Edited by John McKinnon

Towards Prescribing Practice Towards Prescribing Practice

Sebastian Brünink

Towards Prescribing Practice Towards Prescribing Practice:

Towards Prescribing Practice John McKinnon, 2007-04-09 The variety and number of non medical practitioners identified for prescribing activity is growing rapidly Across the country universities have validated prescribing programmes designed for generic health care practice with a distance learning component Towards Prescribing Practice offers readers a comprehensive guide to the principles and practice of prescribing The subject matter relates to the government content standards for study programmes and takes its cue from recent research in prescribing and patient care in practice This book embraces the perennial core principles of prescribing practice management and leadership Content is organised to facilitate progressive learning with space allocated in each chapter to practice application through discussion and exercises The early inclusion of a section on patient centred planning and concordance enables the reader to assimilate new knowledge within an individualised care approach The final three chapters are written from different clinical perspectives mental health palliative care and emergency care providing assistance to specific areas of prescribing practice Law and Ethics for Paramedics

Georgette Eaton, 2023-12-12 In order to tackle ethical and legal intricacies with confidence it is paramount that paramedics acquire firm understanding and knowledge as a foundation for their practice This essential guide equips you with the expertise needed to adeptly navigate these complexities enabling you to address them with assurance when they arise With contributions from experienced paramedic authors each chapter skilfully amalgamates the crucial principles of ethical thinking and UK law This expanded third edition has also been meticulously updated with the latest case law and legislative changes It presents revised ethical considerations providing valuable insights to enhance your day to day practice and empower you to make sound judgements while real world examples ensure relevance and applicability to your professional journey With this book at your side you will be able to successfully navigate the legal and ethical landscape you are faced with helping you make a positive impact to patient care and reinforcing your commitment to professional excellence Key features Brand new content on applied ethics the role of the coroner s court in England and Wales and patients refusal of blood products Robustly evidence based with updated case law throughout Clear explanations of complex topics such as mental capacity mental health medical treatment of children and organ donation Case studies to help you apply your knowledge to the real world Aligned to the Health and Care Professions Council s standards of proficiency for paramedics to give you the confidence you need to deliver safe and professional patient care *The Advanced Practice Registered Nurse as a Prescriber*

Marie Annette Brown, Louise Kaplan, 2012-02-28 A new era of opportunity is emerging for advanced practice registered nurses APRNs to increasingly address gaps in access to quality healthcare APRNs must be prepared to practice to the full scope of their education and abilities As more and more states pass legislation enhancing prescriptive authority and fully autonomous practice for APRNs a comprehensive resource on prescribing practices is needed The increasing demands of today s fast paced healthcare environment require a new level of prescriber expertise Knowledge about medication

characteristics and effectiveness must be accompanied by an understanding of the context and process of prescribing The Advanced Practice Registered Nurse as a Prescriber provides practicing APRNs and students with the information necessary to make fully informed rational and ethical decisions as prescribers This book opens with an overview of the role of the APRN prescriber and moves on to discussing practical issues such as managing difficult patient situations special considerations when prescribing controlled substances the influence of pharmaceutical marketing state regulation and legal aspects of prescribing The book also examines barriers to prescribing and the concluding chapter underscores key information to build cultural competence when prescribing An evidence based resource for all APRNs and APRN students The Advanced Practice Registered Nurse as a Prescriber provides a comprehensive and practical resource essential for APRNs in all advanced practice roles
