Lukac,1978 *The Real History of Earth* Sal Rachele,2020-01-07 Welcome to the Real History of Earth You will not find this material in your high school or college history classes In fact the so called powers that be who appear to control the educational process on this planet definitely DO NOT want you to have this information It is said that knowledge is power The purpose of this book is to empower you to live an awakened life full of creativity and compassion Knowing how and why things are the way they are on Earth gives each of us the power to make effective changes both within ourselves and the world If you are a physicist biologist archaeologist anthropologist or economist this material will likely challenge your deepest and most cherished ideas of reality Due to the world of the Internet the ideas presented herein can be researched and investigated thoroughly and the author encourages you to do so This book explores several deep questions that have plagued humanity since time began including such timeless classics as Why is there so much suffering on Earth and How do we break out of our self imposed prison of negative thoughts and beliefs We will also answer the question of how we came to be on this small planet at the edge of a rather average galaxy

with our racial and ethnic mix languages and cultural habits Also we will tread on some sacred cows including the belief that humanity evolved from the ape and the idea that this is the most advanced civilization that has existed on Earth both incorrect assumptions We urge you to keep an open mind while reading this book Do not blindly accept or reject anything that is being said Unless a mind is open there is no way to attain greater knowledge and wisdom Have you ever tried pouring liquid into a closed container So dear readers fasten your seat belt and open the book for a wonderful ride *Empowering Your Soul* Glensy-Kay,2012-11-13 We are on a fascinating journey of life of living and of learning to create for ourselves the life we always wanted a life that fits neatly around the health wealth and happiness that most of us have always been striving for Why havent we been able to create this life What has prevented us from having this mythical health wealth and happiness Some have it and then lose it or throw it away So often we either cant create it or we lose it because we have had absolutely no idea of how the energies of life work This is what this book is all about helping you to understand how life works and in that place you can then create your dreams You become empowered to make better choices Not everyone comprehends the very basic foundation of life that we do create the reality in which we live When you read this book you will understand just how important this is It is a valuable read for all those seeking answers to the meaning of life We need this information to enable us to better understand and live in the new future we are in the process of creating **The Gift of the Unicorns** Almine,2009-05 In their own words these beings the unicorns and Pegasus reveal where they went the purpose of their golden shoes and the sacred mission they undertook for the Mother of All Creation *Popular Astronomy* ,1898
