulets provides comparative information on themes and structures of the religious traditions examined. A strong emphasis is placed on the material features of the amulets and their connections to ritual purposes. The textual content as well as other characteristics is examined systematically in order to establish patterns of influence and diffusion. The question of production, which includes the relationships that linked professional magicians, artists and craftsmen to their clientele, is also discussed, as well as the sacred and cultural economies involved.
