

Supplier Guide - The Tender Process

Procurement is the process of acquiring goods, works and services, covering both acquisitions from third parties and from in-house providers. The process spans the whole life-cycle from identification of need, through to end of a services contract or the end of the useful life of an asset.

ECC Procurement Processes

Purchase Card (PCard)

For purchases falling below £2000 in total value we will normally use our organisations approved credit card as this is more cost-effective and efficient for such low value one-off purchases.

Quotations

For low value or low risk contracts below £50,000 in total value, we typically go out to quote to at least three suppliers using our database of registered suppliers on the ECC Supplier Portal. Our policy aims to ensure that at least one of these suppliers has its headquarters in Essex. Any supplier can register for free on the Supplier Portal at <http://ecc.supplier.anba.com> and there is a 'Fit to Supply' Checklist to help suppliers prepare to bid for work with ECC on our 'Supplying the Council' web page. <http://www.essex.gov.uk/Business-Partners/Supplying-Council/Pages/Essex-Procurement-Guidance-Documents.aspx>

Sourcing suppliers

Our eSourcing tool is the usual method used to conduct tender processes from pre-qualification and tender stage through to contract award and implementation. An Invitation to Tender (ITT) is a formal request for suppliers to provide written offers to contract goods or services at a specified cost or rate and quality.

EU Procedure and OJEU Thresholds

Public Sector procurement activity is governed by European Procurement Directives where certain types of goods and services require specified tender procedures and time limits which are prescribed by law. A guide to the European Union (EU) procurement rules can be found on our 'Supplying the Council' webpage. <http://www.essex.gov.uk/Business-Partners/Supplying-Council/Pages/Essex-Procurement-Guidance-Documents.aspx>

The EU procedure is required when the total value of a relevant contract exceeds the thresholds set by the EU. It requires the contract to be advertised in the Official Journal of the European Union (OJEU). These contract values are updated every two years. See the guidance document on our 'Supplying the Council' web page for the current values.

ECC Tender Contract Procedure Rules

ECC typically follow the procedures detailed below which are based on the level of risk and total value of a contract.

Risk	Value Range	Typical Procedure
LOW RISK	<£2000	Government Purchase Card (PCard)
LOW RISK	£2000 - £50,000	(At least) Three Quotes
MEDIUM RISK	£50,001 – OJEU threshold	Basic Tender with advertisement
HIGH RISK	>OJEU threshold - £10 million	EU Procedure
VERY HIGH RISK	>£10 million	EU Procedure
