Love Untethered Vanessa May, 2022-11-25 Vanessa May gives a moving account of what she went through after the unexpected death of her son demonstrating that it's possible to survive such a shattering and traumatic loss even when that might feel impossible. By sharing her personal experience the author enables others who have gone through a similar loss to feel less isolated in their grief. She also provides advice on supporting physical, emotional, mental, and spiritual wellbeing using her experience not just as a bereaved mother but as a nutritional therapist, wellbeing coach, and now holistic grief coach. She offers the reader various tools for withstanding a devastating loss and for navigating a particularly challenging path. *Love Untethered* is about holding on to hope when it feels like there isn't any and about finding purpose as a means of surviving a devastating and life-changing bereavement.

Dreams That Can Save Your Life Larry Burk, Kathleen O'Keefe-Kanavos, 2018-04-17 An exploration of dreams as a spiritual source of healing and inner guidance for your health and well-being. 2018 Nautilus Silver Award. Shares stories confirmed by pathology reports from subjects in medical research projects whose dreams diagnosed illness and helped heal their lives. Explores medical studies and ongoing research on the diagnostic power of precognitive dreams including Dr Burk's own medical research. Includes an introduction to dream journaling and interpretation techniques. Your dreams can provide inner guidance filled with life-saving information. Since ancient Egypt and Greece people have relied on the art of dreaming to diagnose illness and get answers to personal life challenges. Now dreams are making a grand reappearance in the medical arena as recent scientific research and medical pathology reports validate the diagnostic abilities of precognitive dreams. Are we stepping back into the future as modern medical tests show dreams can be early warning signs of cancer and other diseases? Showcasing the important role of dreams and their power to detect and heal illness, Dr Larry Burk and Kathleen O'Keefe Kanavos share amazing research and true stories of physical and emotional healings triggered by dreams. The authors explore medical studies and ongoing research on the diagnostic power of precognitive dreams including Dr Burk's own research on dreams that come true and can be medically validated. They share detailed stories all confirmed by pathology reports from subjects in medical research projects whose dreams diagnosed illness and helped heal their lives, including Kathleen's own story as a three-time breast cancer survivor whose dreams diagnosed her cancer even when it was missed by her doctors. Alongside these stories of survival and faith, the authors also include an introduction to dream journaling and interpretation allowing the reader to develop trust in their dreams as a spiritual source of healing and inner guidance.

If Only I Had Known Aviva Mayers, 2019-08-13 Aviva Mayers was diagnosed with breast cancer in 2008. Like millions of women throughout the world, she initially agreed to a conventional treatment out of fear and confusion. But she began to question

those choices as the treatment progressed Following her treatment she took herself on a journey to learn about gentler less invasive treatments outside of conventional medicine Aviva attributes her current state of good health to the integrative and alternative paths she ultimately followed This is a book about options options for treatment management and prevention of breast cancer outside of mainstream medicine It is the result of the journey that Aviva took back to health and many of her choices outside of mainstream medicine are discussed here The book includes interviews with patients who followed a path to recovery much of which they attribute to alternative treatments And it includes interviews with a range of health care practitioners working with patients with breast or other cancers The professionals share their thoughts on mainstream treatments discuss integrative and alternative interventions that can help with recovery and in some cases even replace conventional treatments The book also offers advice on how to prevent breast cancer in the first place or how to avoid a recurrence If Only I Had Known is essential reading for anyone diagnosed with breast cancer It provides a unique perspective on treatments that your doctor may not tell you about Knowing about these options could improve your life both physically and psychologically The information contained here is also relevant to people suffering from other cancers since many of the same inflammatory processes may contribute to their cancers
